LEARN DEALER'S STANDING

BEFORE SHIPPING TO HIM When much produce is to be shipped, it will pay the shipper to look up a dealer's commercial standing very carefully before consigning in his care. Marketing experts of the United States Department of Agriculture call attention to the fact that the rating of any dealer may be seeured through firms which make a usiness of rating the financial and general credit standing of men in different kinds of business. #### How Many Women Are Like This?

Can anything be more wearing for women than the ceaseless round of household duties? Oh! the monotony of it allwork and drudge; no time to be sick; tired, ailing, yet cannot stop. There comes a time when something "snaps" and they find themselves "simply worn out," and to make matters worse, have contracted serious feminine disorder which almost always follows the constant overtaxing of a woman's strength

Then they should remember that there is no remedy like Lydia E. Pinkham's Vegetable Compound-the experience of these two women establishes that fact:

rience of these two women establishes that fact:

Cedar Rapids, Ia.—' After the birth of my last child I had such painful spells that would unfit meentirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped my years before and I decided to try it again, I took five bottles of Vegetable Compound and and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years.'
