MAIN STREET WILL BE MACADAMIZED

THE WORK WILL BE DONE THE COMING SUMMER AT AN EXPENDITURE OF ABOUT \$12,000.

There was a special meeting of Mount Joy Borough Council on Monday evening at which time the necessary steps were taken to macadamize Main street from one end of the town to the other, the approximate cost of which will be about \$12,000. Everyone will agree that this much traveled thoroughfare needs repairing—even the State Highway Department. Recently officials of the department made a trip of inspection over this street and then made the following suggestion. The state will macadamize the street, to a width of eighteen feet and make all ordinary repairs that will be required in conjunction with the work, which is estimated to cost \$12,000, if the borough will pay ten percent of said cost or \$1,200.

The matter was taken up with Solicitor Jno. A. Coyle, who stated that when the State took over the turnpike, it did not take that portion of the pike in Mount Joy Borough, therefore it is up to the borough to see that it is kept in shape.

Burgess Bachman and all the Councilmen present, Messrs. Fellenbaum, Zeller, Ream and Hauer unanimously agreed that the State's proposition was a good one and the resolution offered to that effect passed unanimously.

The portion of Main street to be repaired is one and two-tenths of a mile in length. The surface will be removed and a good base with a modern macadam surface will take its place.

The cost to the borough will be a trifle more than it would cost to give this street a good coat of oil and trap rock.

CLARENCE CRALEY, FORMERLY OF TOWN, IS IN TROUBLE

Clarence C. Craley was arrested in Reading on Friday, by Constable T. J. Keener, of Lancaster, on a warrant issued by Alderman Doebler. It is alleged that on March 13, Craley maliciously and intentionally broke thirteen large window lights, sash and frames belonging to Mrs. J. C. Kaylor at Mount Joy. Craley was brought to Lancaster and gave bail for a hearing.

The above trouble grew out of a dispute in ownership of a factory building here which, when in operation, was occupied by the Craley Manufacturing Company.

Here it is reported that Craley came here on the night in question with a large auto truck, and removed all the window frames and sash from the building.

FOUR CHILDREN STRUCK BY TROLLEY

KNOCKED OFF A BRIDGE AND LANDED ON THE RAILROAD TRACKS TWENTY-FIVE FEET BELOW.

Four Elizabethtown children were seriously hurt, three probably fatally, when they were struck by a Hershey-Elizabethtown trolley car, as they were crossing the bridge three miles north of Elizabethtown at 10:30 Saturday morning. They were tossed off to the Cornwall and Lebanon railroad tracks, a distance of 25 ft. They are Harry Cover, 12 yrs. old, son of William Cover, fractured right thigh; many body injuries. Clarence Cover, 6 years old, son of the late David Cover, fractured right leg and probable fractured skull. Dorothy Cover, 4 years old, daughter of the late David Cover, probable fractured skull; cuts and bruises about the body and probable internal injuries.

The children were returning from a fishing trip in the Conowingo and crawled to the top of the bridge. They were nearly across when the trolley loomed in sight. Before the trolleyman could apply the brakes, the trolley struck the children and they were tossed to the tracks below.

The car was stopped and passengers rushed to their aid. It was seen that three of them were in serious condition and a physician from Elizabethtown was summoned. He gave them temporary treatment and then took them to the Lancaster General Hospital in an automobile driven by Robert H. Forney.

The children are all residents of Elizabethtown. The father of Dorothy and Clarence Cover was killed two years ago while in the employ of the Electric Company. He was electrocuted when he came into contact with a live wire. Their mother, is residing in Philadelphia.

The conductor of the car was J. Beislime. The car which struck them was due in Elizabethtown at 10:45 o'clock.

FLAMES DAMAGE WELL KNOWN CHICKIES PARK

A serious forest fire raged on Chickies Hill Sunday afternoon and caused considerable damage before it was brought under control. The flames had their origin in the hollow on the south side of the park, where the dry grass was ignited from some unknown cause. The flames leaped rapidly up the side of the hill into the park. Many chestnut trees that had been killed by the blight fell an easy prey to the flames and were consumed while other live trees were badly damaged by the flames. The fire ate its way into the park, where the tall grass was consumed like paper. The flames communicated with the small round observatory building that stood at the point of the park just over the rock. This building was entirely consumed also a number of tables and benches that were in the path of the flames. Word was sent to Columbia of the fire and Tuffield Olena, the owner of the park, sent a force of men and the chemical engine of the Keystone Company to the scene. The men fought the flames and dug trenches to stay their progress. They succeeded in checking them when within ten feet of the dancing pavillion. When it was found that the pavillion and other buildings were in no danger the chemical engine did not go into service. The flames roused a great deal of destruction and many of the finest trees in the famous picnic resort were badly damaged.

FLORIN TRUST COMPANY IS MADE BURGLAR PROOF

The Florin Trust Company, always ready to give the best protection to its customers, have just installed the latest improved burglar-proof lock system on their vault, which makes it impossible for any burglar to burn his way into the vault. The lock has never failed to work and has prevented many robberies. All of the recent successful bank burglaries have succeeded through the use of acetylene gas and oxygen by burning through the vault door, but this new lock prevents them from getting into the vault, and this lock on the vault door together with the burglar insurance gives the public the protection which it should have in accordance with the bank's policies.

Dates of fairs in several counties of the State this year have just been fixed. In most cases they are several days earlier than in previous years. Among those announced are Blair County, Altoona, August 16-18; Wayneburg, August 22-26; Lewistown, August 23-26; Lebanon, August 30; September 2; Washington 2; Newport, September 6-9; Montrose September 27-30; Bloomsburg, October 4-7; York, October 4-7; Milton, October 12-14; Lewisburg, October 25-28; Reading, September 13-17; Hanover, September 20-23.
