After working himself almost to exhaustion he finally extricated himself after an hour's perilous struggle.

With the aid of a hatchet he constructed a raft and poled himself to Stauffer's Island where he made a stronger raft and then proceeded after his boat which had drifted on Wisler's Island. Mr. Sherick arrived home cold and wet after four hours absence.

Maytown Man Has A Big Collection

LOUIS HASTMAN HAS UNUSUAL ASSORTMENT OF INDIAN RELICS FOUND IN THIS END OF COUNTY

History, unusually interesting and romantic because it is unwritten, is told by the vast collection of Indian and old Colonial relics in the possession of Louis Hartman, barber, of Maytown, who in his 40 years of collecting, has gathered oddities as a hobby.

Although Louis Hartman's relics include curios of many nations and classes of people, his especial interest is in Indian handcraft, and in this field he excels. Once he started to count and catalogue the collection, but before he was half through, he had numbered 1,433 arrow heads. There he gave up the job, and as a result, left several thousand unnumbered, although all are handsomely mounted in harmonious color designs.

While most of his Indian relics were collected by himself and friends along the Susquehanna in the vicinity of Maytown, a long bow and thirteen feather-tipped arrows that came from out west are of special interest. They were used in an attack on a pony express rider in (Turn to Page Five)

IMPROVED SANITATION FOR RAPHO SCHOOLS

At a special meeting of the Rapho School Board last Friday, it was decided to take a step forward on sanitation and purchase Kaustine Chemical Indoor Toilet equipment for the Garfield and Sporting Hill Schools. At these places the outside toilet buildings are condemned. To rebuild them, in accordance with the State Department specifications, would be almost as expensive as placing Kaustine equipment inside. Furthermore, the outside building is annually defaced by the public to such an extent that they are unfit for children to use.

To the taxpayers we feel safe to say that Kaustine equipment has passed the experimental stage. Districts in other counties have every school equipped. The Board is backed up by the State and deal and will co-operate on the requirements. The Pennsylvania Railroad Company has adopted this equipment wherever there is no water convenient for a flush system.

U. S. Official Warns Co. Milk Dealers

FINANCIAL LOSS FOR FARMERS AND PRODUCERS AS WELL AS HEALTH MENACE IS PREDICTION

The following special from Washington, D. C. appeared in the New Era Monday night:

So prevalent is cattle tuberculosis in Lancaster County that it has earned the unenviable distinction of being the "worst plague spot" in the United States.

This declaration was made to-day by Dr. A. E. White, assistant chief of the division of animal tuberculosis of the bureau of animal industry of the federal Department of Agriculture, in explaining that Lancaster county farmers are losing annually tens of thousands of dollars because of the entrenchment of the disease in their dairy herds.

So far as federal records disclose no other county in the country approaches Lancaster's record of 26 per cent of infection, according to Dr. White.

Whereas one in every four milk and feeding cows there are infected for the entire state the percentage of infection is declared to be about one in twelve. A number of counties in Pennsylvania are reported to be practically free of the disease. Unless heroic elimination and control (Turn to page three)

Primary Election Lacked Interest

STRASSBURGER LEADS PINCHOT BY BIG MAJORITY—GREIST GIVEN A BIG VOTE HERE YESTERDAY

Returns from more than one quarter of the state in yesterday's primary election showed Ralph Beaver Strassburger, wealthy Norristown publisher, leading Governor Pinchot for delegate-at-large to the Republican National Convention by 145,000 votes. Of this lead Philadelphia contributed 113,337.

Returns from 2,446 of the 8,119 districts in the state gave Strassburger 217,729 and Pinchot 72,596. These returns also include 135 Allegheny districts. The vote there was Strassburger 10,157; Pinchot 2719.

The contest between the two in Lancaster county was a neck and neck race. In forty-four Lancaster city and county districts heard from early this morning the vote stood: Strassburger 2699; Pinchot 2430.

The Vote Here
There was very little interest in the primary here yesterday as there were practically no contests. The vote for Pinchot in both wards totalled 117, while Strassburger received six less, 111.

In the vote for Delegate W. W. Greist received 171 while the Cummings vote was 166.

For Representative Mr. Greist was given 186 votes against Mr. Musser's 28.

County Committee
The vote on the Republican ticket for committeeman was rather misleading to all who did not know of the recent action. Not long ago the Republicans in Lancaster county decided to elect a County Committeeman and a County Committeewoman.

In the East Ward Mr. J. S. Sarmany was elected Republican committeeman, receiving 109 votes and Mrs. Gertrude M. Thome Republican committeewoman, receiving 102 votes. Mr. Walter G. Loraw was elected Democratic committeeman by a vote of 18.

In the West Ward Mr. Morris Groff was elected committeeman on the Republican ticket by a vote of 73 while Mrs. William Tyndall received 65 votes for Republican committeewoman. Mr. Harry S. Hinkle was elected committeeman by the Democrats, receiving 21 votes.

A birthday supper was served on Thursday evening at the home of Mr. and Mrs. William Weldon at their home on New street, in honor of the birthday anniversaries of Mr. Weldon and Miss Dorothy Kaylor. All enjoyed the surprise.

AUTO UP SIDE DOWN CHAUFFEUR IN HOSPITAL

Leroy Gibson, 32, Billmyer, was seriously injured as he sped to the bedside of his sick wife late yesterday afternoon.

Gibson, according to the story, was in Columbia when he received a message that his wife had suddenly taken ill at their Billmyer home. He started for that place over what is known as the "river road."

At the intersection of the Marietta-Maytown turnpike, West of Marietta, the machine struck several deep ruts in the highway, leaped high in the air and landed on its top.

Gibson was buried under the wreckage and several women living nearby dragged him unconscious from the tangled mass. He was taken to the Columbia hospital.
