### PRAISE FOR WOMEN

"Our hats are off to the women; we recognize them as our superiors." This confession was made by Colonel L. J. Magill, chief of the Department of Features of the Philadelphia Victory Liberty Loan Organization, in conversation with some women workers.

Colonel Magill, who in directing the activities of a regiment of Marines has never relaxed from a stern military bearing, was all modesty and humility in facing these women who have proven themselves real soldiers in the Loan brigade.

"I must admit," he said, "that I ignored the women in my first calculations for this Victory Loan program. I had been used to thinking that only men could perform any accomplishments worth while. But in the brief time that I have been on this work, I have been confronted with such striking evidence of female industry and aggressiveness that I have experienced a right-about-face. From now on, the women are our bosses. They are closer to the people from whom the smaller Loan subscriptions are to be expected than are the men. They are impelled by a more earnest determination. They are full of ideas, and are always willing to give the time to bring their ideas to consummation. They are the back-bone of the entire organization, and will receive credit for the major part of the results secured."

### A SERVICE MEDAL

The Treasury Department of the United States government has made thousands of medals from captured German cannon and they will be awarded to persons who have performed unusual patriotic service in behalf of the various Liberty Loans.

In each district the local heads will decide upon the method in which the awards are to be made.

On one side is a representation of the Treasury Building at Washington, upborne by the wings of the American Eagle, and with the wording, "Victory Liberty Loan." On the other side are the words, "Awarded by the Treasury Department for Patriotic Service on Behalf of the Liberty Loans. Made from Captured German Cannon." There is a space for the name of the recipient.

### AN EXAMPLE

Devotion to the country of her adoption, as shown by a Philadelphia girl who ten years ago immigrated from Armenia, is held as an example to those who will be called upon to subscribe to the Victory Liberty Loan. This is what she wrote to the Victory Loan Committee: "Reading the newspaper tonight, I saw that you wanted help to help you of the Victory Liberty Loan. I am willing to help if you care to have an Armenian girl, age 18 years old. I have a brother over in France and I have a brother who also died for the Red, White and Blue. So I am willing to do anything for the soldier boys. Please let me know soon so that I may know when to stop work. For I will give up work just for this reason. I remain a Lonely Girl. "ROSE DADOORIAN."

**Bounty for Wild Animals** Under provision of a bill which went into effect on June 1, a bounty of \$8 will be paid for wild cats, \$1 for minks and \$2 each for foxes and weasels.

The bill provides that the skins of all animals for which a bounty is claimed must be sent by the claimant and to the office of the Board of Game Commissioners, at Harrisburg, just as they are now sent when the affidavit is made before a justice of the peace. The skin must not be mutilated and the accompanying affidavit must state clearly both when and where the animal has been killed.

Report comes from Northumberland county that the farmers there are getting started again to raise sheep with good results.
