FLICKER'S CREEK

Lancaster City has just started a big "own your home" campaign, which is indeed a very wise move and there is no good reason why the same can't be done here. There are a number of good houses for sale in this section, I am listing additional ones daily and will cheerfully give home-seekers whatever assistance I can in reference to financing their proposition. If you know of a home you would like to own, call, phone or write and I will be "johnny on the spot." Jno. E. Schroll, Mt. Joy, Pa.

Mount Joy Men Are Wounded

(Continued from page 1) to be. I led the way and Dick followed. We came to a turn in the road and here a machine gun was looking us directly in the face; but it was disabled. It was becoming dark. I looked up and started to run when I discovered troops lying down on the ground. When the word "Halt" came I knew we were safe as they were our troops. They were with them. The reason I ran, I thought they were Boches; and am not going to tell you how I was taken prisoner. I then hopped down to a dressing station. I was then taken to the hospital. They take the greatest care of you here. I expect to be out again, in about eight weeks; as I have only a muscle wound in the left thigh just below the hip. It pains me very little. I'm walking on it, as I don't want it to get stiff. Your husband, A. Miller, P. S.—Have transferred to Infantry again, as you see. Had charge of the platoon, as the Lieutenant was killed.

Letter From Walter Mease

Dear "Pal" I hardly know what to write, but a few lines are better than none at all. I have been looking my eyes out for a letter from you. What's wrong, you must be very busy that you can't write. I hadn't very much time to write myself, as I was busy hiking all over France, but now I have lots of time to write. I heard you were in the hospital. I was wounded in that big drive made on the city of Metz. I presume you read about it. I guess the papers praise you for what you are doing over here. I happened to get a look at a Mexican paper the other day, which was very interesting. I will say what you read in the papers is true, in other words we are knocking the devil out of the boche. Believe me Sherman was right when he said war was hell. Well Ellwood I experienced that here, you feel funny at first but you get used to it and you go right thru things; it's like foot ball the fastest man wins. Ellwood how is every body in good old Mount Joy? How is your wife and son Asher, and our friend Ben, the fighting king of the town, also Christ. Remember me to all of them. How is business and every other little thing. I will close hoping this will reach you and your family in the best of health. I remain your old "Pal." Walter Mease, Co. H. 11th Inf., American E. Run-Down People Vinol is What You Need

Weak, run-down nervous men and women need Vinol because it contains the most famous reconstructive tonics in an agreeable and easily digested form:—Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates. We guarantee there is no tonic equal to Vinol. HERE IS PROOF Detroit, Mich. "I got into a weak, run-down condition, no appetite, tired all the time and had to keep my head on my shoulders. I read about Vinol and tried it—within two weeks I commenced to improve, and my nervousness has gone, so I can do my work as well as ever. Every run-down woman should take Vinol."—Mrs. Emma Britt. Tezakana, Texas. "I keep house and I was weak, run-down and nervous, back ached a good deal of the time, it was hard to take care of my chickens and do my work—Vinol has restored my strength, and my nervousness has gone, so I can do my work as well as ever. Every run-down woman should take Vinol."—Mrs. Emma Britt. Vinol creates strength. W. D. CHANDLER & CO. DRUGGISTS AND DRUGGISTS EVERYWHERE

(Continued from page 1) as the bonds were mentioned the door hastily swung shut in the faces of the party outside. The abrupt dismissal of the party was the one for immediate action. From every machine sprung men armed with brushes and buckets of red and white paint. Within fifteen minutes the word "SLACKER" was painted all over the Boll house and barn, some of the words being in letters two feet high and corresponding in broad. The porches, screen doors, sidewalks, outbuildings, in fact, everything that could bear a stroke of paint was decorated. It is stated that the word "SLACKER" now appears on the premises at least 200 times, the white paint showing up particularly conspicuous on the dark background of the building. In addition to the artistry American flags were placed on the top of the house and the barn, and the injunction that they should not be removed. After complying their labors here the party went to the residence of Hiram Fahnstock, who is also reported as having refused to buy bonds, and here the painting process was gone through again, only in this case the red paint being used more lavishly. On Sunday Fahnstock got busy and removed the greater part of the "SLACKER" decorations. Sixty hundreds of motorists passed the Boll residence and viewed the

work of the bond sellers, but the occupants of the house kept indoors. One of the party stated to-day that if some other persons in the same vicinity do not either buy or give assurances of the intention of buying within twenty-four hours more painting will be done as a programme has been mapped out and will be carried into effect. At the opening of the school term last fall, Rev. John Boll took his son aged sixteen out of school, because the teacher, Miss Maher, insisted that all the scholars join in the exercise of saluting the flag. The people were also aggravated when Rev. Boll insisted upon running his auto on gasless Sunday. Sincere Gratitude Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me." Oct. 2-5t. At About Half Price Some one is going to get a cheap home in Mount Joy and that cheap one may as well be you. "Spokes"—and the Swift "Wheel" What would you consumers think of a wheel without spokes? What would you think of a man who would take any or all of the spokes out of a wheel to make it run better? Swift & Company's business of getting fresh meat to you is a wheel, of which the packing plant is only the hub. Retail dealers are the rim—and Swift & Company Branch Houses are the spokes. The hub wouldn't do the wheel much good and you wouldn't have much use for hub or rim if it weren't for the spokes that fit them all together to make a wheel of it. Swift & Company Branch Houses are placed, after thorough investigation, in centers where they can be successfully operated and do the most good for the most people at the least possible cost. Each "spoke" is in charge of a man who knows that he is there to keep you supplied at all times with meat, sweet and fresh; and who knows that if he doesn't do it, his competitor will. How much good would the hub and the rim of the Swift "wheel" do you if the spokes were done away with? Keep Your Pledge Make Good for Our Fighting Men BUY WAR-SAVINGS STAMPS Swift & Company, U. S.
