GOOD WILL ONLY DIVIDENDS FROM SALVATION STORE

A RELIEF SUPPLY DEPOT

MENDING GARMENTS

No; the Salvation Army has not gone into the wholesale grocery business. The picture shows merely one of the Army's relief stations. It is just like scores of others scattered through the cities and towns of the country at strategic points where quick relief can be given in emergency cases.

Not limited in their stock to groceries only, these Salvation Army relief depots carry clothing, underwear and other necessities for men, women and children. It is the aim to have at hand for immediate distribution food and clothing for any kind of a case of need. More than 700,000 destitute persons were served temporary relief from these stations last year.

And Salvation Army relief depots. It is systematic as well as sensible. The industrial department gears neatly with the relief department. In the industrial homes the broken down

relies of humanity are put to work re-juvenating broken down household goods—chairs, tables, beds, benches—and shoes and other wearing apparel.

It is a 50-50 proposition, for the down-and-outers are reviving their faith in themselves and in God at the same time they are repairing the furniture and other articles. They get back, too, their courage. The Salvationists tonic them up with honest encouragement and sympathy. They get back into industry, valuable to themselves and to the nation.

What becomes of the remade furniture? Families in distress obtain it at the Salvation Army relief department. Because the relief work dovetails with the industrial department the Salvation Army is able to supply impoverished families with household goods at absurdly low prices or without any charge at all, according to the circumstances.

Catarrah Deafness Cannot Be Cured
by local means. It cannot reach the diseased portion of the ear. There is only one way to cure Catarrah Deafness, that is by a constitutional remedy. **HALL'S CATARRH MEDICINE** acts through the blood on the mucous surfaces of the system. Catarrah Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrah, which is an inflamed condition of the mucous surfaces. **ONE HUNDRED DOLLARS** for any case of Catarrah Deafness that cannot be cured by **HALL'S CATARRH MEDICINE**. All Druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

THE QUESTION OF FURNITURE QUALITY

There are few things that quality effects so vitally as furniture.

Often things that people buy for personal wear and for home use are not always expected to last a long time, but this cannot be said about furniture. When you buy furniture you are buying something you expect to render you long service. It will if you buy it here, because here we think of quality first. All the furniture we buy must measure exactly up to requirements which we make as to the manner of workmanship. And, after all, in the long run, well-made furniture is the cheapest sort of furniture to buy. We invite comparison, look around, compare qualities and prices and then come here and see our vast assortment.
