

If You Contemplate the Purchase of a New Car

This Spring, or if you are tired of your old car and want to make a change, don't fail to see me before closing the deal. I have, in my estimation, the greatest amount of value in a car for the money to be found on the market today.

The Maxwell Cars

Made in Roadster, Touring, Coupe and Sedan Models, are wonders. Their general appearance indicates values worth twice their selling price. All are equipped with straight side 31x4 cord tires, and disc wheels. These cars are well made thruout 35 f. r. horsepower 4 cylinder motors, 56 inch rear springs and are very easy riding.

CAGE NEWS OF THE PAST WEEK

OUR LEAGUE TEAM KEEPS ON LOSING INDEPENDENTS WON A GOOD GAME MONDAY NIGHT

Manheim moved a step nearer the top in the Inter-County League Monday night when Captain Frey's team defeated Mt. Joy in the High School gymnasium before a large crowd by the score of 36 to 21.

The victory of Manheim was due to the brilliant playing of the entire visiting team. Captain Frey exhibited uncanny accuracy in shooting for the net and also in his short passes up and down the floor. The first half ended Manheim 20, Mt. Joy 8. The score:

Lost to Steelton

With neither team playing the brand of basket ball they were capable of Steelton defeated Mt. Joy, at Steelton on Friday night by a score of 30 to 13.

After two foul goals were scored Grove, who does not play regularly on the varsity team, scored the first two-pointers. This acted as a stimulus to the team and they romped away with nine more of these goals.

The Sellers, E. Krout and M. Krout combination proved too fast for the tail-enders in the league race, these three working together during the first period with fine form. The count at the end of this half stood 21 to 7, with the Steelton five on top.

In the final period it appeared from the sidelines that Steelton slowed up in their work they only scoring two field goals as against one by their opponents.

The five from Mt. Joy could not get started and their team work and their shooting from the field was way off while one or two of the players played too much individually, they trying to take the ball the whole length of the floor down to their territory and shoot at the basket.

Seller played a good floor game for the victors and his partner at the forward positions, Captain E. Krout, was a good shot at the basket, Eshleman and Klugh played a good game for the victims. Score:

Millersville Big Five Won

Mt. Joy failed to stop the Millersville Big "5" Thursday night in the local gym and the Normal town tossers added another win to their list by the score of 23 to 12. Mt. Joy, trailed during the entire game and never seriously threatened the winners. At half time Millersville was on the long end of a 9 to 6 score. during this stanza Mt. Joy held to a lone field toss Ellis being the only one to connect.

The Big "5" used a five man defense that was very hard to pass the county leaguers being unable to secure more than three field goals during the entire game, two coming in the second half. Millersville jumped into the lead shortly after the opening whistle and held it to the end. The Big "5" began finding the nets with the beginning of the final period and ran up a comfortable lead which they held to the end.

Henry and Kline lead in the scoring each man accounting for three double deuckers each scoring as many goals as the entire Mt. Joy five, this is the second time this week that Henry has duplicated this feat. On Tuesday against Manheim he scored himself as many goals as the entire Manheim team and again last night he turned in the same feat against Mt. Joy.

Independents Won

Mount Joy has a real team in its Independent Five and the way they piled up 2-pointers Monday night in the preliminary game against the E'town Independents more than surprised the spectators. C. Hendrix was the star of the game with 14 field goals to his credit, scoring a total of 29 points. Mateer and Weaver also played a bangup game. The score:

RHEEMS QUINTEZ BEATEN BY MANHEIM RESERVES

The Manheim High School Reserves topped the Rheems town team in a game at Manheim by a score of 32 to 26. The Reserves played hard ball and were forced to extend themselves in order to come out ahead. Graybill, with eight field goals, was the big show for the losers while Bishop and Hossler, with five goals apiece, featured for Manheim. Summary:

Manheim Res.	Rheems (26)
Bishop forward	Weaver forward
Pautz forward	Raffensberger forward
Hossler center	Graybill center
Rettew guard	Heisey guard
Bomberger guard	Shenk guard
Field Goals—Bishop 5, Pautz 3, Hossler 5, Graybill 8, Foul Goals—Pautz 6, Weaver, Raffensberger 4, Graybill 3. Referee, Hahn. Timekeeper, Balmer.	

Shots At The Basket

Hershey easily defeated Manheim Friday night 64 to 19.

The Lititz High School won nineteen games in a row thus far.

Manheim High easily defeated Marietta High 62 to 34 at the former place Friday night.

Marietta like Elizabethtown, quit the Inter-County League and the Millersville Big Five took its place.

DELIGHTS OF LIFE IN LONDON

Fog Frequently So Thick That the Strongest Artificial Light Cannot Pierce It.

The worst fog in 20 years was experienced in London when 900,000 tons of soot were suspended in the atmosphere in which 7,000,000 people attempted to live, work, and worst of all, to get about, a short time ago. The possibility of reaching one's destination was ascertained only by the laws of probability and chance. Fire engines called by duty went through the pitch-black streets preceded by a man on foot with a lantern. Buses adopted the lesson of the wagon trains that crossed the Western plains during the gold rush and traveled in convoys of nine or ten, also led by a man on foot with a light. The busy traffic centers were marked by four to ten huge acetylene torches which pierced the surrounding darkness for not more than fifteen feet. Accidents were innumerable. Prince Henry attempted to motor from London to Whitebury for a hunting engagement, and after narrowly escaping two collisions then decided to speed the night at half-way house.

A freakish incident occurred when two women, lost within two squares of home, were directed by a blind veteran whose misfortune made him impervious to fogs in a district he knew by heart.

Nigerian Products.

A Nigerian trade review shows that goatskins used in making the finest boots, go mainly to the American market. Palm kernels from the south, especially Yorubaland, are extracted from the shells by hand. Before the war most of the kernels went to Germany, whence in consequence Great Britain had to import a large proportion of the oil required for making margarine. The export of palm kernels is over 200,000 tons, while that of palm oil is over 100,000 tons. The oil supplies work for men, as the kernels for women. It enters into the manufacture of soap and candles. The value of the tin ore production is between one and two millions sterling. The distance of the tin fields from the coast is a handicap to the trade. Railway expansion has made things easier, the light railway to Bakura, built for the purpose, having proved most serviceable.

Old Man's Marital Philosophy.

A ninety-year-old bridegroom started his sixth honeymoon walking part way from Winona, Tenn., to Cincinnati, Ohio, with his twenty-six-year-old bride as an example for other young married couples. "Ninety is a lot more sensible age to get married at than nineteen, like a lot of them young snips do," he said. "When a man is ninety he has good sense, so he don't make mistakes. I started marryin' when I was twenty-three. I'm sorta getting used to it by now. When you haven't had more than one wife you don't know anything." Mary Jane, his wife, said it was love at first sight. "He met and married me in an hour," she said. "He wanted some one to do housework and I said I would take the job. Then he asked me if I wouldn't marry him."

The large circulation of the Bulletin makes it the best advertising medium in this section of Lancaster county. Give it a trial and be convinced.
