BUSINESS MEN SHOULD USE THESE ADVERTISING COLUMNS AS THEIR MOUTH PIECE. GIVE IT A FAIR TRIAL AND BE CONVINCED

STREET SCENE HAS CHANGED

AGITATORS HAVE DROPPED (?) THE NARROWER MAIN STREET PROPOSITION— INSTEAD WANT WIDER PAVEMENTS

Evidently there was too much opposition to the narrowing of Main street and those in favor of retrogression (as far as wide streets are concerned) now want wider sidewalks. They want more room for pedestrians, and presumably think, let traffic take care of itself as best it can.

You don't hear of any one objecting to the width of our sidewalks. We are never called upon to block, wrecks, collisions, or the like that may have occurred thru any of them on Main street being too narrow.

Furthermore, several argue that pedestrians need more room and at the same time recommend adding four or five feet to the pavements and planting trees thereon, at the same time leaving the old trees and poles just where they are. How on earth will that benefit the pedestrian? Mr. and Mrs. Public can't walk on those grass plots and over those trees.

Some figure that if the curb is moved out into the street four or five feet it will establish a uniform curb line and the street will look better. At present our curb line on Main street looks as regular and uniform as one could desire but its irregular house lines that make it look out of place.

To date, whenever a property owner was given a grade and lines for a curb and gutter, it was given on a parallel line with those about. Stan! at any corner on Main street and line up along the curb and you will find they are quite uniform. Then line up the house lines and you will find they are not. This accounts for wider pavements at some places than at others.

President Fellenbaum stated at the special meeting of council that some side-walks are only 6 to 7 feet wide while others range from that width up to 15 feet or more. Will adding to these same sidewalks establish a more regular or uniform curb line? In no way that we can see.

If you will measure from the center of Main street toward the curb on either side you will find a slight variance but if you measure Main street from curb to curb from one end of the town to the other, you will find it quite regular.

Then why not do as Mr. Garber first suggested by a motion at Council, i. e., put down the curbs and gutters where they are at present.

It seems to be the impression of Council to leave Main street as it is from Barbara street west some distance just because it is nice and wide, looks fine and the business men there want it but we want to know just why those particular business men should be shown any preference over others along this same street.

Then, too, if that part of Main street looks nice because it is wide, why make the remainder of Main street look worse by narrowing it when you favor a town beautiful?

REV. BAKER OF MAYTOWN HONORED AT GETTYSBURG

Rev. Charles Witmer Baker, pastor of the Lutheran church at Maytown, had the honorary degree of doctor of divinity conferred upon him at the annual commencement exercises of the Gettysburg College, at Gettysburg last week. GOOD PROGRAM FOR CHAUTAUQUA

A SPLENDID LIST OF LECTURES, MUSIC AND DRAMA ARRANGED FOR MOUNT JOY AUG. 20-24

"Never have prospects been brighter since Community Chautauqua was organized in 1913 for a happier, more profitable Chautauqua season than they are today," states Loring J. Whiteside, President of Community Chautauqua, in a letter to several prominent citizens of this community in which the date for our Community Chautauqua is given as August 20-24. Mr. Whiteside claims that Community Chautauqua this season is indeed "The Sign of Good Times," referring not only to the normal business prosperity the country enjoys but also the splendid attractions and joy times prepared for the Chautauqua this year.

The program arranged is one of unusual excellence and is considered by the Community management the best aggregation of music, lectures and drama ever arranged for the celebration of a Tenth Anniversary.

This banner program will be started off on the first night by The Rainbow Sextette of New York City, featuring the Hearsons sisters who enjoy an international reputation as entertainers of the highest rank.

The sextette is composed of six charming vocal entertainers of exceptional ability. Each member of the company is an artist doing individual work of high order. Their program includes many charming novelties and costumed selections taken from the latest light opera successes such as, "The March of The Wooden Soldiers," "Gallagher and Shean" and "Blossom Time."

As a headline novelty feature Community has obtained The McGrath Brothers, famous banjo artists, assisted by Miss Elizabeth O'H, pianiste and entertainer. This company has been associated for years with the B. F. Keith Circuits in this country and they have a world wide reputation as the leading exponents of banjo music. Their program is full of vim and spirit, wonderfully interesting and full of variety ranging from famous operatic and semi-classical airs to sweet negro melodies and modern poplar numbers.

"The Man Worth While" is the subject of the second night lecture by Dr. Robert A. Niles, who is credited with being one of the plat- (Continued on Page 3)

HARRY CHARLES' STABLE DAMAGED BY FIRE

The fire alarm was sounded here at 12:30 A. M. on Sunday morning when it was learned that the large frame stable of Mr. Harry R. Charles, on Poplar street, was ablaze. The poultry house of Mr. Fred Lieberher, adjoining, was also on fire.

Friendship Fire Company immediately responded and with two streams extinguished the blaze except for a portion of the buildings except the roof on the west side of the Charles stable, had fallen down.

At the same time the dwellings in close proximity to the stable, were carefully guarded by the chemical.

The origin of the fire is unknown and the contents at neither place were damaged to any great extent, due to the excellent work of the firemen.

The buildings were partly covered by insurance.

BARN NEAR MILTON GROVE DESTROYED BY FIRE

Fire of unknown origin completely destroyed a small barn at the home of Harvey Wittle at Milton Grove, on Saturday afternoon at about 3 o'clock. The loss is estimated at about \$1,000, and is covered by insurance. A number of chickens perished in the fire.

The blaze was discovered by members of the family and the Mt. Joy fire company was summoned, but the flames had gained so much headway that by the time the firemen arrived they could do nothing but save the adjoining buildings.

MRS. ARTHUR BRAUN WAS BURNED IN AN EXPLOSION

An infant, little more than a year old, caused an explosion in an apartment house on West Main street Thursday evening.

The infant's mother, Mrs. Arthur Braun, was badly burned. Her condition, however, is not regarded serious.

Mrs. Braun was preparing the evening meal in her apartment on the third story of the La Pierre House, when the explosion occurred. The child, toddling about the floor of the apartment, made its way to the gas stove on which food was being cooked. In some manner it opened the valves of the oven gas jets.

A short time later Mrs. Braun smelled gas. Starting to investigate, she opened the oven door. There was a blast followed by a sheet of flame.

Passers-by heard the explosion on the street and hurried into the apartment. They found Mrs. Braun badly burned about the head and face. The child was unhurt. Dr. A. F. Snyder was summoned. He found Mrs. Braun's lashes burned from above her eyes, and her face burned.

COUNCIL MET FRIDAY EVENING

SPECIAL MEETING HELD FOR THE PURPOSE OF WIDENING THE PAVEMENTS ON MAIN STREET.

A special meeting of Mount Joy Borough Council was held on Friday for the purpose of considering the widening of the pavements on Main street. Messrs. Fellenbaum, Garber, Zeller, Eshleman and Burges, five men were present. Messrs. Haldeman and Ream absent.

Mr. Garber made a motion that council proceed with the curb and gutter on Main street as provided for by an ordinance recently passed. This motion was later withdrawn. The passage of this motion would have left its present curb line as it is at present.

Fellenbaum's Letter
President Fellenbaum read his sentiments on the widening of the sidewalks and the narrowing of Main street thru a lengthy letter. He favors more room for pedestrians on the sidewalks and less room on the street for traffic. He wants trees preserved and others planted on Main street.

Mr. Zeller expressed his views by saying trees should be preserved and in order to do this our pavements on Main street should be made wider.

Mr. Eshleman favors a beautiful town but said that widening the sidewalks would be quite expensive and said he would like to know who is going to pay for all this.

Mr. S. Hess Hershey, formerly in the employ of the State Highway Department, said that when the state built the highway thru the town it established a permanent grade and at the same time gave a center line on Main street. That if the contemplated any changes it should work in conjunction with the lines and grades as established by the state. He also stated that by the recent census of autoists as taken by the State Highway Department, 5,000 autoists pass thru Mt. Joy on an average of every Saturday and the same number every Sunday. During the week we oft times have from 400 to 600 per hour. That if the width of the road is reduced we must be careful not to get it too narrow as must also consider the surface width conditions.

Justice Schock's Letter
Justice Schock's letter presented to the Council was as follows: "I am a citizen of this town and I am interested in the widening of the sidewalks and the narrowing of the street. I believe that the widening of the sidewalks and the narrowing of the street is a good thing for the town. I believe that it will make the town a more beautiful place and it will make it a safer place for the people. I believe that it will make the town a more desirable place for the people to live in. I believe that it will make the town a more valuable place for the people to own. I believe that it will make the town a more interesting place for the people to visit. I believe that it will make the town a more famous place for the people to know. I believe that it will make the town a more respected place for the people to live in. I believe that it will make the town a more honored place for the people to own. I believe that it will make the town a more cherished place for the people to visit.
