APPLE GROWERS WARNED TO GUARD AGAINST BAD SCAB

As a result of last week's spell of wet weather, the worst epidemic of apple scab ever experienced by fruit growers of Pennsylvania will occur unless rigid and thorough spraying schedules are adhered to, according to a warning issued by Professor E. L. Nixon, extension plant disease specialist at the Pennsylvania State College.
 Scab spores left from last year had ideal conditions for spread and development all of last week. Professor Nixon visited scores of orchards through the State during the week, when rains prevented spraying, and he reports new leaves already badly infected. Spreading to the newly formed apples will come during this week and the only way to prevent great losses is to spray immediately, he says.
 The new State College radio broadcasting station was utilized Monday night to broadcast this warning to farm homes throughout the State. Its usefulness in this capacity is expected to prove a great boon to Pennsylvania farmers.

DEFINITION OF CAMP FIRE GIRLS

(Continued from page 1)
 The 150,000 Camp Fire Girls thirty per cent are already organized in churches.

Camp Fire assists materially in developing the religious life of the girl, which needs the constant guidance and direction of the church, by emphasizing sincerity, personal and service for others.

Camp Fire encourages girls, by award of an honor, to learn how to cook, to order and plan meals, to care of little children, to wash, iron, and mend-in fact, to be a real home woman.

Camp Fire teaches girls to love the out-of-door, to enjoy the wholesome pleasures of hiking, picnicking, out door cooking, camping, etc., instead of the frivolous pastimes of the town and city.

Camp Fire teaches girls to be healthy, by awarding honors for doing the things which health requires of us all. Camp Fire girls sleep with open windows, they drink water night and morning, take setting-up exercises, etc.

Camp Fire teaches thrift. It encourages saving, economy, and simplicity in dress.

Camp Fire teaches honesty, security and loyalty. Its slogan, *Who-ho, made up of the words, Health and Love, make for character building and nobility.*

Camp Fire teaches girls to work together, forgetful of personal advantage because of their interest in the group as a whole.

Camp Fire improves motherhood, by making its girls healthy, happy beautiful girls, who have high ideals and who know how to do the things women should know.

RHEEMS

(Too late for last week)
 A. S. Bard and wife spent Sunday and Monday at Bethlehem, Pa., at the home of Mr. and Mrs. J. K. Bard.

Mrs. William Hassinger of Florin spent ascension day at the home of her daughter Mrs. Grace Garber at Rheems.

Mr. and Mrs. George Stoll of York Mr. and Mrs. Ralph Croll and grandmother Snyder of Philadelphia spent Sunday at the home of Mr. David K. Espenshade.

Charles Musser and force of electricians of Elizabethtown, equipped the Harry Hoover and Mrs. Susan W. Wolgemuth house for electric lights. Charles says let there be light.

Mr. and Mrs. Eli Brubaker, who have attained quite a reputation as butchers and bologna makers, were compelled to make a large amount of bolognas last week in order to meet the great demand.

S. E. Garber and Ezra Zercher fertilizer merchants of Mount Joy supplied their many patrons in West

Donegal and Mount Joy townships with a carload of pulverized molar at Elizabethtown last week.

Mrs. Amelia Shearer and daughter entertained a large number of guests on Ascension day. The honored guests were the following weddingers: Mr. and Mrs. Harry Rohrer, Mr. and Mrs. Martin W. Shearer, Mr. and Mrs. West Donegal

thresher, who is looking forward to a bountiful harvest, spent a number of days at the Groff machine shop making necessary repairs to his engine and baler to be ready for the coming season.

Funeral services for the nine months boy of Mr. and Mrs. Jonas Perrat of near Rheems was held last Saturday afternoon in the church of the Brethren at Rheems. Interment was made at the Green Tree cemetery.

Rev. Ira Gible of Berks county is conducting a series of evening meetings in the Rheems church of the Brethren starting last Sunday evening with the usual interest and attendance to continue for a period of ten days or more.

The S. S. Kraybill family spent Ascension Day at the Pequea apple orchards where they found good prospects for a bumper crop of fruit for 1923. Mr. Kraybill handled nearly five hundred bushel choice apples at his Rheems store and contemplates being in the game for the early and late varieties throughout the season of 1923.

Melvin Fry a prominent mechanic at the Enterline Garage met with a marvelous accident while working in a blow torch for some unknown reason it exploded getting fire to his clothing, fellow workmen endeavored to extinguish the flames which was impossible until the got him to a place where they could apply water. The furious flames burned the flesh on his legs and hands causing great pain. Dr. Simons was called in to relieve the young man who had been stricken with a severe attack of pneumonia during the month of March. At first the injuries were not considered serious but later on Dr. Simons removed him to the St. Joseph Hospital where his condition is as good as can be expected.

VERY SUCCESSFUL FIELD MEET FRIDAY

Of the various competitive grades, the Juniors were the big show, scoring 56 points, while the Sophomores were second with 34. The Seniors, third with 26 and the Freshies fourth with 17 1/2.

DUCKS KILLED BY OIL WASTE

Polluted Waters, It is Declared, Have Destroyed Thousands of the Finest Game Birds.

The destruction of thousands of game birds each season by their alighting in oil-polluted waters has been before the attention of sportsmen for some time, and many efforts have been made to remedy conditions in different sections of the country. A bulletin of the American Game Protective association says that if the oil-burning transatlantic and coastwise steamers would take the same view of the matter as the Northern Pacific railway we would have little cause to worry about the oil menace on tidal waters.

For years many birds have been killed by the oil waste at a round-house pump of the Northern Pacific system at Las Vegas, Nev. The United States bureau of biological survey took the matter up with the company and has been advised that conditions will be remedied immediately. The railroad company is installing an oil-recovery plant at considerable cost, which will not only eliminate the menace to water fowl, but will prove a source of revenue to the company in utilizing materials that up to this time have gone to waste.

Columbia has \$54,823.17 outstanding in school taxes for the past three years and is now wrestling with the problem of how to collect it.

OWL-LAFFS

O. W. L. (On With Laughter)

Well, here we are again—as foolish as ever. A guy told me the other day our Owl-Laffs are crazy stuff and the fellow who writes it isn't any better. Guess he's right—but how about the fellows who read this column?

Last week we kidded a fellow because he married his stenographer just to get her off his pay roll and yet have her work for him. He came back at me with this one. When a girls who takes dictation marries her boss, she becomes boss and he takes dictation.

In conversing with a dusky resident of our borough he remarked that in his estimation shooting dice is a shaky business.

The other day a very much displeased looking chap came into our office and inquired: "Where's the editor?" Our clerk replied: "Out taking flowers to the sore head who called yesterday." Maybe he didn't leave hurriedly.

A West Ward politician asked me yesterday what I thought of Henry Ford as President. I told him that Ford has already proven that he has the makings of another Lincoln.

Money talks in a whisper over in Germany but it doesn't even talk that much around a printing office.

At a local store the other day the clerk told a young lady customer: "This little book tells you how to be popular with the girls." She replied: "What make of car does it recommend?"

They tell me that many important discoveries were the result of accident. Guess that's about right. I'd never have known just how sweet worms tasted if I hadn't eaten chestnuts the other evening.

A customer told Don Gorrecht the other day that she couldn't understand how he can sell solid gold watches for \$15.00. He said that the gold from which they were made was bootlegged from the Canadian klon-dike.

Up at the Lutheran Sunday School last Sunday a teacher asked one of the scholars: "Who was the first man and the first woman." A little boy answered, "Adam and Evil."

One of our business men kidding a small boy who lives on East Donegal street, "Your father is the homeliest man I ever saw." The boy: "He is not. He's never home."

The head of a local firm had caught the errand boy telling lies. "Boy," he said, "do you know what they do with little boys who tell lies?" "Yes, sir. When they are old enough the firm sends them out as salesmen."

A negro woman was proudly displaying her new watch to a colored friend.

They examined the back of the watch and noticed the regulator. The first said: "What dat F and S mean?" After pondering over the question the old lady said, "Ah know; F stands for Fohnoon, and S stands for 'Safnoon."

A little girl went to Henny Garber's for a loaf of bread which cost eight cents. She put seven cents in his hand when he remarked: "That bread costs eight cents; were's the other cent?" The little girl said, "I am the one sent, mister." Henny gave her the bread.

A fellow living on East Main street in the 300 block told us a funny one the other day. He said when he was a baby the ladies threw kisses in his face; when he got married they threw rice in his face and when he dies he said he'd bet a thousand marks that they'll throw dirt in his face.

We met a North Barbara street sport on Saturday night. He was all dolled up, which included what we thought was a Woolworth diamond stud in his shirt. We remarked about it when he replied: "My aunt's wish on her death bed was that I take \$300 in cash which she handed me, and buy a stone in her remembrance. I did."

Why don't some smart aleck invent a scheme whereby cattle could blow their own horns instead of mooing?

Met Friday Evening
 The King's Daughters Bible Class of the Church of God, held their monthly class meeting on Friday evening at the home of their teacher, Mrs. R. J. Myers, on East Main street. A social evening was spent after the business session.

The Bulletin contains more local and up-to-the-minute news than any weekly in this section. Compare it and convince yourself. It costs only \$1.50 a year.

The world needs less population and more men.

THIS SEASON'S SMARTEST SEDAN \$1795, at Factory

Vellie's following among car owners is as distinctive as the car itself—an unusual class, desiring a little more in comfort and luxury than the ordinary; ready to pay a little more for a greater margin of surplus power, greater flexibility and ease of handling, less trouble risk, less upkeep worry; wanting a little more in the final details that mean unalloyed satisfaction.

Yet strangely enough, the Vellie purchaser pays no more for these things. And in the instance of Vellie closed cars, actually pays less.
 This Vellie 5-passenger Sedan, mounted on the Model 58 chassis and powered with the vibrationless, automatically lubricated Vellie-built motor, is choicely equipped down to the last detail of silvered flower vase, vanity case and smoking set.
 Sixty per cent of all Vellie cars are sold to Vellie owners—a positive proof of Vellie value.
 Every time we sell a car we make a friend.

Fordson
 You Will Want Your Fordson Tractor Early

Everything points to the greatest shortage of Ford products this year that has ever existed.
 Never before has the demand been so great.
 You will want a Fordson Tractor early—here is one product you cannot wait for—when the weather opens up you will need it.
 You will want it for plowing, seeding, cultivating—and all your other work. Already it has proved the greatest help to profitable farming that has ever been offered to you. And at \$395 f. o. b. Detroit, the price is so low that you lose money every day you are without a Fordson. To get delivery you must order early.
 There are no reserve stocks among our dealers—our production capacity, great as it is, will not enable us to build up a reserve.
 It must be a case of "first come, first served" and the only way in which you can protect yourself is to list your order with a Ford Dealer immediately.
 By taking advantage of our dealer's first opportunity to make delivery, you will be assured of having your Fordson when you need it.
