

THE NAME INSURERS SATISFACTION

The De Laval Milker is sold with full knowledge of the fact that more is expected of the De Laval than of any other milker. For over forty years the name DE LAVAL on dairy machinery has stood for highest value and service to the user.

The De Laval Milker is a distinctly different type of machine from other milkers, and was designed with two chief objects in view—the comfort of the cow and ease of cleaning.

The Udder Pulsator, with its alternating action and positive, uniform pulsation, pleases the cow and induces milk secretion. The simple and sanitary design of all parts with which the milk comes in contact, and the special quality of the rubber used, make possible practical sterilization and production of milk of higher sales value.

The De Laval Milker has been in daily use for three years on cows of every breed, as well as in producing certified milk and in A. R. O. work.

The De Laval Company's well-known facilities and reputation for service are an assurance of lasting satisfaction to users of De Laval Milkers.

THE QUESTION OF FURNITURE QUALITY

There are few things that quality effects so vitally as furniture. Often things that people buy for personal wear and for home use are not always expected to last a long time, but this cannot be said about furniture. When you buy furniture you are buying something you expect to render you long service. It will if you buy it here, because here we think of quality first. All the furniture we buy must measure exactly up to requirements which we make as to the manner of workmanship. And, after all, in the long run, well-made furniture is the cheapest sort of furniture to buy. We invite comparison, look around, compare qualities and prices and then come here and see our vast assortment.

Lessons in Citizenship.
As thirty-five states have already ratified the suffrage amendment and it is only a question of a short time until we may have the other state, then every woman who is properly qualified will have the franchise. Our duty is to be prepared to exercise this privilege intelligently. It is not the question now, as to whether we believe in woman suffrage—that is assured. It is whether the women want to know how to intelligently support the government. The book, "Lessons in Citizenship," can be had for 25 cents. Orders will be taken by Mrs. N. J. Harmon or Mrs. Z. W. Keller. The lessons are in form of questions and answers. If desired, a community class could be organized to meet once a week. In order to make our country safe we must have the support of Christian intelligent public opinion. Mrs. Z. W. Keller.

LOCAL FIVE LOST TO ROSEWOODS OF HARRISBURG

The strong Rosewood team of Harrisburg defeated the fast local team here in one of the best games of the season. The score was 30 to 24 and the contest was witnessed by a large crowd of fans who were kept on their feet at all times by the fast playing of both quintets.
The Mount Joy five gained the upper hand in the playing during the first half and at half time were on the long end of a 12 to 9 score. The visitors started a great rush near the middle of the second period that landed them to the front, where they remained despite the efforts of the locals to overtake them. The teams were playing hard when the game ended.

Paint That Costs Nothing

If you intend to offer a house or other building for sale, by all means paint it first. A painted building sells twice as quickly. The increase in price you will be able to get will be far more than the cost of painting.

Whatever your job of exterior painting, we recommend

Dutch Boy White-Lead

and pure linseed oil. For washable, sanitary interior walls and woodwork, use Dutch Boy White-Lead and Dutch Boy Flating-Oil.

Dutch Boy White-Lead is only a small part of the cost of painting. Labor is the big item. It costs no more to apply good paint than poor paint, and you don't have to do it so often.

This paint costs less, figured by the gallon, square yard, or years of service. As it is mixed to order, you can have the exact color you want.

Who Wants an Imitation?

WOULD you call on your local merchant and ask him for "imitation" sugar, or raisins, or coffee? Would you ask him to sell you a pair of shoes made of something "just as good" as leather? Or a suit of clothes "made for" a man, whether or not it fits you?

Get the Genuine International Repairs

When you need repairs for your IHC Farm Equipment, buy the genuine repairs. See that this trade-mark appears on each piece.

Genuine IHC repairs are made from the original patterns—all others are copied from copies. Genuine IHC repairs are made of the same material, have the same finish, fit as accurately, and wear just as long as similar parts purchased with the original implement or machine.

We are the Authorized IHC Dealers

There is one certain and infallible way to secure genuine IHC repairs—buy them from us. And remember that International service, rendered by us, can only be 100 per cent right when International machines are equipped with genuine International repairs.
