Lost a Good Game In a sizzling ten inning battle here Sunday afternoon Adjutant Jake Brown's Mt. Joy team took its first reversal on home soil at the hands of the York Professionals, a team composed of the stars of the York County League. The final reading was 4 to 3.

Mt. Joy took the lead with a lone tally in the second but the visitors tied things up with a marker in the fourth. Alcorn was going along nicely and when the home team took a two run lead in the eighth it looked like a sure victory. But the White Roses were not to be denied. They got to Alcorn's delivery in the firsthalf of the ninth and scored two runs again tying the score. Mt.

Joy was unable to solve Bruggeman's twisters further and went scoreless. A lone tally in the tenth gave the visitors the game. A sensational running catch by Hahn, centerfielder of the Mt. Joy team proved to be the fielding feature of the game. Raffensberger helped the White Roses to their victory with three hits. Score: Mt. Local Residents in Auto Mishaps (Continued from page one.) front seat, sustained three broken ribs and was bruised considerably. Mrs. Dietz sustained a severe cut on her left hand and was bruised about the body.

Mr. Earhart was thrown under the Miller car and was cut about the head and his collar bone broken. Both cars were badly damaged, especially the smaller, which was badly demolished.

I. D. Stehman's Mishap Two persons were injured when an automobile driven by Edgar Yunninger, Ephrata, collided with that driven by I. D. Stehman, of this place, on the Harrisburg pike at Race street, Lancaster, Sunday night about 7:30 o'clock.

Mr. I. D. Stehman, aged 62, and Harry Fisher, 10, her foster son, are in St. Joseph's hospital where they were taken after the accident. Mrs. Stehman has an injury to the back and internal hurts. The Fisher boy has lacerations of the face and neck. Neither is serious, hospital officials stated.

The accident occurred, it was stated to the city police, when Yunninger attempted to pass a machine which had stopped on the right side of the road going west on the Harrisburg pike. Yunninger was also going west. Mr. Stehman was driving his car east, when the front wheels of both machines locked. Yunninger's automobile swerved and struck a telephone pole. Both machines were badly damaged.

Girl Run Down Mabel Heisey, eleven-year-old daughter of Mr. and Mrs. Abraham Heisey, of Mastersonville, was run down by an automobile here Saturday afternoon, while trying to cross the street. The driver of the machine stated the child ran directly in front of his car. He refused to give his name but took the child to the office of Dr. W. M. Thome, a few doors away. The girl escaped serious injury.

Car Badly Damaged Mr. Henry Meckley, of near town, met with a mishap west of Middletown one night last week. His car ran against a tree and badly damaged his sedan. He escaped uninjured.

Settle Disputes Outside of Court (Continued from page one.) in question has successfully settled many cases in the two years that the scheme has been operative, and the amount of time and money saved for members as a consequence is said to be as much as to encourage general adoption of the plan by affiliated A. A. Clubs everywhere.

"The directors of any automobile club are themselves experienced drivers," President Henry explains. "That is assurance that they are in a position to view a damage case with a clear understanding of the facts involved. In the club suit the tricks of the law profession do not feature at all. Neither party has anyone to defend him. Neither has anyone to prosecute him. All he can do is to state his case, lay the cards on the table and take his medicine, if he deserves it."

"These club cases, even when not conducted by so carefully a developed procedure as that found in the Lancaster club, are helping to give thousands of motorists a better conception of their responsibilities. Any discussion of this kind results in a review of the motor vehicles law, together with an intelligent interpretation of same, and the motorist can-

not escape absorbing that will be of direct benefit to the community as well as himself. "If more motorists would take their problems to the local automobile club before consulting a lawyer they would have a much better idea of the possibility of their chances for collection for damages to their car. The local club secretary is widely acquainted, knows the peculiarities of the city and, in many instances, knows the very drivers who are eager to sue each other. If other parties to a collision are club members it is often possible to effect a reconciliation.

"The club secretary, or the club officials, can give the club member valuable advice as to his chances for recovering damages, if such recovery is entirely justifiable. Such information may be very helpful to the motorist before he takes action in the usual way.

"The American Automobile Association is giving serious thought to the development of this club arbitration idea, since the psychology of the plan is undoubtedly sound. Most motorists would rather brawl each other out, threaten to sue and stand under the wing of an influential lawyer than walk into a meeting of his club friends and place his cards on the table. That's why the club "jury" plan ought to be a huge success in discouraging the sort of carelessness that results in collisions."
