BEAUTY SPECIALIST ADVISES

Who says beauty is but skin deep? Edna Kent Forbes doesn't think so and she ought to know, for she conducts a series of "Beauty Chats" which are syndicated to papers all over the country.

Beauty, as Miss Forbes views it from the standpoint of an expert, is at least voice deep. Discussing "Telephone Personality" in a recent "chat" she writes:

"If you call a strange number and a disagreeable voice says: 'Hallo, huh, what do you want?' think of the disagreeable impression you immediately receive! That is one way, though, not a very admirable one, of projecting personality.

"How different from the impression received when a pleasant voice gives a courteous answer and you have the feeling of smiling good will at the other end of the wire. Most people do not know how to answer a telephone. The statements applies particularly to the young girls sitting at switchboards in our modern business offices. There may be quickness and efficiency behind the crisp, curt tones, but there is absolutely no personality and no feeling that this firm would go out of its way to be nice to you. In these modern days your home or your office is usually visited first by telephone. What sort of impression do you give out when you pick up the receiver?"

"I do not know which is worse, the voice which is crisp, curt and impersonal, or the voice which may mean to be pleasant enough but which lacks force and spirit. This lack of spirit is often due to nothing but the inability to throw the voice properly or to enunciate properly.

"These are defects which can and should be overcome. If you put pleasantness and good will into your manner you will give a good impression of yourself over the telephone wire. Remember that the other person has only your voice and words by which to judge you."

CANT DO THE WORK

It's too much to try to work every day against a constant, dull, back-ache, or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them. Ask your neighbor!

Mrs. G. Hoffmaster, 62 W. Donegal St., says: "The trouble I had with my kidneys was doubtless brought on by heavy work, along with a cold that settled on my kidneys. My back pained so severely I could hardly take care of my work. There were sudden twinges of pain through my back that made me feel uncomfortable. Things seemed to be spinning around when I raised up suddenly and pains in my head were very annoying. On my husband's advice I began using Doan's Kidney Pills, procured from Garber's Drug Store. It took only one box of Doan's to remove the dizziness and pains in my head and entirely regulate my kidneys."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hoffmaster had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

CALLS TELEPHONE GIRL BIG FACTOR IN SALES SUCCESS

Upon the telephone girls in large business houses rests most of the responsibility for the success of the sales, is the belief of G. H. Cleaver, manager of the automobile maintenance department of the American Stores Company, who recently addressed members of the Motor Truck Association at the Hotel Adelphia, Philadelphia.

"Telephone girls are the most important factor of a large business house," he said, "it depends largely upon the manner in which the telephone operator in your business house answers the prospective customer whether you make a sale or not."

"Sometimes a girl can chase away more business than ten salesmen can bring in a year, and on the other hand if the girl is polite and courteous she may bring in more business than your whole sales force."

Why Not Use The Best?

Cantilevers Are All-Day Shoes

You can put on a pair of Cantilever Shoes in the morning and wear them until you go to bed at night. You don't have to change into old shoes for comfort; and Cantilevers are shoes smart women wear day-time and evenings with sports clothes and tailored suits.

The supreme comfort of the Cantilever Shoe comes from these features: Each one is designed with a flexible arch, with sole lines that conform to the shape of your foot and with a snug heel seat. The flexible Cantilever arch bends with your own arch from the first step; no stiff shank of ordinary shoes says, "No!" to the free and natural action of your muscles. This and the other special Cantilever features provide the utmost foot comfort, prevent and correct arch weakness, and form a 16-hour shoe for you.
