The commission, because of the delay necessary under the law from the time of the introduction of the bond issue resolution, has not had any duties to perform yet.

Payments under the act would be at the rate of \$10 a month to men who served at least 60 days between April 16, 1917 and November 11, 1918, but no payments would be made before January 1, 1926, and the maximum payment would be \$200. Applications would be required not later than June 30, 1925.

## HAPPENINGS IN THE LEGISLATURE

SOME BILLS SIGNED—HAS BEFORE IT SOME FAR-REACHING MEASURES—BAD FEATURES CITED

The title of House Bill 160 and Senate Bill 809 is wholly misleading. It is entitled, "An act concerning counties and county officers and revising, amending consolidating and changing the laws relating thereto." A few of the high spots covered and changed for political purposes only under a title that should specifically cite all such matters are the following:

Taking from the Courts of Common Pleas their approval of all projects contemplating the erection of courthouses, jails, asylums or other county buildings.

Making county controllers the fifth wheel to the wagon of county government. Neither he nor the courts have a word to say about even the plans, specifications or amount of the peoples' money to be expended.

Depriving the county controller of any right or voice in the expenditures of public money without competitive bidding if the sum does not exceed \$500. All purchases over \$100, under the old law, must be advertised by bids.

## BRETHREN IN CHRIST CHURCH WAS DEDICATED AT MAYTOWN

VERY APPROPRIATE SERVICES HELD ON SUNDAY—BUILDING IS A VERY FINE STRUCTURE

The large new church erected by the Brethren in Christ at Maytown, was dedicated on Sunday.

An all day Sunday service appropriate to the occasion was held, the same to be followed with an evangelistic effort every evening during the present week.

The dedication of the house for a place for divine worship was solemnly observed in the forenoon in the following order:

Rev. A. Z. Hess, of this place led the opening devotion by reading the First Chapter Ephesians setting forth the Christian believer's position and standing in Christ, thru pure grace.

Rev. John Martin, of Elizabethtown, followed, using Eph. 2:6 as his text. The theme of this sermon was the inception, establishment and organization of the Christian church in the Apostolic age, giving a brief sketch of its career down thru the centuries of the Reformation under Martin Luther, Menno Simon and others, the emigration of Pilgrims and such who for their religious faith sought refuge from persecution in America, the land of religious freedom.

Rev. Martin, in his address, furnished some interesting data relative to the origin of the Brethren in Christ, commonly known as the River Brethren church; showing how that in the latter part of the 18th century sometime prior to 1790, the approximate date of the organization of the River Brethren, a great wave of religious revival swept over eastern Pennsylvania under the united efforts of Jacob Boehm, a former minister among the Mennonites, and Philip Otterberg, a German Reformed minister, located at Lancaster and later in 1774 at Baltimore.

These men, under the direction and power of God, continued their evangelistic work in eastern Lancaster Co., holding services for days in barns and houses as opportunity afforded, awakening general interest, winning many converts for Christ and spreading over the county as well as the eastern.

Amongst the converts of this time were several of the founders of the Brethren in Christ, and work were the ancestors of many other prominent families history, directly preserved in and under the power of the Holy Spirit of God, this work being largely done by the nominal, but faithful spirit of Brotherly Love, finally the time came when it gained, should be (Turn to page 4)
