STAGE COACH DAYS

Our forefathers selected their own glasses. They also traveled in stage coaches. They did both for the same reason—there was no other way.

Today stage coaches are a curiosity—their utility has passed with the invention of more modern methods, just as "selecting your own glasses" has given way to scientific eye testing.

Our methods of testing are the latest and most scientific known and our work is fully guaranteed to be satisfactory. Call and see us.

GROWING FAST For the First Six Months of This Year, Ending June 30, We Opened 43 New American Stores

We are very proud of this record, especially so in the light of present-day conditions, when so many are pessimistic regarding the future. We do not belong, however, to that class. We are optimists, having the greatest faith in our American manhood and womanhood, the greatest confidence in our nation's ability to surmount any difficulty, to solve any and all problems pertaining to our growth and national life.

It is this confidence in the good judgment of the public in general to recognize merit that has always been our mainstay, spurring us onward in an effort to render better service, and encourages us to still further expand.

The fact that public confidence lies at the root of permanent patronage has never been more clearly demonstrated than in the growth and development of this wonderful business institution.

Our thanks are due a confiding public, that have rewarded our efforts to serve and please, by a constant, continued and sustained patronage.
