The New STUDEBAKER

Big Six Duplex-Phaeton

THIS is the time when there is pleasure in motoring that can be obtained only in an open car. And among open-type cars, there is one that stands out above all others—the new Studebaker Big Six 7-Passenger Duplex-Phaeton, with its exclusive roller side enclosures which provide instant protection. It can be compared only with cars much higher in price.

Studebaker builds seven times as many cars as any manufacturer having a car in the Big Six class. The small overhead per car, plus the savings of complete manufacture, explain its low price. Come in—see this new Studebaker before you buy.

\$1875

The price of the new Studebaker Big Six Duplex-Phaeton includes an extra balloon tire, tube and tire cover. Bumpers, front and rear. Motometer. Safety lighting control. Automatic spark control. One-piece windshield, sun visor, automatic windshield cleaner, rear-view mirror. Cowl and dome lights, extension lamp and stop-and-tail light. Clock and gasoline gauge grouped under glass with other instruments. Biggest balloon tires used on any automobile.

Dry and Rather Hot
Parkins never was tired of prophesying calamities, and his friends were getting a bit fed up. Parkins had already predicted famine, and one day he remarked dolefully to a friend: "What would you say, my boy, if I were to tell you that in a short space of time the rivers of our country would all dry up?" "H'm. I should say," replied the friend, "go thou and do likewise."—St. Paul Pioneer-Press.

Title
Title to property should be guaranteed and protected. A buyer who takes the word of the seller is only himself to blame if he runs into trouble. At the time of signing the preliminary agreement have it incorporated into the contract that a guaranteed title shall be delivered and title insurance backed by a responsible company furnished.

Foolish Question
When Demetrius was asked whether he held his tongue because he was a fool or for want of words, he replied: "A fool cannot hold his tongue."—Boston Transcript.
