## Single Comb White Leghorn

# BABY CHICKS

While we were over crowded with orders for  
March and April we had to apply the rule "First  
Come First Served."

If I had my say March and April would be  
given to the heavy breeds and May and June to  
the light breeds.

### The Despised May Chicks

While May chicks are despised by many, I  
could tell of cases where May chicks done exceed-  
ingly well and people are beginning to realize that  
May and June is the proper time to hatch Leghorn  
and other light breeds. We are filled with orders  
up to the middle of May. The last half of May  
and June is open for some orders. Order now.
