OWL-LAFFS

O. W. L. (On With Laughter)

Well, we're up against it. If this column gets too monotonous, just turn to the next page please. Doesn't amount to much this week but we had to fill the space.

A very levelheaded Mount Joy township farmer told me that the farm population will keep dwindling just as long as the city has a monopoly of high wages.

Our Safety Committee here in Mt. Joy has sent out a warning to all ladies visiting the country in short skirts to keep out of the cow pastures. The reason for said warning is that strange calves often excite a cow's anger and there are sure some very strange ones.

Many a man rides away from a rented home in a mortgaged automobile to a job he's not sure he'll have tomorrow, and then wonders why he can't get ahead.

Here's a married man who should be pitied. A woman on New Haven street says there's no good reason why men can't be taught to wash dishes. They can develop photographic plates.

Some of our subscribers should be using this, using the air of Auld Lang Syne:

If a body owe a body, And fail to get prompt pay, May a body ask a body, Please remit today?

Most business men spend a lot of money for advertising but think of the vast amount of advertising Henry Ford gets for nothing.

A man stepped on a worm which crawled Beside the house: A little later he was bawled Out by his spouse, My, what a tongue—and such a voice, If I were he, and had my choice, I'd be a worm.

A fellow and his wife had an argument. Finally he threw the dictionary at her and remarked: "You tell her dictionary, the words aren't in me." He said he would have used his oaths instead but he used them so often on previous occasions that he was tired hearing them.

One of our local preachers told me yesterday that so many people cannot see the sermon in stones but everybody can feel the argument in brickbats.

An East Donegal street man and his wife were engaged in an argument on Prohibition when she said: "Aw shut up. I used to think booze made you talkative but mercy me, so does Prohibition. Go make your wine and keep quiet."

A fellow in town who wants to be a real sport, lost his position and went out to Donegal to get a job on a farm. He said to the farmer: "Do you think I'll make an agriculturist?" "Dunno! Reckon you'd make a hit with the crows standing round kind of natural like in a corn field."

A curio collector called at a certain home on East Main street, rang the bell and the man of the house answered. "Have you any old-fashioned things in your home?" he inquired. "Only my wife," was the reply. She heard the conversation and he's boarding at a hotel since.

There was a knock at my door last evening. I opened and inquired: "Who's there?" "Miss Carr," replied a colored gentleman. I said: "What the deuce do I care if you missed a car. Wait an hour and get the next one."

A lady went to the Union National bank and inquired: "How much money does my husband have in the bank?" Carl Krall answered: "We are not permitted to tell you that madam." She said: "Why I thought that's what you're here for. Aren't you the teller?"

I told my wife yesterday that I am just like a hen. She couldn't see the similarity and asked me why? I said: "I seldom find anything where I laid it yesterday." Even after that I am still getting my meals at home.

I asked a fellow at Florin if he has a wireless. He said: "Well we have a broadcaster and a receiver. My wife does the broadcasting and I do the receiving."

Good E. Donegal Farm If anyone wants a real good East Donegal township farm, along the Donegal creek, with the best of limestone soil, here's your chance. 107 acres, seven acres of which is good meadow. Farm divided into 6 fields. New barn, 40x90, 8-room brick house summer house, shedding for 10 acres of tobacco, running water at barn and house. Buildings in exceptional shape, farm convenient to markets, is an excellent producer and can be bought at \$180 an acre. If interested call, phone or write Jno. E. Schroll, Realtor, Mount Joy.

"All Advertising is Retail and Local"

"All advertising is retail and local in the end no matter where printed or by whom paid for", writes James H. Collins, business expert.

Every merchant, manufacturer or distributor who advertises should tack that sentence over his desk and read it over before he decides upon his advertising plans.

Unless your message is retail and local, it misses the mark, for final sales are both retail and local.

The newspaper, being essentially local, and the great mouthpiece for the retailers, is obviously the medium for the thoughtful who are looking for sales.

WHY NOT TAKE CHIROPRACTIC SPINAL ADJUSTMENTS FOR HEALTH?

FIRST—Because the existence of Chiiropractic is based upon pressure being upon the nerves is the cause of disease.

SECOND—That a peculiar thrust given by a trained Chiiropractor, takes the pressure off of the nerve, and restores the nerve force to that particular organ or tissue of the body, and the result is Health.

THIRD—Because, in twenty-eight years it has grown to be the largest, purest health profession, on what the other Health professions left it to grow on.

FOURTH—Because members of the largest, but not great est health profession in the world, study, teach, practice, and take Chiiropractic adjustments for their health.

FIFTH—Because many of the business men in Mount Joy and vicinity, Lancaster County, Pennsylvania, and the United States take Chiiropractic Adjustments for their Health.

SIXTH—Because to be mentally and Spiritually well we must be physically well, and to keep physically well there is nothing better than, pure food, pure water, pure thoughts and Chiiropractic Spinal adjustments.

Yours for Health
