END OF EIGHT YEARS MISERY

Used Lydia E. Pinkham's Vegetable Compound and Recovered.

Newark, N. J.—The doctor said I had an organic trouble and treated me for several weeks. At times I could not walk at all and suffered with my back and limbs so I often had to stay in bed. I suffered on and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine and I tried it with splendid effect. I can now do my housework and my washing. I have recommended your vegetable compound and your Blood Medicine and three of my friends are taking them to advantage. You can use my name for a testimonial.

—Mrs. THERESA COVENTRY, 15 Burnett St., Newark, N. J.

ATTENTION FORD CAR OWNERS

I need not tell you about the high cost of gasoline and the annoyance and expense of the accumulation of carbon in your engine and spark plugs, as you are up against this every day, but if you are interested in keeping your engine clean and saving from 25 to 50 per cent. of the gas you are now using.

I invite you to call and get one of my Fuel Vaporizers and be convinced that this can be done.

I offer them strictly on merit, and will let you have one for 15 days trial free of charge and if it fails to do the work, you can return it to me and you will have nothing to pay.

You will save the price of the Vaporizer in a few days on gasoline, and will run your car with more ease, speed, power and comfort than ever before.

You can put it on your machine in a few minutes.

Directions go with each.

STAGE COACH DAYS

Our forefathers selected their own glasses. They also traveled in stage coaches. They did both for the same reason—there was no other way.

Today stage coaches are a curiosity—their utility has passed with the invention of more modern methods, just as "selecting your own glasses" has given way to scientific eye testing.

Our methods of testing are the latest and most scientific known and our work is fully guaranteed to be satisfactory. Call and see us.
