

USE LEGGETT'S No. 3 DUST

Wet or Dry "It Sticks"

A practical bug killer combined with Bordeaux Mixture makes No. 3 Dust the ideal spray material for use on Tobacco, Potato, and practically all crops, with the exception of tender foliage, such as stone fruits, etc.

INCREASES THE YIELD HELPS PRODUCE A QUALITY CROP

To PRODUCE A GOOD CROP, to INCREASE HIS YIELD, to MAKE A QUALITY CROP, is the aim of every grower.

Spray material that will enable the grower to accomplish this is now available, as proved by extensive use for several seasons past, not only by the large growers, but by Experiment Stations in all sections.

With BLIGHT and other FUNGUS DISEASES so prevalent, the selection of spray material is now a much more serious problem than formerly, and should receive more attention if best results are to be expected.

If it was simply a matter of controlling potato bugs, tobacco worm or other chewing insects, the grower could continue using Paris Green, Lead Arsenate, Calcium Arsenate, etc., with the assurance that either would do the work satisfactorily.

BLIGHT, especially on potatoes, is so serious in its effects that the grower who does not take some steps to control it will be almost sure to sustain a heavy loss.

After investing in expensive fertilizer, implements and seed, with every indication of a good crop, does it pay to take a chance with blight and its effects?

It is recognized by the large growers that the most efficient material to use is one that will act quickly when necessary to control insects, and at the same time act as a tonic for the plant, being effective in controlling blight and flea beetles.

In No. 3 DUST the grower is assured a material that is quick and positive bug killer, that STICKS TO THE FOLIAGE if dusted or that will stay in suspension in the spray tank if mixed with water.

No. 3 DUST when manufactured is divided into such minute particles that when applied to the foliage it PROTECTS THE PLANTS against disease, and is more readily absorbed by the insects. Being so adhesive, it is MORE LASTING IN ITS EFFECTS.

No. 3 DUST has been used successfully for many years past in the control of the Colorado Beetle, Tobacco Worm and other insects, and, containing Bordeaux, it has a tonic effect on the plant.

LEGGETT'S No. 3 DUST

"It Sticks"

No. 3 DUST keeps the plants green longer, INCREASING THE YIELD and making a SOUNDER and BETTER KEEPING CROP. Growers of certified seed will find No. 3 DUST a BIG HELP.

After the blight appears it is in most cases too late to prevent damage. The use of No. 3 DUST should begin as soon as the plants are a few inches high, so that the spores of fungi may be checked in their development and a healthy growth of the plant assured.

No. 3 DUST controls the bugs, INCREASES THE YIELD and IMPROVES THE QUALITY of your crop.

A FEW EXPRESSIONS FROM GROWERS

- "It did the work, killing the bugs."
- "Have used your No. 3 DUST for the past three years very successfully. The No. 3 DUST is the best remedy I have used. You cannot recommend it too highly."
- "The No. 3 DUST is doing the work and putting other tonics on the run."
- "I have used your No. 3 DUST for three years and am more than pleased with results. It kills bugs just as thoroughly as Paris Green and at less expense. Also is as good as one application of Bordeaux."
- "As far as we can learn, the No. 3 DUST was entirely satisfactory. We had some very gratifying reports."

BOYS AND GIRLS LIKE CLUB WORK

Members Pay Way Through College From Money Earned in Different Branches.

GIRLS TAKE HOME ECONOMICS

Number in Southern States Attending School on Scholarships Won is Placed at 1,056—Alabama Women Assisting.

(Prepared by the United States Department of Agriculture.)

In 15 southern states 2,042 boys' and girls' club members last year paid all or part of their school expenses from money earned in club work. In other sections 1,344 former club members are now attending agricultural colleges, most of whom are partly paying their expenses from club-work earnings. This does not include 465 girls taking home economics in various colleges. The number of boys and girls in all the states attending high schools, normal schools, and colleges on scholarships won for club work is 1,056. These clubs are an important feature of extension work as carried on by the United States Department of Agriculture co-operating with the state agricultural colleges.

Begun Work Early. These boys and girls did not wait until ready to go to high school or college before starting their club work and savings. Some began two, three or more years before, or, as one boy said, as soon as he could, meaning 10 years—the youngest age at which children are admitted to the clubs. Two girls of Mobile, Ala., with a flock of chickens, began their savings three years ago. In Georgia a number of club girls have started "go-to-college funds."

They put the money realized from the sale of their club products, which are mostly fancy packs of preserves, jams, and marmalades, in the bank to their own credit. Thus far 200 Georgia girls are attending school on the proceeds from their work.

A Pig Club Boy Preparing His Prize Winner for the Show Ring.

Scholarship is Voted. Another development from the interest shown in education by the club girls is that in Birmingham, Ala., the members of women's clubs became so much interested that they voted an annual scholarship of \$200 to be lent to girls wishing to prepare for home demonstration work.

WARM RECEPTION FOR MITES Kerosene Will Prove Efficacious in Keeping Pesticiferous Little Parasites Away.

Hot weather brings the roost mites. They multiply so fast that the hen house is soon swarming with them. The egg yield then drops to almost nothing. The process of keeping out the mites is one of the simplest in poultry culture," says A. C. Smith, head of the poultry division at University farm. "Kerosene will do it. It is easily applied, either by a broad flat paint brush or a spray. The paint brush will save kerosene, but takes time. The spray will save time and use kerosene. Take your choice, but paint or spray the roosts and supports with kerosene before the mites put in an appearance.

"The morning is the best time, as the roosts will be dry and much of the odor will have disappeared before the hens seek the roosts. Repeat every two weeks during warm weather."

KEEP UP VEGETABLE SUPPLY Farmer Should Not Overlook Importance of Making Successful Plantings in Garden.

Do not overlook making successive plantings of vegetables in order to keep up as steadily as possible a timely fresh supply. Among such vegetables are radishes and beans. Pale snap and pole lima beans will come nearer growing a supply of green beans than the bunch beans.

SUPERIOR FARM IMPLEMENTS

Good Tools of Far More Importance Than Some Farmers Believe—Poor Ones Unsatisfactory.

Good implements are far more important in good farming than some farmers believe. It is a very hard matter to do good farming with poor or unsatisfactory farm implements. Considering their utility, farm implements are cheap.

A Good Truck Farm.

I have a 4 1/2-acre truck farm close o markets, best limestone land, 9-oom brick house with bath, slate oof; frame barn with slat roof, tobacco shed, ice house, chicken house and hog pen, fruit wonderful garden. Property is located on a pike. Will sell for less than it would cost to build a house like the one on the premises. Act quick if you want it. E. Schroll, Mount Joy.

PENNSYLVANIA DUTCH

What Shilkey Bumblecock Has To Say This Week

Un des brooft os mer sich aw uff en jury farlussa con won anyhow anes fun ena en gentleman is.

Good E. Donegal Farm.

If any one wants a real good East Donegal township farm, along the Donegal creek, with the best of limestone soil, here's your chance. 107 acres, seven acres of which is good meadow, farm divided into six fields, new barn 48x90, 8 room brick house, summer house, shedding for 10 acres of tobacco running water at the barn and house. Buildings in exceptional shape farm is convenient to markets is an excellent producer and can be bought at \$180 an acre. If interested call, phone or write Jno. E. Schroll Realtor, Mount Joy.

"COLD IN THE HEAD"

It is an acute attack of Nasal Catarrh. Those subject to frequent "colds" are generally in a "run-down" condition. HALL'S CATARRH MEDICINE is a treatment consisting of an Ointment, to be used locally, and a Tonic, which acts quickly through the Blood on the Mucous Surfaces, building up the System, and making you less liable to "colds." Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, O.

Good House for Sale

I have a good 8-room house on West Main street, in A1 shape that I will sell very reasonable. If interested will be pleased to show same. It pays better to own a home like this than pay rent. J. E. Schroll Realtor, Mount Joy.

THE PRODUCE AND LIVE STOCK MARKET

CORRECT INFORMATION FURNISHED WEEKLY BY THE PENNA. BUREAU OF MARKETS FOR THE BULLETIN

Herewith is a corrected weekly report of the Lancaster markets relative to produce and live stock:

Range of Prices

Beets: Homegrown and N. J. good quality, 5c bunch.
Beans: Homegrown, green, good supply, 10, 15c one-half peck.
Cabbage, Homegrown, new stock, fair supply, good condition, 4 8c per head.
Cauliflower: Calif., supply fair, good quality, 10-20c per head.
Corn: Homegrown, supply increasing, fair quality, 40-60c per dozen.
Cucumbers: Nearby, fair supply 3-8c each.

Egg Plants: Fla. supply fair, 10-25c each.
Lettuce: Nearby long leaf, 5-15c head. Fla., 10-20c head. Calif. iceberg, 15-25c head.

Onions: Texas, new stock, yellows and whites 15-20c qt. box; green 3-8c bunch.
Parsley: Nearby, good quality and condition 1 @ 3c bunch.

Peas: Homegrown, supply decreasing, 25-30c one half peck.
Peppers: Fla., fair supply and quality, 2-5c each.

Potatoes: Nearby Irish Cobbler, good quality and condition, 25-30c half peck. New stock, Fla., No. 1, 25-30c one half peck.

Spinach: Nearby, fair supply, 20c one half peck.
Sweet Potatoes: N. J., supply fair, 25-35c 1-2 peck.

Radishes: Homegrown, good supply and fair condition, 3-8c bunch.
Parsnips: Nearby, fair supply, 10c qt. box.

Tomatoes: Fla., supply good, 15-20c box.
Turnips: Nearby, fair supply and condition, 20c one fourth peck.

Rhubarb: Homegrown, good supply 5-10c bunch.

Fruits
Apples: Homegrown varieties, fair supply and condition, 35-40c 1-2 peck.

Grape Fruit: Florida, good supply, 10-20c each.
Cantaloupes: Fla. and Calif. fair supply, 5-15c each.

Currants: Homegrown, 20-25c qt. box.
Gooseberries: Homegrown, 20-25c qt. box.

Lemons: Calif., good supply and quality, 20-30c per dozen.
Oranges: Florida and California, supply good, quality and condition good 30-75c dozen.

Pineapples: Havanas, 10-25c each.
Peaches: Homegrown, supply fair, 15-20c box.

Cherries: Nearby, supply limited, 20-25c ft. box.
Blackberries: Homegrown, fair supply, 20c qt. box.

Raspberries: Homegrown, 20-25c qt. box.
Watermelons: Ga., fair supply, 50-1.00 each.

Huckleberries: Limited supply, 25-30c qt. box.
Butter: 38-45c lb. Creamery, 40-50 cents pound.

Eggs: 27-30c doz., storage 24-25c.
Poultry: Dressed chickens, \$1.25-\$2.25 each. Springers 75c to \$1.00 each. Squabs, 30-40c each. Ducks, \$1.30-2.50 each.

Lancaster Grain and Feed Markets.
Prices Paid to Farmers.

Dairy Feed: 16 1/2%, 34.00-\$35.00 per ton.
Dairy Feed: 20%, 40.00-\$41.00 per ton.
Dairy Feed: 24%, 46.00-\$47.00 per ton.
Dairy Feed: 25%, 49.00-\$50.00 per ton.
Horse Feed: 85%, 39.00-\$40.00 per ton.

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Mount Joy resident's example. Mrs. Mary Shires, 27 Mount Joy street says: "A gold settled in my kidneys and before long I was miserable. As soon as I started to do my work, my back began to ache and so severe did the trouble become that I couldn't even lift anything. I had to get someone to help me to do my household work. My nerves were in bad shape. Dizziness bothered me and the kidney secretions were scant and otherwise disordered. When I heard of Doan's Kidney Pills, I got a supply at Garber's Drug Store and they put my kidneys back in good condition. The backache and other troubles were corrected, too."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shires had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

When and Where to Buy
The time to buy is now. The place to buy is from merchants who advertise their wares for the benefit of the public. Read the advertisements in this and every other issue of the "Bulletin" and you will save some real money. The summer reduction sales are now on. Mount Joy merchants are offering real bargains. There is no reason why you should go elsewhere.
