THE BIBLE CONFERENCE WILL BE HELD HERE

The monthly Interdenominational Bible Conference will be held in the Church of God in this place, next Wednesday and Thursday, November 27 and 28. The teacher will be Pastor George L. Alrich, of South Bethlehem, Pa.

Rev. Geo. L. Alrich.

The sessions will be held at 2:30 on Wednesday and at 8:30. The evening session will be held at that time so that those who attend their mid-week prayer service can attend the conference. On Thursday the conference will be held at 2:30 and 7:30. The subjects that will be discussed will be "In Christ," "Knowing His Will," "Our Redeemer" and "The Church." All are welcome.

THAT OTHER ARMY

Not only America, but all the world is singing the praises of the Yanks. They have had their baptism of fire and have nobly stood the test. They have carried the fight to the enemy with a dash and vim that has been irresistible. They have vanquished the best of the crack Prussian division set to stay their advance. They have upheld every tradition of American arms and have thrown a chill of apprehension into the very heart of the German hordes. They are winning their crosses every day.

But there is another army of which no American is proud, nor ever can be—that army of non-buyers of Liberty Bonds—that army of slackers!

In it are the pacifists, the dollar-pinchers and the pro-Germans, the cringing contemptibles of earth, and the smug, self-satisfied apostles of ease, content to let others serve.

This is the army that is fast getting beyond pardon.

Thank God you are not in it! Buy your Bonds and put a service star on your pocketbook.

FRONTIERS OF FREEDOM

Freedom's first seed was sown when the Pilgrim Fathers stepped ashore at Plymouth Rock more than a century ago. Prior to their sailing Liberty had been only a dream in the minds of men. Absolute despotism had ruled the world.

And little they dreamed of the harvest that would eventually come.

The first fruits came in the Declaration of Independence. The first real harvest was these United States of America, "of the people, for the people and by the people," dedicated to the rights and liberties of free men for all time.

And now the leaven of freedom is working half way round the world. Its frontiers are extending in every direction. Despotism is doomed. Liberty's day is dawning for the world at large.

sights a fellow sees up around the firing line but here is one case I can tell you of. That's why I am on this Hospital train. Myself and six other buddies were in a hole alongside the road trying to get away from the bursting shrapnel that Fritz was sending over to us, when all at once one bursted five feet from us and it was a gas shell (mustard). Well two of the fellows were wounded and carried away in litters and the rest of us were gassed, so here I am on the way to the Base hospital and I hope you will never have to come over here "Hobby" for it sure is H—

They say the other Mount Joy boys from Camp Meade are over here but I have not seen any of them, but I heard that they are in the 79th division.

Talk about crafty. They sure are crafty. They will hold their hands up and cry "Kamerad, Kamerad" and the same time work a machine gun with their foot so it is impossible to trust any of them.

I am not gassed very bad and hope to be over it very soon, so it is nothing to worry about.

Give my regards to the fellows at the office

By the way, I am on an American Red Cross train and it sure is fine. (Jake, as we call it). Good luck until I see you again which I hope will be soon.

"Robin."

An interesting letter from Corporal Herman Long, who is somewhere in France, to friends in Landisville, has been received. He tells of being in a woods when several German airplanes flew over their heads, and the rush for guns that followed among the American troops. The letter follows:

My Dear Folks at Home: Received your letter and was glad to hear from you all. If you don't hear from me, keep writing at any rate for I know some of the letters don't go through.

We're having beautiful weather, in fact it is typical September weather, just like we have in the states. I think the weather here is about the same as at home only we have more rain. I think winter will find us in a town where it is warm. Of course, you know as much about that as I do.

Six Boche planes just flew over the woods and believe me the rush for guns and anti-aircraft guns made it hot for them for a while, but they all got away, I am sorry to say. I've seen several fall and one of our amusements is to watch air battles.

Well, I just want you all to know I am well and happy.

Yours respectfully,
EARL.

Official notice from Washington, signed by Adjutant General Harris, has been received by Isaac McCauley, of Manheim, of the death of his son, Edward C., on October 18 in a French hospital from influenza. The young soldier, who was about twenty-nine years of age, was a member of the Quartermaster's Department. He was sent to a military camp in February and left for France in July. He was a member of the Evangelical church, the O. of I. A., P. O. S. of A. and I. O. O. F., all of Manheim. Besides his father, he is survived by two brothers, Charles of Manheim and Wilford, of Girard, Ohio.

Charles Schroll, of Rowenna, is dead in France from wounds received in action, according to a notification received by his mother, Mrs. Tillie Witmer, of Rowenna. Private Schroll was wounded in action in July, according to information reaching his mother, and had been confined in a base hospital in France from then until his death. He was twenty-five years of age, enlisted at York and had been overseas since January, 1918.

Stick Together Tobacco Growers

At the present state of the general business and cigar leaf trade conditions, I see no sufficient reasons why we should change our suggested prices for the 1918 tobacco crop.

With good cased goods selling at the following prices:

Tops at 45 to 60c.
Penn. B's at 35 to 42c.
Fillers at 24 to 30c.
Scrap at 12 to 16c.

There are no reasons in sight at the present time why the cigar leaf tobacco growers should become uneasy and sell their 1918 crops below the following suggested prices:

Wrappers (24 inch and up Top crops) not below 35c to 40c;
Wrappers (Properly matured Penn B. crops) not below 30c;
Fillers (Clean and nicely sized) not below 18c;
Scrap (Sound, clean and baled in paper) not below 10c.

With splendid prospects for an enormous export trade soon to follow, do not sell below the suggested prices before you call at my office, 46 North Market street, Lancaster, Pa., with a guaranteed sample of your crop.
