Auto Accidents During Past Week

FORD SEDAN DAMAGED PAST REPAIR WHEN JAMMED AGAINST TELEPHONE POLE BY ANOTHER CAR

There were the usual number of automobile mishaps through this community and fortune again smiled on those implicated as no one was seriously injured.

Trolley Mashes Car

An automobile driven by Miss Irene Lupold, of East Petersburg, stalled on the trolley tracks about one mile west of Hellam Saturday night and was wrecked when the motorman of the approaching trolley failed to see the machine.

The machine skidded on the slippery roadbed, spun around several times and landed on the track. Miss Lupold and Albert Einolf, of Lancaster, returning with her from the Army and Navy football game at Baltimore, went to the top of a hill to signal the trolley but too late to avoid the collision.

No one was injured. The machine was without passengers when the smash-up occurred.

Car Badly Wrecked

Mr. and Mrs. Clayton Sprout, of Maytown, were driving east on Main street in a Ford sedan Sunday evening. Mr. Sprout signaled and then turned north on Jacob street. Miss Pauline Aston and her father were also traveling east in a Maxwell coupe and attempted to pass Mr. Sprout's Ford at the street crossing. Miss Aston's car struck the Ford on the side, carried it across the street and mashed it against a telephone pole in front of the residence of Mr. B. W. Brown. Mrs. Sprout was cut about the head and arms. Miss Aston was cut in the face. The other occupants escaped uninjured. The Ford was damaged beyond repair but the Maxwell was only slightly damaged. The Maxwell was taken to Rohrer's garage and the Ford to Ream's garage.

A PURE WHITE SQUIRREL SHOT IN PERRY COUNTY

The albino squirrel that was on exhibition in the window of a hardware store at Lancaster, is about to join an unusual group of pure white animals and birds that adorn the State Museum at Harrisburg.

The squirrel is a perfect type of albino, being pure white with pink eyes and greatly resembles an ermine, although it has coarser fur. The animal was killed near Landisburg, Perry county. It belongs to the grey squirrel family and its color is the result of lack of pigment.

The advent of the white squirrel at the State Museum will complete an albino quartette, the other members being a white crow, a white robin and a white racoon, which have been secured by Dr. Boyd P. Rothrock, State curator.

A golden eagle, also taken in Perry county, is another unusual specimen has recently been added to the State collection.
