LANDISVILLE CAMP BROUGHT TO CLOSE

Concluding Services of the Season Are Held on Wednesday Evening, Followed by the Customary Walk-Around

The Landisville Camp of 1919 is now a memory, but a most pleasant one. Every service Wednesday seemed to have a note of sadness, despite the fact that all were of a most inspiring character.

The communion service was the first reminder that the last day of camp was at hand. The service was most impressive and was well attended.

The Children's Meeting, in charge of Rev. Truax, was very well attended. This was the only meeting of the day where the spirit of the closing day was absent.

The Spreading of the Gospel, "was a most fitting thought for the final assembly. The lessons drawn will no doubt act as a reminder of the duties of everyday life, so that it was really in the nature of a continued lesson to be taken up at the next meeting of the children at the next campmeeting.

The Young People's Meeting was held at 6.30 o'clock, with Rev. Thompson in charge. The concluding number of the series on "God's Kingdom" was discussed, and was a most fitting climax to a most instructive and helpful series of talks.

At the closing services the largest audience of the week was present. Rev. Kingsley opened the services with a brief address. The success of the present session was discussed by the Spiritual Director in all its phases, and by the co-operation of all the departments in the work failure was proven to be impossible.

Rev. Truax, who followed Rev. Kingsley, set the audience in the proper frame of mind for a closing session of camp. Cheerfulness is the keynote of this speaker's theme and he seemed to radiate with happiness.

Rev. Hoffman compared his stay at camp with his student days at college. The first days of camp as his Freshman year, when all was new and strange; his Sophomore and Junior years, as to the period required in getting acquainted, and his Senior year, or his chief attainment to the fact that he had benefited by all his experiences, so that he could now be considered a full-fledged camper.

Rev. Thompson was the closing speaker. The vast audience seemed to lend every attention to this young man as his fervency of purpose seemed to grip all alike.

At the conclusion of this address, the "walk around Zion" was begun. Children with lanterns and grow-ups with candles, and all singing the old familiar Gospel songs, was a most inspiring sight. After the "walk around" the audience assembled in the tabernacle where farewells were spoken, the benediction pronounced, the sounding of "taps," and thus the Landisville Camp for 1919 was officially closed.

ONE AUTO FOR EVERY 20 PERSONS IN PENNA. The tremendous increase in the number of automobiles in Pennsylvania since August 1, 1914, is shown in a statement issued today by the Automobile Division of the Pennsylvania State Highway Department.

There were over four times as many pneumatic tired vehicles in Pennsylvania August 1, 1919, as there were August 1, 1914. There were six times as many solid tired vehicles August 1, 1919, as August 1, 1914.

The total receipts from all sources on August 1 for the last six years are proof conclusive of the great increase in the use of automotive vehicles in this State. The receipts August 1, 1914, from all sources were \$11,716.50. On August 1, 1919, the figure was \$4,598,350.

It is estimated that there is one automobile in Pennsylvania for every 20 persons, figuring the population at this time as approximately 5,000,000 people. In 1914 the proportion was one automobile to every seventy persons.

An Old Fault Finder An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. aug. 6-4t

The score was 2-1 in favor of the home team.

Mount Joy trimmed Newtown on the local diamond last Friday evening by a score of 6 to 2. "Sol" Barr was on the slab and allowed but five hits and fanned an even dozen. The score:

ONE OUT OF TEN SO AFFECTED HERE

Half-sick, run-down, nervous men and women are as numerous as leaves on the trees in the summer time. Such people, and you may be one of the nine out of the ten that are said to be so affected, feel so depressed and despondent, suffer from headaches, loss of sleep, dizziness, poor digestion and haven't enough rich red blood in their veins to make them capable of self-reliance.

Are you one of this multitude who are lonely and listless and so nervous that the slightest noise completely upsets you? If you are, you must certainly need something to correct this condition and to build you up and make you anew.

Tanlac "Master Medicine" of millions in America, is doing this very thing every day. Tanlac strikes straight at the seat of your troubles and brings you out of the very depths of despair into sunshine and happiness.

A Bustling Burg.

"By George!" triumphantly ejaculated a prominent resident of that on-rushing hamlet. "Pruntytown is getting to be more and more metropolitan right along. Why, dog-in-hell, the all night restaurant stays open till half-past ten or eleven every night of the world, except Sundays!"—Judge.

Didn't Expect Too Much. The Sutor—"I hope, sir, that you will consider me in the nature of an investment, even if I may not pay regular dividends." The Girl's Father—"My dear boy, don't talk of dividends. I shall be glad if you don't levy regular assessments on me."—Life.

Life a Constant Battle. The life of each of us is full of ancient evil, derived from the brutes, which is ever at war with the better and higher qualities—the true human part of our minds.—Nathaniel S. Shaler.
