Conference Quite A Success Here

(From Page 1) Secretary, Iva Shoop; and Treasurer, Witmer Eberle. The nominating committee consisted of John Meisenberger, Harry Bear, and Iva Shoop. While there were not so many present at the afternoon meeting the evening meeting was fairly well attended. The registration follows: Rev. Ralph Bornman and wife, Florence Kaylor, Nedra Kaylor, Mrs. Harry Kaylor, Alta Gingrich, Mildred Geistweit, of the Trinity United Evangelical church; Rev. C. E. Knickle, of the St. Luke's Episcopal church; Stella Wachetter, of the Florin United Brethren church; Iva Shoop, Rev. and Mrs. Harry A. Swartz, Esther Denlinger, Lester Brubaker, Dr. E. W. Garber, of the Methodist Episcopal church; H. W. Bear, Erla Bear, Mrs. Fred Bucher, Joseph D. Moore, of the Church of God; Rev. H. S. Kiefer, L. W. Myers, Mr. and Mrs. H. N. Nissley, Mrs. Amy G. Peoples, Mrs. Martin Garber, Warren H. Bentzel, Elwood Garber, Martin Garber, Anna Beamesderfer, Witmer Eberle, of the United Brethren church; Mrs. Margaret McAllister, Rev. and Mrs. James M. Fisher, Ruth Wagner, of the First Presbyterian church; E. W. Seibert, of the Reformed church, Elizabethtown; Ethel Martin, Leacock Lutheran; Verna Graybill, Methodist Episcopal, Leola; Mary Reemsnyder, Anne and Ellen Bennett, St. Paul's Methodist, Lancaster, and Charles Strine, Mountville United Brethren.

POTATO GROWERS TO VIEW STORAGE EXPERIMENTS

Persons interested in the potato industry and especially in potato storage problems are invited to attend a meeting at the Marble Laboratory, Canton, Bradford County, Pennsylvania, on Friday, May 1, where important potato storage investigations have been conducted during the past year. L. M. Marble, who is in charge of the investigations, has arranged this meeting in order to give the potato growers an opportunity to see the experiments being conducted at his laboratory in cooperation with the Pennsylvania State College and the State Department of Agriculture. Many important and practical conclusions reached after careful study of results will be discussed. The investigations have dealt largely with the effect of ventilation and other factors on potatoes in storage with particular reference to seed potatoes. Valuable information has been gathered on the causes of sweating, sprouting, shriveling and the development of rots and moulds. Those attending the meeting will have the opportunity to examine the various experimental storage lots and to hear a number of specialists who will appear on the afternoon program. Among the speakers will be Secretary of Agriculture, F. P. Willits; L. M. Marble; R. D. Anthony, horticulturist, Pennsylvania State College; William Stuart, United States Department of Agriculture; D. E. Goodenough, manager, Potter County Cooperative Association; W. A. McCubbin, plant pathologist, Pennsylvania Department of Agriculture; and Bert Straw, Potter county agricultural agent.

HELD FOR CHECK FRAUD ON EVE OF HONEYMOON

Instead of a blissful honeymoon for David K. Hinkle, of Maytown, who was married Monday night to Miss Rose McCall, of Wrightsville, a jail stared him in the face when he was arrested Tuesday, charged with passing worthless checks. Last Saturday, it is said, Hinkle gave a check for \$49.95 at a York store. The check was drawn on the First National Bank, and was declared to be worthless. Hinkle was arrested while he and his bride were preparing to start on a honeymoon trip. No females, either animal or human, are allowed on the Athon peninsula in Eastern Macedonia, Greece, to which the patriarch of Constantinople, head of the Greek church, has retired. Eggs and milk for the monks to eat and drink must come from across the border of this monastic republic.

NEWTOWN

Mr. P. R. Nissly, of Landisville, visited his farm near here last week. Miss Laura Brandt, of Rheems, visited with Mr. and Mrs. Harry Witmer. Mr. Peter Greenawalt and Sally Wittke, of this place, visited in the Frank home on Sunday. Mr. and Mrs. Harry Flowers, of Lancaster, visited in the home of Daniel Geltmacher on Sunday. Mr. John Mumma, of York, spent the week-end with his mother who is visiting her grandson, Mr. Daniel Moore, of this place. Misses Dora Frank and Mamie Greenawalt, of Lancaster, spent Sunday with Mr. and Mrs. Harry Frank, the former's parents. A few crops of tobacco were sold last week. Mr. Amos Forrey, Mr. Daniel Geltmacher and Mr. Abram Gamber sold their crops the past week. A family reunion was held at the home of Mr. and Mrs. William Fogle Sr., on Sunday. Those who were present are: Mr. and Mrs. Harry Ressler and son, Harry, Isaac Ressler, Mr. and Mrs. Emlin Buller and sons, Robert and Charles; Mr. and Mrs. Raymond Heisey, Mrs. Bernard Parola and children, Elizabeth and Bernard Jr., of Mount Joy; Mr. and Mrs. John Otto, of Lancaster; Henry Young Sr. and son, Henry Jr., of Lititz; Mr. and Mrs. Wayne Young and children, Naomi and Elwood, of Lincoln; Mrs. Martha Orio and daughter, Antoinette, of Philadelphia; Mr. and Mrs. Noah Gebhard, of Florin; Mr. and Mrs. William Fogle Jr., Mrs. Priscilla Fogle, and Mr. and Mrs. William Fogle Sr. and daughters, Anna, Frances, Alice, and sons, Adam, Harry, Edward and Victor.

MILTON GROVE

The tobacco is mostly all sold in this vicinity. Mr. and Mrs. Abraham Young, of near this place, announce the birth of a son. Mr. and Mrs. Samuel Ober and children were Sunday guests of Mr. and Mrs. Abraham Young. Mr. and Mrs. Jonas Whistler and family were the guests of Mr. and Mrs. Henry Forrey on Sunday. Mrs. Jacob Eshleman returned home from the hospital. She is gradually improving since her operation. Miss Keck, of Mount Joy, was visiting with Mr. and Mrs. James Berrier and family over Saturday and Sunday. Baccalaureate services were held on Sunday evening, April 19th. It was largely attended. The sermon was conducted by a Professor from Elizabethtown College.

PLANS FOR MORE ROADS AT MT. GRETNA ARE APPROVED

The Adjutant General's Department has been given Federal authority to construct an additional mile of roads at the Mt. Gretna military reservation and the money will make possible the connecting of the railroad sidings there. If the Freeman bill for the purchase of Conewago lake property is passed by the Legislature the reservation now containing 3000 acres will be considerably increased in size.

Use Nurse Crop

Where alfalfa is to be sown in the spring it is likely to be choked by weeds unless sown with a nurse crop. It may be sown in the spring on wheat or rye with good success. Where wheat is not grown, alfalfa may be sown with equal success.

Are Garden Tools Ready?

Getting the garden tools in shape for use is a good indoor job for rainy days. Sharpening the dull ones, repairing the broken ones, and sending for new ones may well be done before the day arrives when they are needed.

Next Community Sale

The Community Sales Company will hold its next sale at Florin on Saturday, May 2nd. General line of merchandise, real estate and household goods, also chickens, etc. Sale starts at 12:30 P. M.

Will Hold Rummage Sale

The Ladies Aid Society of Trinity Lutheran Church will hold a Rummage Sale in the Ricksecker building, on Saturday, May 2nd.

HAGENBECK-WALLACE SHOWS AT HARRISBURG

Many residents of this community are arranging parties and will motor to Harrisburg on May 4, when the Carl Hagenbeck Great Wallace Circus, with Buffalo Bill's Wild West, arrive for two performances, afternoon and night. One of the most interesting incidents of circus day is the arrival of the various trains, and in all the cities the Hagenbeck-Wallace Circus has exhibited, thousands have witnessed the arrival and unloading. One must be a spectator at the unloading of these numerous cars to realize the bigness and size of the Hagenbeck-Wallace show, as the amount of paraphernalia carried is almost unbelievable. Every car on the various sections is loaded from top to bottom, and the townspeople scarcely believe that the trains could move, with all the tonnage carried. Much skill and system is necessary in the loading and packing of the cars. Every animal cage, every wagon, every trunk, every tent, and every piece of material must be placed in its exact location. To have an article vary one or two inches requires the reloading of the car, it is said. Every workman has his exact duty to perform and it must be done like clock-work. There must be no delays. For the convenience of the public a downtown ticket office will be open all day at Bowman's store, where reserved seats can be obtained at the same price as charged on the grounds.

BLIGHT KILLED NEARLY ALL THE CHESTNUT TREES

During the last 15 years practically all the larger chestnut trees in southern Pennsylvania have been killed by the chestnut blight. With the utilization of all the chestnut trees if commercial size for staves, lath, and lumber, there have resulted many big sawdust piles. These sawdust piles contain enormous quantities of wood substance that were formerly burned or left to rot. This enormous wastage of wood substance was called to the attention of Prof. J. T. Auten of the State Forest School at Mount Alto who with the students in organic chemistry began to develop means of using the sawdust. As a result of their investigations they have made a considerable number of commercial chemical products from the sawdust. The products that have already been made are a sweep ing compound, tannin, nitro cellulose, artificial silk, celluloid, collodion, acetic acid, acetone, methyl alcohol. All these products are now on exhibition at the State Forest School at Mount Alto. Dr. E. A. Ziegler, Director of the State Forest School, says that as a result of chemical experiments "it may be possible to develop methods of putting to practical commercial use the enormous quantities of sawdust waste that is annually lost. We are just entering an era of more intensive utilization of all forest products. Too much wood substance is now being wasted. Each year the work of the organic chemist is playing a more important role in forest conservation problems.

Will Hold Food Sale

The Sisterhood Bible Class of the United Brethren Sunday School will hold a Food sale in the Ricksecker Building on Saturday, April 25th, 1925. Cakes, pies, salads, candies, etc., will be included in the list of good things on sale.

Keep Pyrotol Dry

Pyrotol should not be allowed to come in contact with moisture for more than an hour in the cartridge form before being exploded. If the sticks are cut they should not be allowed to absorb any moisture at all.

Pick Flowers for Grounds

Observe flowers that are now in bloom and list them as sources for planting material to be set out around the home.

THIS WOMAN'S REMARKABLE RECOVERY Entirely Due To Lydia E. Pinkham's Vegetable Compound

Forest City, Iowa. "My first child lived only a short time and I was sick for a year after. When I bent over and raised myself up again I could almost scream with pain in my back. One-day I was so bad that I had to leave my washing and get ready to go to the doctor. He gave me medicine but it did no more good than if I drank just water. Once when we had been in town a little book telling about Lydia E. Pinkham's Vegetable Compound was left in our car. I have taken five bottles of the Vegetable Compound and help with the milking and taking care of chickens and garden. Besides I have a fine baby girl eight months old, just the picture of health and I am feeling fine myself. You may use this letter as a testimonial and I will answer any letters asking about the Vegetable Compound." - Mrs. OSCAR F. BORGEIN, Route No. 5, Forest City, Iowa. Lydia E. Pinkham's Vegetable Compound is for sale by all druggists.
