\$15,000 STOCK

of Clean Dependable, Well Selected Merchandise

At the season of the year when you need it. Going out of business in Mount Joy, yes and in a limited time we have to do it, on account of the building being used for another line of merchandise.

We said we expected a big week, well we had it and we appreciate the fact that the majority of our sales are made to patrons who come again and again.

A lot of new suits arrived that were bought for this store before we knew of selling out. They all go under the hammer with the rest of the line. Everything will be sold.

Buy your Straw Hat now. What we had on hand and all the the new line will be sold at greatly reduced prices.

This is the Store That Sells

Men's and Young Men's

SUITS A Firm Market SUITS

Some months ago it looked as though prices would really drop right along. They come back some, but today merchandise such as we are offering at big reductions is actually going higher. We say again buy what we have to offer for fall, you will surely save a nice sum. We have sold quite a lot of overcoats. While our overcoats were never priced with Lancaster prices at this closing out price it will save you from \$5 to \$10 on every coat.

SHOES—We again call attention to our large shoe stock, lots of the best makes at these reduced prices. You should buy your shoe needs for the next twelve month.

It's usually the case in sales of this kind that so many folks are sorry when its too late and then, see what a saving this really meant with such fine merchandise and prices looking up. We again say the more you buy the more you save. Thank you for your patronage.
