These men without a single exception are uncontrolled, clear thinking, straightforward, business and professional men who have the laudable ambition and object, to give to the citizens of Lancaster City and County the representation that is due them and full value for their tax money.

The City of Lancaster under the leadership of men of this type for the last three years has enjoyed the greatest era of Civic advancement ever known in its history, such as Improved Streets, Public Comfort Station, City Owned Filtration Plant, Greatly Enlarged and More Efficient School System, Better Fire and Police Protection, Better Lighting and other improvements too numerous to mention.

What Has Been Done in the City Can Be Done in the County Without Any Increase in Taxes.

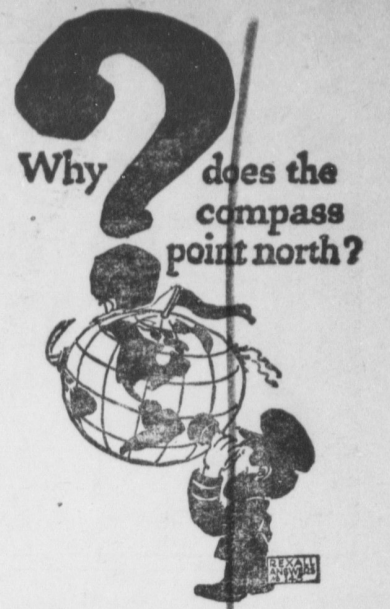

### WITHOUT ANY INCREASE IN TAXES

The people of Lancaster under the present administration have awakened to what political freedom means to their community.
