MEN OF GENIUS NOT 'SMART' English Professor Declares They Are, In Fact, Extremely Slow to Grasp a Point.

HYDRO-ELECTRICITY THE POWER OF TODAY

'The potential water-power of the nation, according to the Smithsonian Institution, is 200,000,000 horse-power. We are reminded by the New York World that the doubling of the cost of coal within recent years has made it necessary to develop cheaper power...

From the Philadelphia Public Ledger of December 29, 1921, we quote as follows: Chippewa-Queenston Development of Canadian Hydro-Electric System Finished...

Existing and projected development on the American side has a poetical production of 420,000 horse-power from upper river diversion. Power development on the Canadian side has been under Government control...

Water-power plants as an investment have many advantages over other enterprises, the chief ones being: low cost of operation, large and continuous revenues; they are not affected by strikes...

ELECTRICITY—Carrier of Light and Power; Devourer of Time and Space; Bearer of Human Speech Over Land and Sea; Greatest Server of Man—Itself Unknown.

THE HYDRO-ELECTRIC COMPANY WOOLWORTH BUILDING LANCASTER, PENNA.

RHEEMS

Good Friday was observed by quite a number in this vicinity. Miss Susan Dougherty spent Easter Sunday at Elizabethtown.

Charles Riedorf delivered a number of valuable Holstein cows to the Keller Brothers at Mount Joy. Mrs. Anna R. Ely of Mount Joy spent one day last week as guest of her sister Mrs. S. S. Kraybill and family.

Mr. and Mrs. William Grimm of Lebanon, spent Easter with their parents, Mr. and Mrs. Samuel Mason and family. Milton B. Shank son of Postmaster B. F. Shank is filling a vacancy at Mountville as P. R. R. ticket and freight clerk.

Mr. and Mrs. L. Garber who was stricken with a slight attack of apoplexy recently is again on a fair way for recovery. Mrs. John A. Smith and daughter Ruth, Mrs. B. H. Greider and daughter Elizabeth and Elida did their Easter shopping at Lancaster last week.

John Walmer has erected a garage on the rear of his lot with sufficient room for three cars. When completed it will enhance the surroundings very much.

Mr. and Mrs. H. K. Landis, daughters Anna and Lena, Mr. and Mrs. John C. Smith attended a large Sunday School convention during the Easter holidays. Clarence R. Kraybill a time keeper for the state highway department near Williamsport, spent the Easter vacation with his parents Mr. and Mrs. S. S. Kraybill.

Peter R. Kraybill service man who spent about ten months at the Mt. Atli Sanitarium has been discharged with permission to resume his duties as farm agent with headquarters at Williamsport. He claims his condition to be 100 per cent.

Allen Ober is making arrangements for eight hundred chickens in his new chicken house. He has enclosed the plot of ground known as the Rheems base ball diamond with a six foot netting fence where he expects to do extensive poultry business.

ROCK POINT

Wheat has a very promising outlook. Spring is certainly here in all its glory. Manure hauling and plowing predominate around our rural home.

Andrew Reed of Lawn, purchased two calves from E. R. Neideigh, last week. Rock Point School closed its doors on Thursday until the frost gets on the pumpkin.

We enjoyed a several days visit last week with brother J. E. Williams and wife near Rheems. Daniel Derr of near the Iron Bridge steamed Ed Neideigh's and George Hinkle's tobacco beds last week.

Forty acres will be the amount of tobacco farmed on the Duffy farm. The Robin Redbreasts are chirping out their melodious melodies up among the apple blossoms in the orchard.

The Neideigh sisters, Mary and Ruth, took in the spelling bee, that was pulled off at Kinderhook on Thursday evening. E. R. Neideigh and George Hinkle of Mt. Joy, who sold their tobacco shipped their goods on Tuesday.

Howard Landis, who is extensively engaged in the chicken business, at his home near Rheems, had the misfortune of losing 35 peeps through some prowling miscreant. Sunday School services were held last Sunday at the Brethren's Church, Marietta. A large invoice of school books were in attendance which speaks highly of its appreciated work.

The Captain Childs G. A. R. Post of Marietta held a smoker at their club room on Monday last to commemorate the surrender of General Lee, at Appomattox, on April 9, 1865. 'Butch' Stine and James Shireman of Marietta, are the battery that Geo. Hinkle has employed to sling the goods among the corn stalks on the Duffy farm preparatory to tobacco planting.

Roscoe Cheek Alice is all right—now as far as domestic help is required. She has installed a buxom young widow from Bainbridge, to assume the duties of chief cook and bottle-washer.

PEOPLE OF OUR TOWN

Now, Bill, you know I'd like to go to Louise tonight— but you know how it is— 'T' wife.

The Helpless Hubby is trying to knock out of something he hates to do by Dragging his Wife into it. He uses her as an Alibi for Everything from his Failure to Make a Million, to Dodging unpleasant Duties, and thus acquires an Undeserved Reputation for being Heppelbecked. This shift-y Guy is a Direct Descendant of Adam.

How's This? We offer \$100.00 for any case of catarrh that cannot be cured by HALL'S CATARRH MEDICINE. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System.

A Good Truck Farm. I have a 4 1/2-acre truck farm close to markets, best limestone land, 9-room brick house with bath, slate roof; frame barn with slate roof, tobacco shed, ice house, chicken house and hog pen, fruit wonderful garden. Property is located on a pike. Will sell for less than it would cost to build a house like the one on the premises. Act quick if you want it. J. E. Schroll, Mount Joy.

The fellow who gets bad in Pittsburgh will regret it. The police have been equipped with riot guns and told to shoot to kill.

JOY STATE OWNS FORESTS

AGGREGATING 1,126,000 ACRES Pennsylvania in 1920 and 1921 purchased 77,554 acres of forest land and placed it under the administration of the Department of Forestry.

According to the biennial report of the department just published, the report shows that the total area is 26,236 acres. That land had a purchase value of \$2,546,400 or \$2.26 an acre. Much of the land now is worth many times that price.

The department in 1921 made a survey of the forest land of the state available for acquisition by the Commonwealth, and the department received offers for 489,353 acres. Verbal offers were made to the department covering more than 250,000 additional acres. The state however, was not in a position to purchase the land.

A \$25,000,000 bond issue is proposed for the purchase of 5,000,000 acres of waste land in Pennsylvania. The studies of the department show that if the money is made available and the devastated forest land is purchased, the entire amount will be repaid, principal and interest, within a reasonable time by the growth of the forests.

Shoot Cable Over River. Telephone and press communication with Portland and points as far north as Montana, cut off recently by the overflowing of the Santiam river, in central Oregon, was restored by shooting across the river a weight to which was attached a light wire.

Too Much Cut Out. 'Your show can play in Plunkville if you cut out the objectionable features.' 'Won't pay me.' 'Nonsense. You can continue to charge \$2 per seat.' 'Not for a ten-minute show.'—Louisville Courier-Journal.

Radium in Brazil. A rich field of radium has been reported in the state of Minas Geraes in Brazil, according to a traveler who has just returned from South America. The radium is in the form of uranium oxide.
