DEFINITION OF CAMP FIRE GIRLS

JUST WHAT THE IDEALS AND TEACHINGS OF THIS SPLENDID ORGANIZATION MEAN TO ALL

Mount Joy has had groups of Camp Fire Girls for some time, who are actively engaged in some of the numerous activities of the organization. Most people have a very hazy conception of what it means to be a Camp Fire girl, and, in fact, there are more people in Litzitz who have never even heard of such a thing than there are those who know anything whatever about it. For the information of those who desire to be better informed the following sketch of the program and aims of the Organization is published.

The Camp Fire program is deeply religious in spirit and ideals; it has been tried out for ten years, and the ever increasing number of leaders who find it a most helpful and workable program for girls, as well as the fact that it has been endorsed by leading educators and ministers all over the country are proof that here is a program for the adolescent girl, which is attractive, educational, workable and lasting in effect. GAVE A BANQUET FOR MOTHERS AND DAUGHTERS

The men of the Methodist church gave a banquet for the mothers and their daughters on Friday evening in the Sunday School room. The entire affair was planned and worked out by the men and the ladies were guests. The Mount Joy High School orchestra furnished the music, which was greatly enjoyed. DEED 165 YEARS OLD RECORDED AT LANCASTER

A deed dated October 27, 1758 was submitted for recording Saturday in the Recorder's office. It is probably the oldest presented for months, if not years.

Printed in ink, on sheepskin parchment, the document transfers a property on the south side of West King street from Mathias Seiler to Fayette Miller for a consideration of 160 pounds sterling, "money of Pennsylvania."

"That lot of ground on King St. in the borough of Lancaster, adjoining a lot of Mathias Reaser on the West and bounded on the East by the property of George Swartz, together with a dwelling, a stable and other buildings, at and under a year, by rental to James Hamilton, Esq., for three shillings six pence forever."

Wax seals with imprint probably of "His Majesty" are used. The deed is signed by William Tevon, "one of His Majesty's justices of the peace." The wording of the document is not much different from present day "legal language."

A LARGER DAM THAN HOLTWOOD

ELECTRIC PLANT WILL EXCEED THAT OF NIAGARA FALLS—WILL RAISE THE SUSQUEHANNA 100 FEET

The rock-strewn surface of the Susquehanna below McCall's Ferry will in all probability within five years become a wide, smooth, lake-like plane of water, and all its little islands be buried, the farther down the stream and deeper under water; and mighty river's roar that has been heard without an instant's cessation for uncounted centuries will be stilled, when from a tearing rush, of thousands of boulders it becomes changed into a placid lake of great depth, spreading out east and west and covering hundreds of acres of land and rocky shore that lie along the stream. Many buildings must be moved and the track of the Columbia and Port Deposit railroad relocated, it is said.

For what is considered the greatest single step toward the development of the potential water power of the Middle Atlantic States under contemplation is now taking definite form in the plans of the Sus-

WILL HOLD TAG DAY FOR OUR RECREATION GROUNDS

On Memorial Day, May 30th, the boys and girls will tag you for the Recreation Grounds. It costs money to keep the grounds in order and to supply the necessary equipment. In order to secure funds it is necessary to make an appeal to the community. This appeal is justified, for the grounds are there for the use of the community, open to all free of charge and it is gratifying to see them constantly in use. Their continual use is sufficient evidence of the need for such a place. Surely the community will whole-heartedly for such a worthy cause.

A first prize of \$5.00 will be given to the boy or girl who sells the most tags. A second prize of \$2.50 will be given to the one who sells the next highest number of tags.

Boys and girls. See Alois Heilig or Joseph Moore on Monday or Tuesday day of next week and get your tags. Tag Day starts on Wednesday morning, May 30th. Win that \$5.00.

AUTO ACCIDENTS DURING THE WEEK

BOILING SPRINGS PEOPLE UPSET THEIR CAR IN EFFORT TO PREVENT COLLISION WITH ANOTHER CAR

There were several automobile accidents in this vicinity during the past week but we are pleased to say no one was seriously injured.

Their Car Upset

Mr. and Mrs. Otto of Boiling Springs, figured in an automobile accident east of town Sunday evening when their car overturned in trying to evade another car which ran at an angle around a car coming from the opposite direction, directly into the path of the Otto car. The accident occurred when Mr. Otto tried to prevent running into the oncoming car. The occupants of the overturned car were picked up by passing motorists and brought to the office of Dr. W. M. Thome here for medical treatment. It was found that they were not badly injured. They were taken home by the person who picked them up leaving the wrecked car to be taken care of at a local garage.

Auto Hit by Trolley

The following appeared in Monday night's Lancaster New Era: The automobile of John Engle, of Mt. Joy, was hit by a West Belt trolley car on Columbia Avenue about 9:30 o'clock Sunday evening. In the machine with him were Misses Marian Schaeffer and Grace Engle, and Frank Green, of Elizabethtown. Mr. Engle, driving westward, turned his car aside to avoid another machine and went in front of the trolley car, which operator J. E. Kuhns could not stop in time to avoid a collision. Auto and trolley car were both damaged slightly but nobody was hurt.

AUTO CLUB MET AT BAINBRIDGE

HELD A STREET PARADE HEAD-ED BY THE BAINBRIDGE BAND—ROAD BILL WAS ENDORSED BY CLUB

The most enthusiastic county meeting ever held by the Lancaster Automobile Club was staged at Bainbridge last Friday evening. That town and vicinity gave the motorists a most hearty welcome.

Previous to the meeting a street parade was arranged, which was headed by the Bainbridge Cornet Band and participated in by more than one hundred automobiles. The meeting was held in the Town Hall, which was filled to capacity. One hundred and eight motorists were elected members of the club.

President Gable called attention to the fact that the present Legislature had defeated a bill which provided taxation on the motorists. He said that the Lancaster Automobile (Continued on page 8.)

SALUNGA LAD'S ABILITY PLAYING A HARMONICA

Quivering a mean reed, with tremolo plainly evident and a foot beating time, C. Earl Newcomer, a Salunga boy employed at the Hamilton Watch Company, blew his way into the Lancaster city championship in Mayor Musser's office last Tuesday afternoon.

Before an interested audience the 16-year-old boy, with all the ease and nonchalance of the professional entertainer, produced part of his repertoire, ending with "Mr. Gallagher", which he announced was about the latest out. He rendered "Home Sweet Home" with a sweetness of tone which would have thrilled John Howard Payne himself. And in his "Marching Through Georgia" one could almost hear the "Boys in Blue" tramping alongside the cotton fields.

Dog and Fish Permits

The number of dog licenses issued to May 21, 1923, is 7,234; fish licenses issued number 1,564, the county treasurer's office reports.
