That Loysville Band will be a big feature to the Perry County reunion picnic that will be staged at Cassel's Park, in the near future near Maytown, whose picturesque scenery have a tendency to attract a large contingent of people. They have adopted a new method over at Newtown to scare robins off the cherry trees they inform me. Things came to a climax when James Cameron, son of the late Ex-Senator Donald Cameron of Harrisburg appeared and had it shipped to the hospitals in that city.

A singing school will be organized in Erisman's Church. The first meeting will be held on Thursday evening a week. The public in general is extended a cordial invitation. Both young and old are welcome.

I was reminded the other day of what incorrect ideas some people possess. When some good old friend was discussing the subject of how a thunder storm sours milk. The souring is not due to any affect of thunder but because milk will sour in any warm moist temperature. Just before and during a thunder storm the air is generally quite humid unless the milk is protected by a refrigerator or otherwise souring is quite natural. Thunder is only a noise and noise cannot do anything except make itself heard.
