DANIEL S. MUSSER STRUCK BY A TRAIN

HORSE WAS KILLED AND WAGON DEMOLISHED—SLIGHT HOPES FOR MR. MUSSER'S RECOVERY.

A bad accident occurred at the Angle street crossing of the Pennsylvania Railroad at Florin at 7.40 this morning, when Mr. Daniel S. Musser, a widely known farmer of East Donegal township, was struck by a train and injured so severely that he may die.

Mr. Musser is building a new house along the trolley line in Florin and was on his way to the house when the accident occurred. This crossing is a bad one and travelers going in either direction cannot see a train until they are close to the tracks. Mr. Musser was going west and a stable on his right obstructed his view of the train. His horse had just stepped on the tracks when an east bound train No. 42, with fourteen pullman coaches, running at a high rate of speed, as it was late owing to a bad wreck at Lewistown that blocked four tracks, came along. It cut the horse's head off, throwing its body quite a distance. The wagon was badly wrecked and Mr. Musser was thrown from it.

The train was going so fast that it did not get stopped until it reached Comfort Avenue, here, a distance of nearly a mile. P. R. R. workmen at once went to the scene, placed the unfortunate man on a stretcher, took him to the Florin depot and train No. 4 east, was stopped and he was taken to the General Hospital at Lancaster. He was unconscious but a short time. At the hospital it was found that he had a compound fracture of both legs above the ankles, he is lacerated about the head and has several scalp wounds. He is also injured about the body. A message from the hospital at 12 M. today said that it is possible that his skull is fractured and an X-ray will be taken this afternoon. At this writing he is conscious but there are slight hopes for his recovery.

Mr. Musser will be forty-eight years old tomorrow, Thursday, December 15th.

MENNONITES BEGIN THEIR MIGRATION FROM CANADA

Migrating Mennonites from Saskatchewan, Canada, are now on their way to Yellow Pine Alta, carrying supplies to last them a year or more. A special train with 115 members aboard left Ernford Tuesday night. Like the migratory folk of Biblical times, they are taking along their cattle, horses, sheep and swine, poultry and other domestic animals and enough food, seed and farm implements to keep them busy and contented for a long time.

We Have Our Doubts.

"The standard fourteen ounce loaf of bread," says the Farmers' National Union at Washington, "can profitably be sold for five cents if farmers are to be paid a bushel for their wheat, preventing profiteering between wheat farmer and the consumer wheat products." With wheat selling at a dollar today, where can you buy bread for a nickel a loaf?

Sunday School "Super" Resigns

The Sunday School association of the Presbyterian church in this place met during the past week and elected a superintendent for the Sabbath school, due to the resignation of H. S. MR. JOHN W. ESHLEMAN SUCCEEDS J. W. FREED

That awful suspense; "Who will be our next Postmaster?" ended on Saturday when the news reached here from Washington, D. C., that Postmaster General Hays recommended to President Harding, the appointment of Mr. John W. Eshleman as Postmaster at Mount Joy. The president has already sent the appointment to the Senate for confirmation, which, in all probability, will be acted upon this week.

The selection is a good one and was pleasing news to the people of Mount Joy. Both our carriers say their many patrons were pleased when they learned of the appointment.

Mr. Eshleman is quite capable of conducting the office in the right manner. He has had many years of business experience, having been at the head of the Grey Iron Casting Company here a long time. At present he conducts an auto accessory store on East Main street. He is also a director in several banking institutions.

The other applicants for the office were Messrs. C. N. Mumma, J. Willis Freed, J. Fred Fenstermacher and Mayme Fenstermacher.
