SGT. O. A. SPICKLER STILL IN FRANCE

COMPARES THE TRAINS OVER THERE WITH THE DINKIE TRAINS USED TO BUILD THE "CUT" THRU MT. JOY YEARS AGO

The following letter was received by Mr. and Mrs. Hiram Spickler, of this place, from their son Sergeant Oliver A. Spickler: Somewhere in France, Nov. 15, 1918, Dear Mother and Father: I am about two thousand miles from the place I was at when I wrote the last letter. Fine weather, a whole lot warmer and best of all I am quartered in a billet of house as they call it. I have a fine bed to sleep on with a real pillow on it and a comfort and plenty of blankets, two fire places, and a heater, and plenty of food and they are not so high priced.

The railroad we traveled on in box cars, twenty-three men to the car. The engines are something like the Dinkies they used when they built the cut through our home town, Mt. Joy. The cars are about twenty feet long with only four wheels, and they are very noisy. But I enjoyed the trip just the same. I saw some fine farms with large stone barns and houses. The fields are all level and nice. Some farms have large herds of cows. Oxen are used to do the work. They are very large, some will weigh as much as 1,000 pounds, nice and fat, all the same color, some are black, some are white, some are brown. They are very scarce although we see lots of donkeys.

The place we are in now has about 1,200 people. There is a church here, built in 1812. The church is in a house that is 1,600 years old. The people are very nice and polite. We certainly opened their eyes when we started to clean up. The lady that lived in the house that I am in came in the other day and said in French language, "American people are very clean." We cleaned the streets and things, they could not understand it. The Colonel of our regiment was found inspecting today and told me I had the cleanest place he saw. The Colonel is a very fine fellow, a West Pointer, and that the war is over as I believe he would have been made a Brigadier General and then we would have lost him. We certainly have a fine bunch of officers, one captain, two lieutenants, two sergeants.
