Balance in hands of Treasurer Dec. 31, 1919, \$1,374.47. H. N. NISSLY, Treas.

We the undersigned have audited the above account and find the same true and correct.

J. J. NEWPHER, H. M. STAUFFER.

By the above account it may be seen that there is a balance of \$1,374.47 in the hands of the treasurer, H. N. Nissly and the question the committee is now wrestling with is, "what shall be done with this money?"

We would offer a few suggestions and were this balance expended in any of the following ways, we know it would be a wise move.

1. Give it to the American Legion toward the purchase of a permanent home.
2. Give it toward the purchase of a new fire engine which is so badly needed at this time.
3. Give it to the Board of Trade to be used in advertising Mount Joy or procuring more industries.
4. Give it toward improving our park such as concrete coping around concrete walks, benches, etc.
5. Give it toward the purchase of an athletic field and public play ground.

This money, which was contributed by all the citizens in the town, should be expended in a manner agreeable to the majority, so why not call a public meeting, let them express their views, take a vote and then abide by the decision of the majority?

FIRE DESTROYED JOHN WITMER'S HOUSE AT NEWTOWN

Fire, that for a time threatened to sweep the heart of the village of Newtown, Thursday night destroyed one home and badly scared two others. The destroyed house was occupied by John Witmer, and it, along with most of the contents, was a total loss. The loss here will be about \$3,500. The loss to two adjoining houses is not so great.

Flames were discovered about six o'clock. It is believed that a defective flue in the Witmer home caused the blaze. When attempts to extinguish the blaze by a bucket brigade failed appeals for help were sent to Landisville and Columbia. The Landisville fire company, was the first to reach the scene. The second story of the Witmer home was then a mass of flames, and the firemen turned their attention to saving adjoining houses with good results. A chemical engine from the Keystone company of Columbia, arrived shortly after.

For three hours the firemen battled with the blaze. Two adjoining frame houses, one but a few feet away from the Witmer home, were blazing at one time, and fear was felt for them. Both were saved, through good work by the firemen. This is the first time the newly equipped Landisville fire company went into action, and the new outfit worked fine.

Help was also summoned from here and some of our firemen responded with the chemical tanks which were used to good advantage.

HOUSE HERE WAS ENTERED BY THIEVES LAST NIGHT
Some time during last night robbers entered the home of Mrs. Mary Zink, on Comfort Avenue, gaining admission by a side door. The thief

snives must have been very well acquainted about the premises as they secured the key which is placed at a certain place for members of the family so they can enter at any time. They ransacked every room in the house. There was some money in a cigar box and which was the property of Irvin Zink. This they took which was about \$200.00. Also \$125 in a purse the property of Miss Frances Zink, and \$3.00 belonging to Mrs. J. L. Szydram, the latter money being taken out of Mr. Szydram's trouser pockets in his bed room where he was asleep at the time. This morning there was evidence that they were in every room in the house as all doors were unlocked and the contents of drawers were strewn about the floors. They however, overlooked a sum of money belonging to another member of the family. Mr. Zink had just made a deposit in the First National bank the day previous from the contents of the cigar box or the loss would have been nearly \$100 more.
