## "FINISHING 5TH"

Counties Make Early Start on Victory Loan Work.

With the Victory Liberty Loan drive ill several weeks distant many of the unties of the Third Federal Reserve district are splendidly organized and re prepared to make the "Finishing "ifth" the most enthusiastic campaign f the series.

One or more group meetings have been held by several of the Pennsylvaia county groups. At each meeting there has been an expression of confi-dence in the ability of the Loan organizations to put the Loan over. It is generally admitted that there is need of advance hustling to revive patriotic interest, but no one doubts that the public wili respond to the right kind of Loan appeal.

As evidence of the interest that is already being taken in the Loan and the work that has been begun, the following news paragraphs are noteworthy:

counties were represented at conference at Reading to formuate plans for the Victory Liberty Loan campaign. Daniel W. Kaercher, of Pottsville, representative of Group B of the State Advisory Committee, resided and urged a spirited drive. The counties in the group are Lebanon, Northampton, Lehigh, Northumberand, Schuylkill and Berks.

Campaign plans were outlined by E. McLain Watters, State chairman of ne Advisory committee. An interhange of speakers by the various rull.' ounties during the drive may be aranged. This is to introduce new arments. Publicity features were disissed, including spectacular flights by roplanes and a dirigible balloon, A tribution of German helmets, cartdges and also medals made of capured German cannon is planned. Own Your Home

Lancaster City has just started a big "own your home" campaign, which is indeed a very wise move and there is no good reason why the same can not be done here. There are a number of good houses for sale in this section, I am listing additional ones daily and will cheerfully give home-seekers whatever assistance I can in reference to financing their proposition.
