COUNCIL MET ON MONDAY EVENING

BURGESS VETOES ALLEY ORDINANCE-FIRE COMPANY AND BOARD OF HEALTH GET APPROPRIATIONS OTHER NOTES.

Mount Joy Boro Council met in regular session on Monday evening with Messrs. Newcomer, Ream, Feltenbaum and Hauer present. This was the first regular meeting in two months. The minutes of the previous regular and special meetings were read and approved. The trustees report of Friendship Fire Company No. 1 was received and read. Upon motion it was accepted and the firemen were granted an appropriation of \$50. The matter of granting Abner Hershey permission to connect with the boro's main was then discussed. Mr. Newcomer objected to granting the privilege for two reasons: First, that Council refused to supply water to a non-resident of the boro some time ago, and it should not do so now. Second, that the boro would be furnishing water in a territory for which another company at present holds a franchise. Upon motion of Mr. Feltenbaum Mr. Hershey was granted permission, the vote being three to one.

Burgess Vetoes Ordinance.
At a previous regular meeting of Council it finally passed an ordinance creating an alley on the south side of West Donegal street in the rear of the properties of H. J. Stambaugh, Mrs. Jacob Brunner, Elam Myers and others. Burgess vetoed the ordinance, not because he did not approve the opening of the said alley, but for these reasons: It has a dead end at Mr. H. H. Engle's stable and furthermore, all the abutting property owners have not released their claims for damages against the boro. Mr. Newcomer felt as though the matter could be amicably adjusted and therefore referred the ordinance to the Street committee, said committee to make an effort to remedy the objections.

Mr. Feltenbaum, of the Water committee, reported that coal will soon be needed at the pumping station. Mr. Hauer, of the Finance committee, reported the approval of a number of bills.

Pumping engineer Geo. W. Shatz reported having pumped 270,000 gallons of water by steam in nine hours and 2,076,000 gallons by water power the past month.

The annual report of the Board of Health was received, read and accepted. Upon motion an appropriation of \$15.00 was granted this body.

Treasurer's Report.
The report of the Union National Bank, treasurer, showed a balance of \$1,354.78 in the Boro account; \$729.85 in the Water account and \$162.00 in the Interest account.

Chairman Newcomer reported that there is a movement on to establish a clinic here. Its object is to have an expert trained nurse come here one day each week and in conjunction with the attending nurse or physician, of any patient, suggest or assist in any way possible. Mr. Newcomer also stated that the movers of the project asked for the use of the Council Chamber for said work but several councilmen voiced objection. No action was taken thereon.

The annual reports of the Borough and Water accounts were read by the clerk. They were accepted, ordered advertised in the Bulletin and also posters of same printed by the Bulletin.

On the appeal committee sat to hear appeals from water renters recently, Z. W. Keller objected to paying \$15.00 for his residence and \$8 for his sales stables. Council fixed both his rates as per ordinance, which would make it \$16.00 for his house and \$5.00 for his stables.

Another water consumer objected to paying \$1.00 for a wash bowl in his kitchen when he pays \$5.00 for family use. Objections overruled.

All the bills were then paid and Council adjourned.

GENERAL NEWS FOR QUICK READING

INTERESTING HAPPENINGS FROM ALL OVER THE COUNTY FOR THE BENEFIT OF BUSY PEOPLE.

The January Pattersonian is a very creditable number. There are 10,019 licensed dogs in this county to date. Seven pairs of twins were born at New York Haven the past year. The Standard Oil Co. has reduced the wages of all its employees 10 per cent. Councilman Samuel F. Eshleman was on the sick list the past few days. Without any clue whatever, thieves entered a bank at Wyomissing, near Reading, and got away with \$70,000. Over 30,000 two-year-old rainbow and brook trout were distributed in streams in this state during January. The sum of \$43,000 was expended during the year 1920, by the Lancaster county commissioners, in freeing three county turnpikes. Mr. and Mrs. Henry O. O'Neal entertained their friends at a card party at their residence on West Donegal street on Friday evening.

Benj. H. Nissley of this place, is the executor of the estate of Susan A. Acker, late of Elizabethtown. The legal notice may be found in another column.

Three breweries at Lancaster and one at Columbia were closed by the authorities last week because their product is too strong. Beer drinkers say it's too weak. Somebody's lying!

The Wyoming bank has discovered that \$45,000 in cash and \$140,000 in unregistered securities, a total of \$185,000 was stolen by thieves last week.

New York City is determined to set the pace in many instances. This week a lady actress was arrested for cruelty to animals after giving a splendid exhibition with five ferocious lions.

David E. Brinker, of Hillsdale, a teacher at Middletown, whipped a colored girl and shortly thereafter the child's mother went to school, attacked the man with a razor and slashed him badly. He was unable to teach since.

Tricker Gibson, of Natchez, Miss., has a hog that he takes out hunting and it points birds same as a dog. He contemplates running the hog in competition with dogs at the field trials in the Spring, after which he will show Mr. Pig in vaudeville.

Haldeman of Elizabethtown were married Friday evening at the parsonage of the Mennonite church by Bishop John Ebersole. The couple were unmarried. Following the ceremony they left on a wedding trip to Eastern cities and on their return will reside for the present at the home of the bride's parents.

FARM BUREAU WORKER IS FAVORABLY IMPRESSED.
"Traveling over Rapho township the latter three days of last week revealed to me the strongest kind of sentiment in favor of the expansion of Farm Bureau work," said O. H. Martin, of Iowa, who in conjunction with Chairman J. Clarence Reist and a group of earnest Farm Bureau members of the Lancaster County Bureau.

"The concrete results were very gratifying, to begin with," said Mr. Martin, "and I feel that when we have covered the township we will find it to have a representative membership in the county organization. I believe it is the expression of opinion as I have found it so far that the farmer stands in need of a safe and sane organization to represent him in this important reconstruction period. Once the farmers as a unit realize the truth of this the bureau will expand as if by magic."

Mr. Martin was also strongly impressed with the open-hearted hospitality of the Rapho township farmers. "They received me like a brother amongst them, and I am quickly beginning to realize the wonders and glories of this Garden Spot. Further than that, though we have all felt the depression in farm product prices, you still have something better than out in my state, where hundreds of thousands of bushels of corn can't find a buyer for thirty-five cents a bushel!"

Mr. Martin will continue to be driven over the township this week, and perhaps longer. His results thus far have been especially pleasing to the Executive Committee of the Bureau. He is the type of man whom the Bureau feels it can safely place the limit of responsibility, and his experience in the tremendous sweep of the Farm Bureau movement of the middle west has given him a grasp on the national situation that is invaluable.

"I would like to see Rapho township come down to the annual meeting February 16 a hundred or more strong," said President Brubaker today, "and I trust the road people there will continue to receive Mr. Martin and forward his work as they have this far."
