OWL-LAFFS

Well, the heat is doing some good at that. A man on New Haven street fries eggs without fire; just lays 'em on a piece of tin in the back yard.

He told his neighbor about it and next day he laid enough eggs out to make a meal for the family. When he thought they were fried he gave them the once over and had four young chicks.

A certain young chap in East Donegal asked me what love was. I sure do pity the poor simp as he has an awful case. However, I told him it's the thing that makes young men raise moustaches and old men cut them off.

There once was a dancer, Cleustus, Who danced in a manner tempestus. She danced and she tripped 'Til her shoulder strap slipped, And they had to ring down the asbestos.

Was out automobiling the other evening when I came upon a badly wrecked Ford by the roadside. They say most wrecks are caused by loose nuts but this one was due to tight nuts.

I saw a flapper strolling down Main street Saturday night and she sure reminded me of a bungalow. She was shingled on top, painted in front and had no attic.

A lady from the country came to Getz's store for some collars for her husband but she forgot the size. Dan Brubaker said, "How about 13 1/2." She said, "That's exactly the size but how did you know." Dan said, "Well, 'n who get their wives buy their collars usually wear that size."

A chap from Elizabethtown took one of our girls out automobiling. As he stopped along the road and kissed her one of the tires blew out and she said: "I'm glad we weren't at home. My parents are both light sleepers, and they would have heard us."

Believe me when they're that dumb the only time they walk back is if the car breaks down.

I was at a certain bathing resort Sunday and saw something new in a bathing suit. They make 'em of beads now and inasmuch as they're rather expensive, there isn't so much of them.

About the meanest trick I ever heard played on anyone, is the one they are telling on George Neiss. They say he received a post card which read like this: "Enclosed find the ten dollars I owe you."

One of our newly married men down town came home rather late recently when his wife said: "What kept you out so late last night." He said: "I was out with a chiffonier." She said: "Why you're crazy; a chiffonier is a swell dresser." He said: "Yes, that's her."

George Halbleib says the second greatest Finn that ever lived was Nurni. The first was Huckelberry.

A lot of our park hounds were having quite an argument the other evening when one of them said that he thinks he has seen almost everything. Just then I heard a voice say: "Bet you never saw an elephant kick a flea on the shins."

A man on East Donegal street claims our present laws are too conflicting. They claim possession is nine points of the law, yet if they catch you with a pint in your pocket its against the law.

Little Willie, angel eyes, Tells his father awful lies, Willie's mother says that he Surely will a statesman be. Willie, now a sturdy man, Tries his lies on Mary Ann Whom, you must know, is his queen But she bats him on the bean.

I went to a dance the other night, but my wife took me home in a jiffy. She said about the only covering some of those girls had that hot evening was accident insurance.

Guess that will hold you till the weather gets cooler. A WISE OWL

Have 358 Sunday Schools in County

(From page One)

Schools. For instance, those who cannot attend the regular sessions because of infirmity or household duties or the necessity of having to work at that time these are looked after by the Home Department and Lancaster County has 195 of her Sunday Schools with Home Departments where 4599 members are enrolled and to whom lesson helps and other literature is sent so that at some other time they may study the lesson for that Sunday.

It will be interesting to the gray heads who have not kept step with the march of progress in the Sunday Schools of Pennsylvania to know that the Sunday School of his boyhood has almost disappeared. The Sunday Schools of today teach the same Jesus and His everlasting love, but are conducted along more progressive lines and through the agency of the great Pennsylvania State Sabbath School Association and its large staff of specialists and its field force, every angle of Sunday School work is studied and handed down through the County and District organizations to the individual school.

We should be proud of the work being done by the Lancaster County Association headed by Pres. Ober and be proud of the 23 District organizations into which the county is divided.

It makes one shudder to think what our community would be today had it never felt the influence of the Sunday School and it, also, makes one wonder as to what could be accomplished for the betterment of Lancaster County if every member of our great army of Sunday School folks were to be keenly alive to the splendid opportunity that is theirs in such service.

BOY DROWNS IN LAKE GRUBB; BODY RECOVERED

Believed to have been seized with a heart attack while swimming in Lake Grubb, near Ironville, Sunday afternoon, Walter Stark, aged 13, Locust Grove, suddenly sank to the bottom and died before comrades could reach him.

Death was probably due to a stroke brought on by heat and a heavy dinner, and not to drowning, authorities think, inasmuch as the body was recovered within 20 minutes of the time it sank, and only one cupful of water was pumped from the lungs.

Besides his parents, the young man leaves one sister.

Twenty years ago it took nearly ten yards of gingham to make a woman a dress, whereas she now manages to be thoroughly in fashion on three and one-half yards.

Mr. Automobile Owner
Have You ever Stopped to Consider
That a Locomotive Engineer would not think of starting on a run without first giving his brakes a thorough testing? Your automobile should have the same careful testing of its brakes because it is more dangerous to the public, due to the fact that all streets are tracks for your automobile.
Let us inspect your brakes and re-line them with Johns-Manville Asbestos Brake Lining
