How to Lower Your Meat Bills

Hints From the Department of **Justice**

AT LOW PRICE.

WANTED-A steer composed entire ly of loins and ribs .- H. C. L. Burbank, we could all have porterhouse or sirloin steaks and rolled roasts from the first and second ribs -next to the loin, and therefore most expensive, as your butcher will tell

Nearly everybody wants high-grade cuts, but there aren't enough ribs and loins to go around. These cuts compose but 27 per cent of the carcass,

the loin constituting 18 per cent.
What's the answer? If people would buy more chucks-they make excellent steaks-or briskets and clods (all forequarter cuts) there would be cheaper with flour sirloin and porterhouse steaks. Ask that cannot be duplicated. The full flank composes 4 per cent of the beef ter. Thicken stock and serve with carcass, the square-cut chuck about vegetables as a sauce around the meat. 24 per cent.

In New York and other Eastern cities far removed from the packing house center, ribs and loins can be sold at lower prices than in Illinois, because of the heavy demand by the foreign-born population for rounds, chucks, rumps and other cuts less pop-ular in the West. The least expensteaks and braising meat are furnished by the rump at medium expense. Chucks supply roasts, steaks and stews. The shoulder clod, another economical cut, is used by well-taught cooks for steaks and pot roasts. There is a large variety of extra portions that many housewives know little about, such as the heart, liver, kidneys,

lungs and sweetbreads. But you must know something about beef cuts to know what to buy and how to buy. Then you can neglect the costly steaks for the time and return to them when the price has been equalized by the more general buying of the ess-familiar cuts.

a knowledge of the limited quantity less cooker.

NO STEER WITHOUT GOOD MEAT of loins and ribs and the excessive de mand for them which causes the price

to keep up.
When ordering the foods for the day the meat part of the meal is always Unfortunately, "there ain't no such the first planned, and the remainder animal." If a porterhouse steer could built around it. Housewives should be developed by a live stock Luther be familiar with all cuts and then cook them so as to get the best flavor.

Rump Pot Roast of Beef With Dump lings.

Often things that people buy fo personal wear and for home use are not always expected to last a long time, but this connot be said about furniture. When you buy furniture you are buying something you expect to render you long service. It will if you buy it here, because here we think of quality first. All the furniture we buy must measure exactly up to requirements which we make as to the manner of workmanship. And, after all, in the long run, well-made furniture is the cheapest sort of furniture to buy. We invite comparison, look around, compare qualities and prices and then come here and see our vast assortment.
