

## JOINED IN WEDNESDAY

NUMBER OF VERY WELL KNOWN YOUNG FOLKS ARE JOINED IN THE HOLY BONDS OF MATRIMONY.

A quiet wedding took place last Wednesday evening in Christ Lutheran church at Elizabethtown, when Joseph W. Wakley and Miss Clara N. Croman, both of Philadelphia, were united in marriage by Rev. Frank Croman, brother of the bride.

**Berrier—Woods**  
Mr. John Berrier, of Florin, and Miss Florence Woods, daughter of Mr. and Mrs. Floyd Woods, of Carlisle, were married at the home of the bride's parents last Tuesday. After the wedding they came here and visited relatives and friends at Florin, near Kinderhook and Milton Grove. The groom is a brother of Charles and James Berrier and lived with the former on the Frank farm north of town. The bride's parents were former residents of East Donegal where they lived on the Duffy farm near Marietta. The newly wedded couple left here Sunday for Iowa where they will reside in the future.

**Concert at Masonic Homes**  
The Keystone Concert Company will render their annual spring concert to the guests of the Masonic Homes on Thursday evening, April twenty-first at eight o'clock. This company has been entertaining the guests of the Masonic Homes since its organization and has always found great pleasure in doing so. This concert will be one of the best they have ever given, and will be well worth hearing.

The company has been enlarged and presents a program of real merit. One of the features of this concert will be that of the assistance of Mrs. Van Horn one of the aged guests of the home, who will accompany Mr. Eshleman in his 'Cello work.

The public is very cordially invited to attend this concert.

## That World-Famous Gambling Establishment May Be Located on the Island.

"The greatest gambling center in the world will be located in the western hemisphere if plans for 'palaces' in Cuba develop as given out," said Walter P. Harris of Havana. "Cuba is already beset with the gambling fever, and fortunes change hands there almost every day."

"Since the announcement of the prince of Monaco that he is preparing to close Monte Carlo, there have been extensive preparations for the establishment of great gambling palaces designed to attract the sporting element that now visits Monte Carlo to the 'Pearl of the Antilles.' Several villages have been surveyed with the view of locating this gambling center, but so far no definite decision has been reached.

"Gambling is already flourishing in Havana. The Casino de la Playa is a great garish temple of roulette, where wonderful dinners are served at less than cost. The profit to the house comes from the wheel. The men who take women to the Casino for dinner invariably back them at the wheel. "The moratorium now in effect on the island has not affected the crowds at the Casino, because they are mostly composed of tourists, and the visitor is treated to the sight of a country, apparently bankrupt but gambling madly, where fortunes change hands overnight and the beggar of today may be the rich man of tomorrow."—Washington Post.

**Fined For Illegal Fishing**  
Summarily convicted of violating the State fish code by fishing in the Donegal creek on Sunday, sentence was suspended by Squire McCracken, of Columbia, until Saturday evening, when Houston Rodgers, G. Maurer and Samuel Maurer were heard before him on Wednesday evening. The young men were arrested by Private Landon, of Troop E, State Police, on Tuesday. The State Police have received orders to prosecute all persons violating the fish code, either by fishing on inland streams on Sunday or by catching game fish out of season, or using illegal fishing equipment.

I have a few exceptionally good bargains in real estate for late buyers but you must act at once. J. E. Schroll, Mount Joy.

**A VERY INTERESTING AND INSTRUCTIVE DISPLAY**  
A very interesting and instructive display is on exhibition in the large store window of the Keystone Furniture Company, West King street, Lancaster today and all of this week. The exhibit is for the purpose of aiding the Pennsylvania Home for Blind, of Philadelphia, in selling some of its surplus stock which has accumulated at the institution. The money derived for the sale of the goods goes direct to the school, the Keystone Store donating their window space free.

A feature of the display is the hand loom in the east window of the furniture store, used by Alexander Warren, a blind inmate of the school. The products of his loom are sold as well as other articles made by other workers at the institution. A toy broom will be given to all visitors, children.

The exhibit is very instructive. The blind man works as rapidly as a man with full use of his eyes. Only the best of material is used and spectators stand for hours fascinated as the material slowly winds into a beautiful rug or carpet.
