"Oh! I Can See a Lot Better Now"

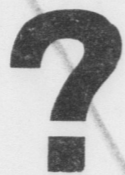

Of course you can! When properly fitted glasses relieve the strain on the delicate eye-muscles and nerves, you can tell the difference at once.

Perfect vision is a rarity. Many persons suffer the ill effects of impaired vision because they do not realize to what extent their sight might be helped with properly fitted glasses.

It is such a simple matter to find out whether or not your eyes need glasses that no one should continue to put it off from day to day. Why not call and see us?

PARSNIPS AND SALSIFY MAY BE LEFT OUT ALL WINTER
Parsnips and salsify are hardy, and the roots may be safely left in place throughout the winter. As early in the Spring as they can be handled and before they start into growth experts of the United States Department of Agriculture advise, the roots should be dug, carefully sorted and the selected ones immediately reset, from 3 to 5 feet apart. They will start into growth at once, and generally will produce a good crop of seed. The parsnips can be safely left in place until the seed crop is fully ripe, when it can be cut and stored under shelter till dry. The heads of salsify open out as they ripen and unless gathered the seed will be blown away. It is necessary, therefore, to gather the opening heads about noon of every sunny day and spread them in an airy place until dry, when the seed can be rubbed out, winnowed, and stored.

BASE BALL

PITCHER SIMMONS HANDS MARIETTA A BALL GAME

One of the biggest frosts ever handed an audience of base ball fans (aside from the World's series last year) was given the attendants at last Sunday's fifth and deciding game here between Mount Joy and Marietta. It was a beautiful game for eight innings with both teams playing excellent ball and up to that time Simmons, of Lanc., who was on the mound for the locals, easily demonstrated that he was master of the situation. Twice the visitors got a man on third with none down but they could not score. Up to this time the score was 5 to 1 in favor of Mt. Joy, while the locals had thirteen hits to one by the visitors.

When Simmons walked into the box in the last inning, many of the spectators left the field, knowing that Marietta had no chance. From the first ball pitched it was quite plain that Simmons was "laying down." He pitched slow balls, not once attempting to curve them, as was plainly seen by the writer who sat directly back of the catcher during the entire game.

Marietta players who had fanned as many as three preceding times up, slammed the ball all over the lot and as a result the visitors collected seven runs, one slam being a homer and another a triple. The crowd left in disgust, even many of the Marietta fans, feeling confident that they did not deserve a victory.

The score:

Sport Notes
Hershey defeated the Albion A. A. of Harrisburg, 30 to 0. Mount Joy defeated them a week later 70 to 0 and the next day St. Joe of Lancaster defeated the same team 60 to 0. Looks as though the locals can trim any of them this season.
One of the most ingeniously acts ever seen on a ball field occurred here on Sunday. Campbell, of the Marietta team, for no good reason, struck Kibler, center fielder on his team flush on the mouth with his fist while the latter was going to the field in the seventh. He knocked him down and as a result Kibler had a beautiful face. Campbell also acted in a very ungentlemanly manner in front of the stand during the game and his language was anything but decent.

WHY THAT LAME BACK?
That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Mount Joy resident's example.
Mrs. Mary Shires, 27 Mount Joy street says: "A cold settled in my kidneys and before long I was miserable. As soon as I started to do my work, my back began to ache and so severe did the trouble become that I couldn't even life anything. I had to get someone to help me to do my housework. My nerves were in bad shape. Doctors bothered me and the kidney secretions were scant and otherwise disordered. When I heard of Doan's Kidney Pills, I got a supply at Garber's Drug Store and they put my kidneys back in good condition. The backache and other troubles were corrected, too."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that

THE QUESTION OF FURNITURE QUALITY

There are few things that quality effects so vitally as furniture. Often things that people buy for personal wear and for home use are not always expected to last a long time, but this cannot be said about furniture. When you buy furniture you are buying something you expect to render you long service. It will if you buy it here, because here we think of quality first. All the furniture we buy must measure exactly up to requirements which we make as to the manner of workmanship. And, after all, in the long run, well-made furniture is the cheapest sort of furniture to buy. We invite comparison, look around, compare qualities and prices and then come here and see our vast assortment.
