PERRY COUNTIANS MEET IN DONEGAL

HUNDREDS ATTEND THE ANNUAL REUNION AT CASSELL'S PARK ON SATURDAY - PROMINENT SPEAKERS THERE

Cassel's Park was all aglow on Saturday. A more beautiful day could not have been selected by the Perry County Reunion committee. That beautiful park situated within a half mile of Marietta, was a scene well to be remembered. Perry county people from away up that romantic valley, including Blaine, New Germantown, Andersonburg, and intermediate points, came down to join in harmony with their Lancaster county brothers in making a success of the long contemplated reunion.

Toward noon the park was commencing to fill with people coming in from all directions to participate in this big event. Autos from far and near were parked beneath a cluster of gorgeous maples. Young ladies faultlessly arrayed in white were promading; the beautiful lawn close to the grand pavilion, erected there by Congressman Cassel for the benefit of his prominent friends. The Marietta band enlivened the occasion with its fine music that was highly appreciated by the admiring visitors.

Athletic sports in the morning in which old and young took prominent part, were witnessed by a merry throng of spectators. The events consisted of wheelbarrow and one legged races and other amusements that provided outbursts of laughter along the line. Groups of people at noon were scattered promiscuously in shady places doing justice to the inner man.

Hon. Jas. A. Shull, who was to be the orator of the day, failed to materialize owing to a case he had on hand at the supreme court, then in session at Bedford Springs. Having been notified of this disappointment, Revs. Dr. Moninger of Lancaster, Revs. Miller of Marietta, Supt. Amiller and Fleisher, of Lancaster County all of whom saw the light of day up among the green capped hills of Perry county, were the gentlemen selected to speak on this occasion.

The audience was requested to stand by Rev. Kiefer, Lutheran minister of Mount Joy and recite the 32nd Psalm after which the Marietta Band played that soul stirring anthem, My Country 'Tis of Thee, which caused an outburst of hand-clapping and cheering.

A beautiful and pathetic prayer was then offered by Rev. Miller of Marietta. Supt. Amiller, of the Elizabethtown Public Schools made an address, outlining Perry county during his incumbency in that county as Superintendent of Public Schools, which was listened to with enraptured attention detailing many little incidents that transpired during his regime there.

Dr. Fleisher, Supt. of Lancaster county, was the next gentleman who appeared and gave a brief outline of his early childhood in Perry county. He said: "I am a Lancaster county (Continued on page 10)

All the Sunday Schools in Mount Joy and Florin will unite on this occasion and our rural friends are most cordially invited to join us. The first car leaves here at 6:10 and the basket car leaves at 8 o'clock sharp. Don't fail to get your tickets to day.

The American Legion will play Jac. Brown's team a game of ball at 10 o'clock sharp.

PASSENGER TRAIN KILLS MAN NEAR MARIETTA
A. G. Jury, 24, of Millersburg, was instantly killed shortly before 7 o'clock Friday morning when a Pennsylvania passenger train, westward bound, ran him down as he sat on a track about a mile and a half above Marietta. Jury was a brakeman and left his freight train which was halted on another track. His head and skull was crushed and every bone in his body broken. The body was taken to Columbia aboard a shifter and later shipped to his home in Millersburg.

Home After 5 Years
Mr. and Mrs. Clayton Witmer are spending some time here with his father, Mr. Henry Witmer, on New Haven street. Mr. Witmer, who is a native of Donegal Springs, with his wife, have just returned after doing missionary work in the Philippines the past five years. After a year's furlough they expect to return and resume their good work among the natives there.

Decedents Estate
Henry S. Kraybill, East Donegal township, executor of Annie N. Kraybill.

GEN'L CAMERON COUNCIL INSTALLED ITS OFFICERS

At the last regular meeting of General Cameron Council No. 851, P. P. A., the following newly elected officers were installed for the ensuing term: Cr., A. S. Rinchart; V. Cr., Harry Leib; R. Sect., W. G. Loray; Ast. R. Sect., Daniel Peifer; Fin. Sect., H. B. Greenwalt; Treas., H. F. Hawthorne; Cond., Walter Pennell; War., Isaac Ressler; I. Sent'l, Alvin Pennell; O. Sent'l, E. F. Kauffman; Chap., W. A. Miller; Jr. P. Cr., W. A. Miller; Trustee, E. B. Jeller. After conferring degrees upon the candidates all present were entertained by the social committee with a lunch. The council now numbers 120.

WHAT DO MEN WANT FOR THEIR HIRE, NOW?

At noon Saturday, a nearby farmer met the employes of one of our industries as the men were leaving the place and solicited harvest hands. He offered them \$3.00 for a half day, a chicken supper and transportation to and from the farm. Not one man volunteered his services. Surely these inducements should have been sufficient and the attitude on the part of the men readily convinces us that they do not need the money. Six dollars a day, board and transportation doesn't sound bad for this section.

DEALERS CANNOT RECOVER LICENSE

Local former liquor dealers will not receive a return for the money paid for licenses while they waited to see if prohibition was constitutional. Although the Lancaster courts decided that the money paid to the county treasurer during that time should be refunded the Superior courts over ruled that decision and upheld the decision of the Philadelphia and Allegheny courts to the contrary.

A New Industry
Samuel T. Hargrove, of Marietta, together with a number of men from out of town will operate the quarry, at Kinderhook, and have formed the Samuel T. Hargrove Sand and Gravel Company. When consent to a number of men will be given. The cars will be run on the Reading Railroad siding, in front of the plant. The material in this quarry is considered very good, and can be used for many purposes.

Horse Saves Auto
A horse and ordinary tying rope played the role of good Samaritan to a stranded Ford near Manheim Sunday. Hiram Fahnstock was painfully climbing the hill at Chickies church when his machine reached such an angle that gasoline no longer found its way into the engine. Noah Greiner happened along in a buggy. The thin rope held Noah's horse dragged the Ford to the top of the hill.

Should All Be Freed
Lancaster County still has sixty-three miles of toll roads and there is no real good reason why all should not be freed. If the state and county do not take them over, there is another but a mighty poor way—quit paying toll. This was done over a year ago on the Mt. Joy and Marietta turnpike, and as a result the company had no funds with which to repair said road. Now go take a ride over it.

Horse Fell Into Well
On the Brunner farm, near Campbelltown, a horse weighing 1,600 pounds broke thru the boards on a well and fell to the bottom. All the neighbors around there came to the rescue and with ropes, bodily lifted Mr. Horse sixteen feet. The animal was in four feet of water and was not injured.

Tops First Tobacco
The first tobacco to be topped in Lancaster county was finished in Manor township Saturday afternoon by Sylvester Bittner. Many fields in other sections are not yet grown. It is said that tobacco will bring 50 cents per pound.

Store Changes Hands
Mr. Chas. Wealand, who conducted a dry goods and grocery store on West Main street the past few months, sold his stock, good will and fixtures to Mr. Harvey Greenwalt of this place. The purchaser has already taken charge.

Oiling All the Streets
Supervisor Henry Smeltzer is busy oiling Main street and finds that there will be about enough oil left to give the principle streets of the borough a coat. This will certainly reduce the dust nuisance and should save a lot of water.

Annual Harvest Meeting
The Conewago congregation, Church of the Brethren, expect to hold their annual Harvest meeting at the Conewago church, formerly Hoff's Church, on Saturday, July 31, at 2 p. m.

Will Lose Their Jobs
The Baltimore Division of the Pennsylvania railroad will discharge 10 per cent. of its employes in the maintenance, equipment and clerical departments Wednesday.

Will Increase Its Rates

It increases the price of gas from \$2.00 to \$2.50 per thousand cubic feet. The new rate is to go into effect Sept. 1st. The constantly increasing prices of oil, fuel, etc. have necessitated the increase.

HIGH GRADE COWS FOR OUR NEARBY FARMERS

A number of farmers about Mount Joy are taking up the work of pure bred live stock raising in earnest and have imported a car load of Holstein cows from Michigan. The stock will arrive from that state the latter part of this week.

Farm Agent Bucher returned to Lancaster county Monday after having made a trip to Lexington county, Michigan, where he purchased the pure bred cows for the Mount Joy farmers. The county is noted as one of the largest Holstein centers in the country and exceptionally high registered cows and bulls are raised in that section.

The farm agent was unable to get as many cows as he desired due to the shipping conditions as only six cows were sent in one car. Should the first lot of cows prove satisfactory Mr. Bucher will probably be sent on a similar mission in the near future.

Total for townships 84,600
The census figures given above, upon comparison with those of 1900 and 1910, show how strong is the drift of people away from farms and small villages.

East Donegal township has 550 less of a population now than it had 20 years ago, perhaps because the Chickies furnaces are out of existence. Rapho's population is 332 less. The big townships of Manor and Mt. Joy show a decrease of 118 and 250 respectively. There was the heavy decrease of 1109 in West Hempfield and but the incorporation of Mountville borough accounts for more than 700 of this decrease. In Warwick the loss is 642; but Warwick village became a part of Litzburg so the loss is a good deal less than 642.

West Donegal, on the other hand, has a gain of 347. East Hempfield shows a gain of 240. Conoy has gone up 168 and West Donegal to 347.
The population of the boro in the county was published in the Bulletin last week.

BORO COUNCIL MET IN A SPECIAL SESSION
Mount Joy Boro Council met in special session last Thursday evening for the purpose of taking some action on a request of the Nisly Swiss Chocolate Company at Florin, and the Freedman Construction Company. The latter concern is building the state highway west of town and asked for water for use in road construction. The former Company is erecting a chocolate factory at Florin and asked to connect to the boro's main on West Donegal street in order to get water for building purposes. Mr. J. A. Bachman, on behalf of the citizens in his section, objected to connection being made at that point, inasmuch as the pressure there is so often insufficient and that a connection there would make it worse. Council granted both these concerns the privilege of getting water. They will lay a 2-inch pipe on the ground from the western boro limits to Florin and the Nisly Swiss Chocolate Co. will get its supply from that pipe in Florin.

LETTER FROM MISSIONARY IN AFRICA

MR. CHARLES G. SPROUT, OF MT. JOY, IS THERE IN THE INTEREST OF THE CHURCHES OF GOD
The following are extracts from a letter from Mr. Charles G. Sprout, son of the late Christian Sprout, of this place, who is now doing missionary work in Africa. The letter was received by his niece, Mrs. Eli Smeltzer, on South Barbara street, in this place.

It is very encouraging to know that the Church still remembers me in prayer. I value the prayers of the Church very highly and also greatly appreciate all that the Church has done and shall do for me in the way of support. When leaving my home country for the field I left with the purpose of depending wholly on the Lord for my support not depending on any one person or organization to support me. But I know the Lord works through human means and if He should lay the burden upon the Church to support me in part or in whole well and good, if not I know He will support me in some other way. The Lord has not failed me yet, although there are times when the food supply is pretty low and often when the time comes to prepare (Continued on page 4)
