Forty-two reportable diseases were
brought to the attention of the Board
this year. In 1917 there were 11
There were 13 cases chicken pox, 11
measles, 6 mumps, 6 whooping cough,
3 erysipelas and 1 diphtheria.
While Spanish Influenza is not a
reportable disease under the rules of
the State Board of Health, there is
no question but that it is the worst
scourge that our town ever expe-
rienced. Counting the mild cases
as well as the severe ones Mount Joy
Borough must have had between 400
and 500 since October 1 and there
are still a few cases among us. Be-
sides the fatal cases in the town sev-
eral patients from here were taken
to Lancaster hospitals where they
died. Of course the fatal cases were
complicated with other diseases.
While influenza is not classed as a
regular reportable disease, during the
greater part of October the State
Board required daily reports of its
ravages to be made, and after the first
meeting of the local Board in October
daily informal meetings were held
and such actions taken as were
deemed necessary, of which your
body has already been advised.

The Borough made no appropria-
tion to the Board this year. A state-
ment of receipts and expenditures

Respectfully submitted,
M. M. LEIB,
Secretary.
The report of the Union National
Bank, treasurer, was as follows: Bal-
ance in the Borough account, \$851-
47; Balance in the Water account,
\$110.16; Balance in the Interest ac-
count, \$93.00. Upon motion \$300.00
was then transferred from the Bor-
ough account to the Water account.
The term of Dr. J. J. Newpher, as
a member of the local Board of
Health, expired December 31 and
Chairman Stauffer reappointed him
for a term of five years beginning
Jan. 1, 1919.

A unanimous vote of thanks was
then tendered Clerk R. Fellenbaum
for his eighteen years of faithful ser-
vices rendered the borough as clerk.
This was Mr. Fellenbaum's last meet-
ing and he will be succeeded by Mr.
Jacob H. Zeller.
All the bills were then paid and
Council adjourned.

More Letters From Abroad

(Continued from page 1)
another railroad station, boarded a
train there and rode until midnight,
then hiked from there to Brillion and
spent five days there, then leaving
by night in tanks going to some camp
not far from Verdun, from there we
hiked to a big woods, staying two
weeks in our dog tents, from there
we went to another woods, while
at this place a number of our boys
accompanied French tanks which we
had to follow until we got relieved
and again returned to our company.
We slept in our dog tents in a big
woods then marching into Ruhte, re-
maining there one day, then we hiked
to the St Miheal front, while there
was not much for us to do but we
held the lines for five days and nights
until another regiment relieved us,
and from there we marched to the
city of Verdun, remaining there un-
til the following night. We left Ver-
dun at 11 o'clock hiking to a big
woods again, resting till evening then
hiking to a front in the Verdun Cec-
ter. We stayed in dugouts for five
days in reserve and from there we
went over the top on a Monday morn-
ing this being the 4th of November. It
was pretty hot in the last front but
we did not care. The yanks do not
care for anything. We would throw
a big G. I. can over then we had to
lay low for a while. We advanced
after the Germans for 12 Kilometers
one afternoon. We were on the last
front about 3 weeks up until the Ar-
mistice went over. So that is all I
can tell you for this time. I would
like to tell you more but I am afraid
I can not tell you any more till I
come home. I expect to come home
before many months pass. Since we
are here in camp the Red Cross was
good to us. They gave us some hot
chocolate every night, cakes, cigar-
ettes and chewing gum. I suppose
there are a good many cases of that
Spanish Influenza in town. All the
town boys are in the best of health
at present. Aunt I read of a piece
in the paper of Lieut. Newpher being
killed. Is that true or not. Can not
believe it. So I will close for this
time. Wishing you a happy happy
Christmas day.

There is no other thing that adds so much to the comfort and saves
so much labor in the home as soft, white electric light.
The Genco farm lighting plants were designed for this purpose and
with them it is possible for every home to have this wonderful con-
venience.
The greatest obstacle to the sale of lighting plants in the past has
been the price. The price of the Genco however, is so reasonable that
the smallest household can afford one. Do not think because they are
electric you cannot afford a Genco. Their simplified design and greater
efficiency, together with the most up-to-date manufacturing facilities make
possible much lower costs, and consequently much lower selling prices.

Manufactured by the
GENERAL GAS-ELECTRIC CO., Hanover, Pa.
The only manufacturers of lighting plants
own engines, generators, and light fixtures.
