Good E. Donegal Farm.

If any one wants a real good East Donegal township farm, along the Donegal creek, with the best of limestone soil, here's your chance. 107 acres, seven acres of which is good meadow, farm divided into six fields, new barn 48x90, 8 room brick house, summer house, shedding for 10 acres of tobacco running water at the barn and house. Buildings in exceptional shape farm is convenient to markets is an excellent producer and can be bought at \$180 an acre. If interested call, phone or write Jno. E. Schroll Realtor, Mount Joy.

Its One of the Oldest.

The Brickerville Lutheran church which was dedicated last week, after considerable renovation, was built in 1806-7. Incomplete and rather indefinite records show that the first church building was erected about 1774. The congregation was organized about 1727, but little is known of its early history.

Joining a Christian church because it is likely "to help one's business or social ambitions" is simply blasphemy of the worst sort.

New England produces about 500,000 pairs of shoes each working day of the year.

Straw, baled, \$11.00 and \$12.00 a ton.

HOUSEWORK IS A BURDEN Philadelphia.—An operation in which five inches of shin bone were cut from the leg of a four-year-old boy to replace five inches of his spine was performed in a hospital here.

The patient, George Hawkins, was brought from his home at Concord, Mass., by his parents. He is paralyzed from the hips down.

The operation took an hour and twenty minutes. The piece of backbone that was removed was diseased and is said to have caused the paralysis. It was not necessary to put a plate in the boy's leg, as physicians said that, because of his age, the shin bone will grow in such a manner as to replace the portion removed.

Rat Wore Jewelry. Upper Sandusky, O.—A jewelry wearing rat has been found here. A year ago Paul Sammet of near Crawford lost a gold ring in the barn on the farm. Persistent search failed to locate it. One day recently Sammet saw something glitter on a rat he had caught in a trap. Examination disclosed the missing ring on the rat's neck.

Boy, 13, Imprisoned for Killing Pal. Harrisburg, Ill.—For killing his thirteen-year-old companion in a quarrel following a basketball game, Ollie Covert, thirteen years old, has been sentenced to two years in the penitentiary on charges of involuntary manslaughter.

Let Mrs. Mary Graves Tell You Her Poultry Raising Experience "Three years ago I bought an incubator. This year I've made money. Rats stole my baby chicks. Didn't know until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in hennery. Kept finding them. Suddenly they disappeared altogether. It's the only sure rat killer." Take Mrs. Graves' advice. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by H. S. Newcomer, Dr. W. D. Chandler, Brown Bros. Dr. E. W. Garber, Mount Joy.

17 YEARS' WORK RUINED BY GIRL

Eight-Year-Old Tot Destroys Pipe Organ Man Had Spent Many Years in Building.

New London, Conn.—Over in the village of Westerly, R. I., everybody knows George W. Holland, and everybody knows that George tinkers with things. They know also that for 17 years George has labored away in his musty workshop on a pipe organ, and the other day he proudly displayed it. In Philadelphia there was a purchaser waiting for this product of his mechanical ingenuity.

The Philadelphia man, however, will never get that particular organ. Recently the workshop was entered and George's work of 17 years was ruined in less than 17 minutes—ruined with tar, aluminum and gilt. George quit his tinkering and began searching for the organ wrecker. The guilty person deserved severe punishment, and George was determined to see that the guilty person got it.

The mayor of Westerly, Deputy Sheriff Casey and everybody else who

RUINS WORK OF SEVENTEEN YEARS.

knows George and who had seen the wreck of the organ were also determined about that. Tar had been poured into the instrument, destroying its delicate mechanism. Cans of aluminum and gilt had been emptied over it, and its pipes and reeds and ivory keys had been torn apart. Seventeen years of painstaking work gone for nothing.

The hunt for the culprit began with vigor and with vigor it was carried on, but after three days the investigators began to get pretty glum. Deputy Sheriff Casey's own particular glumness was apparent as he walked out of the workshop for the fifteenth time without getting a clue. Up to the deputy sheriff marched a box of six. "Hello, Mr. Casey," he said. "I know who did it." Casey's eyes opened wide.

"Yes, sir," went on the boy, "twas Alice Hooper, and Alice knows I know, too."

In five minutes Deputy Sheriff William H. Casey presented himself at the home of Alice Hooper, aged eight. Yes, she did it, Alice said, and she sorry because they Alice said, borrowed the ladder which she used to enter the workshop.

Deputy Sheriff Casey made an official report, and when George learned that Alice was eight and her brothers were five he said he guessed there wouldn't be anything to do about it after all.

PUT SHIN IN BOY'S SPINE

Five Inches From His Leg Used to Replace Diseased Bone in Boy's Back.

Philadelphia.—An operation in which five inches of shin bone were cut from the leg of a four-year-old boy to replace five inches of his spine was performed in a hospital here.

The patient, George Hawkins, was brought from his home at Concord, Mass., by his parents. He is paralyzed from the hips down. The operation took an hour and twenty minutes.
