ON THE GRIDIRON

MOUNT JOY A. A. WON A GOOD GAME FROM HERSEY ON SATURDAY--FINNEGAN KRAMER STARS

The Mount Joy Athletic Association foot ball team on Saturday afternoon defeated the strong Hershey team by a score of 18 to 6.

Two players on the Hershey team were seriously injured. Putt, playing left guard, had his ankle broke in the first quarter and was taken to the office of Dr. A. F. Snyder and later taken to his home in an automobile. Walters, who played a star game at quarter back, was put out of the game in the last quarter with several fractured ribs. He was also taken to the office of Dr. Snyder.

"Finnegan", Kramer, the star of the 1916 foot ball team returned to the gridiron and was the star performer with a seventy-five yard run He intercepted a forward pass which was thrown by Walters and raced to the five yard line where he was touched by E. Zimmerman. On the next play he crossed the line for a score.

Hershey made the first score through a variation of plays with J. Zimmerman crossing the line for a score in the first quarter. After this score Hershey was unable to make a first down the rest of the game.

Mount Joy scored twice in the first quarter when Kramer made his seventy-five yard run and on the next play crossed the line. In the same quarter the locals rushed the ball from the middle of the field to the goal line when Germer made the second touchdown. Neither team was able to score in the second period as the ball most of the time was in the middle of the field.

The Association gridiron made their last score in the third quarter when Myers blocked a kick. The ball went out of bounds and "Ted" Klugh fell on it on the one yard line Ellis on the next play carried the ball across for the final score. Line-up and summary:

A BIG DEMAND FOR LOW AUTO LICENSE TAGS

The first 500 automobile license tags for 1923 have been applied for more than twice over. There is a greater demand than ever known before for the low numbered tags, but it is the policy to restrict them to the State government and its officials as much as possible. Among the unusual applications filed lately in the rush to enter papers for 1923 licenses was one in which a man asked for "anything with more than five figures." The plan is to begin shipments of tags for 1923 early in November.

New Forage Crops For Porto Rico

Forage crops introduced into Porto Rico by the Federal experiment station have given great impetus to cattle raising on the island, according to reports received by the United States Department of Agriculture. The station has found the velvet bean and the Crotalaria successful crops to furnish concentrated feeds, as well as valuable for soil improvement. Napier, or elephant grass, has proved the best of the introduced grasses for roughage, although Guatamala grass does well on dry land, and a pasture grass from Java has been found excellent.

KINDERHOOK

Miss Katherine M. Propst, of Clifton Springs, N. Y., is visiting her parents, Mr. and Mrs. James M. Propst.
The hike to be held under the auspices of the Young Men's Bible class last Tuesday was postponed owing to the inclement weather. The Building Society met at the home of Miss A. Elizabeth Greene. After the business session a social hour was spent. A program was rendered.
