## GOV'T OPERATION OUT OF POLITICS

Party Leaders Convinced by Results of National Canvass of Editors.

VINDICATES FORMER POLL.

Overwhelming Veto Like That of Year Before From Both Sides of Political Fence.

Washington.—Inner circles of both political parties here are greatly interested in the results of a national poll on the question of government operation among over 5,000 newspaper editors throughout the country. With 80 per cent of these editors, regardless of political faith, giving it as their impartial opinion that the public is more than ever opposed to the government going into business in competition with its citizens, observers here see little chance that either political party will find it a profitable campaign issue.

In the opinion of party leaders this sort of a canvass among newspaper editors is the best possible index of public opinion. They recall a similar questionnaire sent out a year ago in connection with the proposition that the government take over the railroads permanently. Replies at that time from approximately the same number of editors showed 88 per cent against the principle of government operation. They recall also that within ten days from publication of the result of the former questionnaire the sentiment for return of the railroads to their owners had definitely crystallized.

Comparison of present results in detail with those of a year ago convinces the political student not only that these editors have been accurate in their judgment, but that party considerations played no part in forming it. From Democratic and supposedly radical Texas, for example, the present questionnaire brought replies from editors of 244 papers, only three of which are Republican. Yet the percentage against government operation was 92, which is exactly the same as that given by 200 editors from Republican Michigan, among whom were representatives of only three Democratic papers. Other states that pair percentages significantly are Massachusetts and Nevada, with 100; Connecticut and South Carolina, with 97; Maine and West Virginia, with 96; Kentucky and New York, with 91; Missouri and Pennsylvania, with 89; Ohio and Oklahoma, with 87.

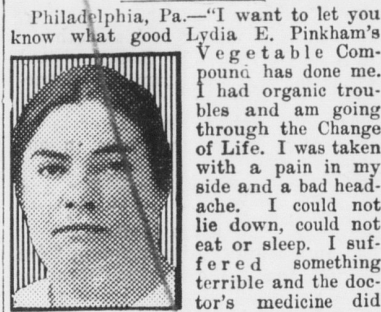

The result of the present poll as to government operation in each state are graphically shown by the following chart:

IN FAVOR OF GOVERNMENT OWNERSHIP

## REMARKABLE RECOVERY

Extraordinary Curative Power of Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. You can publish this and I will tell any one who writes to me the good it has done me.—Mrs. MARGARET DANZ, 1525 N. Alder St., Phila. Pa.
