NATURE TELLS YOU As Many a Mt. Joy Reader Knows Too Well, Nature tells you about it. The urine is nature's index. In frequent or too frequent passage Other disorders suggest kidney ills. Doan's Kidney Pills are for disordered kidneys. Mt. Joy people testify to their worth. Benjamin B. Gaul, farmer, R. F. D. No. 2, says: "My kidneys were in bad shape and my back caused me so much trouble I could hardly do my work. When I stooped a sharp, stabbing pain went through the small of my back and even when lying in bed, gripping pains went all through me. I knew my kidneys were affected as the secretions were filled with sediment and not frequent enough in passage. I had read a lot about Doan's Kidney Pills, so I finally got them at Garber's Drug Store. It took but to boxes to drive all the aches and pains from my back, clear up the kidney secretions and put my kidneys in good shape." Price 60¢, at all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills—the same that Mr. Gaul had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

POULTRYMEN PLAN TOUR INTO NEW YORK STATE Poultrymen of two states, Pennsylvania and New York, are planning a "get-together auto tour" on September 24 and 25 when farmers of eastern and southeastern Pennsylvania will migrate into eastern New York to visit leading poultry plants in Orange and Ulster counties. The tour will start from Middletown, New York, on Monday morning, September 24. The itinerary calls for stops at Arfmann's farm, a Holstein establishment converted into a laying and brooding plant; White Cloud Farms, an up-to-date plant with a modern brooding system; Tyler's hatchery and breeding establishment; and the Marquis and Wagner Poultry Farm. The second day will be spent in Ulster County visiting large poultry farms and the tourists will banquet in the evening at a convenient place. Prominent poultry breeders of both states and poultry specialists from the Pennsylvania State College and from Cornell University will talk at the banquet. "We are planning this tour so as to give a maximum of information in a short time and distance," says Donald Gray, poultry specialist at State College, who is arranging the tour. The complete itinerary giving approximate hour of arrival and departure at the several stops can be obtained from the county agent or from the poultry office at State College.

MOTOR VEHICLE TAGS GO BEYOND MILLION MARK There was a big rush at the State Highway Department Wednesday by motor vehicle owners who took advantage of the first day license prices are cut to half price. This is done each year, starting from August 1. The total number of licenses issued by the department to date includes 1,000,502. Of this number the tags are classified as follows: Motor vehicles, 390,283; commercial vehicles, 69,104; tractors, 3,244; trailers, 1,287; motorcycles, 17,474; motor bicycles, 602; motor vehicle dealers, 18,068; tractor dealers, 139; and motorcycle dealers, 301. Motor vehicle registrations of Wednesday are 206,783 greater than on August 1 of last year.

PALMYRA LEADS IN THE PLANTING OF TREES Schools of Pennsylvania planted 35,276 trees in the state during the Spring of 1923, it was announced by the department of Forests and Waters, which supplied the plants for planting. Leading in the planting were the high school pupils of Palmyra, who placed 20,000 trees in the ground. Churches of the state also were active planting 11,000 trees, with the Moravian congregation at Nazareth, Northampton County leading with 7200. Major Robert Y. Stuart, secretary of the department, is pleased with the report of tree planting, declared it the best in the history of the state. The greater number of the trees have been reported as growing excellently.

BALANCE OF \$19,528,865.30 IN STATE TREASURY JULY 31 The close of July business in the State Treasury showed a balance of \$19,522,865.30, State Treasurer Charles A. Snyder announced Tuesday. Total receipts for the month were \$6,503,693 and total payments were \$6,463,386. The month closed with a balance of \$421,116 in the general fund; \$11,842,996 in the motor fund; \$72,821 in the State school fund; \$53,819 in the State bond road fund; \$723,730 in the gasoline fund and \$398,520 in the dog fund.

COLLEGE MEN TO JUDGE AT MANY COUNTY FAIRS Livestock and crop specialists of the Pennsylvania State College have enviable records as judges at county fairs if demands for their services this year can be taken as an index of their standing. To date, one or more of the college staff have been scheduled to officiate at 30 fairs in the state and more are coming in every day for more judges. Livestock men from the college are exceedingly popular in the ring and the demand exceeds the supply to such an extent that county agents are being drafted into the judging service.

Hog Wallows Hog wallows in hot weather are splendid investments for the hog farmer. If the hog man does not provide a wallow for his animals the hogs will provide one for themselves. It is better for the owner to do the job.

Shade For Poultry If nature has not provided shade for your flock, make a low shed about three feet high out of old boards. Hot sun plays havoc with the chickens.
