SIXTH SUCCESSIVE YEAR WE PRINTED THE BOOK

Last week we delivered the year books to the High School at Minersville, in Schuylkill County, this being the sixth successive year that the Bulletin has printed this book. The book this year contains 128 pages and cover, and appropriate to the class colors black and red, the cover is black with red printing and red silk cord. The book, as usual, contains about one hundred very fine half-tone illustrations, is printed on good coated stock and is sure a credit to the school.

We make a specialty of that kind of printing and the fact that it was printed the past six successive years is our best evidence that we do that class of work at a right price and in a satisfactory manner.

Prof. Charles E. Roudabush, formerly principal of our schools here, is supervising principal of the schools at Minersville.

We will be pleased to quote you when in need of that or any other kind of printing.

Onions Are The Cause of It All

TWO SCHOOL TEACHERS TIE AN ONION POULTICE ON ONE OF THEIR LITTLE GIRL PUPILS

The following appeared in last night's Lancaster Intelligencer and is of local interest as one of the participants, Miss Miriam Engle, is from this borough:

Backfiring an "onion breath" is cruelty to animals, according to "Judge" Fiester, who issued warrants for the arrest of Miss Ruth Eckman and Miss Miriam Engle, teachers at the Duke Street school.

The teachers are charged with putting an onion poultice under the nose of little Miss Mamie R. Lincoln, daughter of Mr. and Mrs. John Lincoln, 507 Church street, after the little girl, having dined on onions, insisted on blowing her breath in the faces of all the other pupils, much to their discomfort.

As noted exclusively in The Intelligencer yesterday the question settles itself down to "how far one can go with an onion breath in Lancaster."

Dr. H. B. Work, the president of the school board and the chairman of the superintending committee, worked late last night on the question which is not likely to be settled until after the teachers are given a hearing before Alderman Fiester. (Continued on page five.)

The Coming Chautauqua

The date of the Mount Joy Chautauqua this year as it came in the Circuit is July 8—July 13. Some years we have had it in June and that appeared too early. Last year it came in August and that was too late. We believe the date this year is to our advantage. Real wisdom has been shown in the make-up of the Chautauqua program which will be given in a later issue of our paper. Plays—two of them—symphony orchestras and national figures are among the attractions.
