

ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

Save Pennies— Waste Dollars

Some users of printing
save pennies by get-
ting inferior work and lose
dollars through lack of ad-
vertising value in the work
they get. Printers as a rule
charge very reasonable
prices, for none of them
get rich although nearly
all of them work hard.

Moral: Give your printing to
a good printer and save money.

SECRET DOORS IN MYSTERY HOUSE

"Chain Girls" Story Makes
Modest Appearing Cottage
a Mecca for Curious.

PRISONER IN ATTIC

Through Days and Nights of Terror
Fifteen-Year-Old Girl Languished
in Chains, According to State-
ment to Police.

Sheboygan, Wis.—In a quiet resi-
dence street on the outskirts of She-
boygan stands the city's "house of
mystery."

To the casual observer it is just a
simple white frame cottage, but since
the story of the "chain girl" shook
the town to its foundations, the little
house has been a mecca of the curi-
ous.

Here it was that fifteen-year-old
Mildred Hemb, chained in the attic, lan-
guished through days and nights of
terror, according to her signed state-
ment to the police. From behind
those white curtains came the screams
at night of which neighbors tell. Here
Peter Hemb lived for many years, a
man apart, seeking no friends, ex-
changing no word with his neighbors
until the police took him away to the
county jail where he is awaiting trial.

House of Mystery.
A fitting home for secrets is this
cottage, with its strange passageways
and unexpected trap doors. A trap
door masked in the porch floor opens
on a cellar passageway. A door here
leads in turn to another ladder, open-
ing upon a trap door hidden under the
rug in a bedroom above. A third lad-
der leads to the dim dusty attic, where
Mildred Hemb is alleged to have been
held in captivity.

A heap of rags, a dusty chest, a
broken stove pipe, several battered bi-
cycles, a bed spring in its frame—
such was the "chain girl's" alleged
prison. Only a few feet high, it would
hardly give space, even in the center,
for a man to stand upright.

The "imagination" theory of inves-
tigators in the "chain girl" mystery
who sought to discount the truth of
the girl's accusations, received a con-

clusive setback with the statement of
District Attorney Charles Voigt.

"Horrible as this case is, the truth
of it, I believe, is established in proof,"
declared the district attorney.

"We have the goods and evidence
that would make possible prosecution
on several charges."

Girl Held Against Wish.
"There is positive evidence that the
girl was held in that house against
her will, and that she was cruelly
abused."

"I intend to prosecute this case to
the limit. It would be an abuse to
public morals to let it go without the
most thorough and searching investi-
gation."

Hemb was remanded to the custody
of the sheriff after a hearing on a writ
of habeas corpus before Court Com-
missioner Francis Williams had re-
sulted in defeat of his hopes of free-
dom.

WHY GIRL'S KISS HAS "KICK"

Intoxicated Feeling You Get Is Real
Thing, Says Cincinnati
Chemist.

Cincinnati, Ohio.—Leo B. Forst, re-
tiring head of the federal pure food
and drug laboratory, rises to remark
that the intoxicated feeling you get
when you kiss your best girl is the
real article. "The kiss with the 'kick'"
is at least 95 per cent alcoholic, he
says. Chemicals put into toilet waters
with which girls anoint their lips pro-
vide that violent comeback.

Girl Chased by Wolves.

Oconto, Wis.—Alice Steffen, seven-
teen, residing near Lena, was chased
by a pack of timber wolves as she
was on her way to pasture to look
for a stray cow. Neighbors sighted
the pack after trailing them two hours
and shot three. The others disappeared
in a swamp. County Clerk Ire paid out
\$20 as bounty and a like amount will
be paid by the state.

White Smoke Screen Now.

Members of the Reserve Officers
Training corps at Camp Meade were
much surprised recently when smoke-
screen candles which they expected
would send up black clouds produced
white instead. Government experts
have accomplished the color change by
means of a new secret chemical com-
bination. The white clouds are not
sickening, and they form a better pro-
tective screen.—Popular Mechanics
