BANK COOPERATES WITH FARMER PATRONS

Farmer banker cooperation in Pennsylvania is manifesting itself in numerous projects. One interesting line of activity is that conducted by the Freeport Bank and Trust Company, of Freeport, Pa., where fruit tree orders are assembled from the farmers of the community. The bank then makes arrangements to buy these trees at wholesale rates from a reliable nursery and have them delivered to Freeport. The trees are handled by the bank at cost, with no commission or charge of any kind. Last spring orders for over 1500 trees were filled by the bank for its customers and friends. So successful was this first attempt that the effort will be repeated this fall and next spring, according to A. M. Johnston, treasurer of the bank. An annual fruit and farm products exhibit is another valuable feature of this bank's cooperation with its farm community. In recent letter to the State Department of Agriculture, Mr. Johnston described this exhibit as follows: "For the past eight years, we have held an annual fruit and farm products exhibit in the lobby of the bank. This exhibit is a continuous affair, running from October 1 to December 1, and during which period the lobby is always full of everything from peanuts to corn stalks fourteen feet high. No prizes are given but a neat souvenir is sent to each exhibitor as a memento of the occasion and as an inducement for a better effort the next season. This exhibit has proven exceptionally helpful in making and holding the contact of farmers."

OWL-LAFFS

(On With Laughter)

They're telling this one on George Mumper, out at Milton Grove. Every time he feeds his hogs he puts about a half a pound of sugar in with their food. George says that Jack Shepherd told him that's the way you get sugar-cured hams.

We've an Irishman here who asked off to celebrate his 75th wedding. He went to Lancaster, got goused, was locked up and got tin doused.

A few days ago I took a certain lady from town along to Lancaster. Down at P. & M. College we met a fellow who was running, in training for a marathon race. The lady with me said: "Look at that poor fellow. Some one has stolen his clothes and he's chasing him!"

Instead of letting her run at large on the streets of Lancaster I took her out to that big brick factory on East King street. When they're that far gone there's no hope.

Joe Hershey declares that Harry Darrenkamp is one of the best dancers he ever saw. The other day Harry caught another trap full of rats. While he held up the trap and showed them to his neighbor, one of the rats jumped out of the trap and the dance that Harry did in trying to kill that rat would have made the Statue of Liberty in New York Harbor laugh.

A certain little fellow from the country comes to one of our Sunday Schools but sure is some bad boy. On Sunday he wasn't behaving very well when his gentleman teacher said: "I wish I was your mother for about a day." The kid replied: "Well, I'll speak to my daddy, maybe I can fix it."

Jake Zeller and John Newcomer were out fishing one day last week. I asked John if they got a nice string and he said: "No, but Jake has a good yarn."

One of the park hounds says he was at Lancaster yesterday and went around several corners in the business district on two wheels. Some fellow inquired: "Didn't you get arrested?" He replied: "Heavens no, I was on my bicycle."

Met a fellow this morning and I said: "Why, Bill, are you sick?" I see you are losing flesh." He replied: "Yes, I know but I've ordered some new safety razor blades."

I heard a fellow ask Phil Schock which he would rather be, Shakespeare or Edison. Frank immediately replied: "Why, Edison, of course. He ain't dead."

A young lady here who has a Marietta fellow for a beau, said to him, "Have you ever played the game of love?" He said: "Yes, but I needed a shave and I was soon disqualified for unnecessary roughness."

A woman from Florin came home from Lancaster and said to her husband, "George, I bless the day I married you." He said: "Now cut the comedy. What kind of a dress did you buy?"

Just at this time I think it would be well if I gave a little advice to some of our young fellows, like Johnny Weisenberger, Myrl Hoffer, George Hableib and some more.

Remember boys, love is exactly like eating mushrooms. You can never tell if it's the real thing until it's too darn late.

A young fellow attended the community sale at Florin. He bought a fine robe and took it along and showed it to his girl that evening. He said to her: "Howja like dis robe." At first she thought he was drunk, but finally she said: "Great heavens, not here."

They tell me that during the recent eclipse a certain down town business man wanted to send a telegram and thought the office here should give him night letter rates.

Fred Snyder was at Harrisburg recently and when he came home he told his wife that it's a pity a fellow can't get drunk any more. She wanted to know why and he said: "Why then a fellow could see twice as much."

Some of the fellows down at Ben Goff's were talking about the pole vault at F. & M., when a certain dumb bell asked in which building they have it and what they use a vault for at College.

We had Mrs. Charlie Wealand out automobiling recently when she said a wind talked that was running to beat the cars. She asked me what it was and I told her that it was an electric fan which the farmers use to keep their cows cool.

She must have believed it as she came home and told her neighbors. One of the honest old maids in town told me that she said 'No'.

The Deputies For Vaccination Work

DR. ASHER F. SNYDER OF THIS BORO, NAMED BY STATE SECRETARY FOR THIS PLACE

Dr. C. H. Witmer, of Lancaster, County Medical Director has been notified by the State Secretary of Health, Dr. Charles H. Miner, that the following County Physicians have been appointed as official deputies to revaccinate free of charge school children who have undergone two or more unsuccessful attempts at vaccination against smallpox.

The appointees are: Dr. J. D. Hershey, Manheim; Dr. Asher Snyder, Mt. Joy; Dr. G. E. Helm, Quarryville; Dr. J. E. Hostetter, Gap, R. D. No. 1.

School children living in the rural districts who have been twice unsuccessfully vaccinated, or those who had been admitted to school last term on an official temporary certificate must be re-vaccinated by the County Medical Director, or one of the official Deputies, who will grant a temporary certificate which will admit them to school for the current school year. In Cities, Boroughs, or Townships of the first class having organized Boards of Health, this official revaccination must be performed by the Board of Health Physicians.

Teachers of school principals may not admit children the first day of school unless they present, or have already filed a certificate of successful vaccination, or in the case of unsuccessful results, a certificate of official temporary certificate, which must have been issued since July 1st of the present year. Temporary certificates issued during the previous school term are void. The State Secretary of Health states that teachers must absolutely observe this law the first day of school or be subject to prosecution by Department Inspectors.

It is of vital importance that every school child should be protected against smallpox by vaccination. The Pennsylvania law requiring successful vaccination for school attendance was enacted in 1895 and consequently the younger generation of native inhabitants is more universally vaccinated than in any other State of the Union, and the State has had the lowest smallpox record in the Union for a number of years. Of the 238 cases of smallpox in Pennsylvania for 1925, all but three of them have been on the western border of the State and in Philadelphia. The border cases have been traced to infections from the State of Ohio principally, where vaccination is not compulsory. Three cases reported from the Northeastern section of the State have been brought in from a neighboring state. Not a single case of smallpox has occurred in the central or interior sections of the State during 1925.

School inspectors are directed by the Secretary of Health to see that the vaccination law has been fully enforced by every teacher and to pass upon the validity of vaccination certificates filed. Teachers may not accept certificates issued by school physicians or by the school medical inspector examining pupils from other states because of alleged physical disability.

A World Record American Telephone and Telegraph Company, in the past two and a half years, through efforts of employees, has added 133,000 to largest list of corporate stockholders in the world.

Subscribers have taken nearly 1,000,000 shares, an average of seven shares each, and average price paid has been about \$125 a share. Total number of stockholders of American Telephone and Telegraph Company, exclusive of those holding associated company preferred and common stocks, and of employees' purchases not yet paid up, is 358,000. Of this number, 60,000 are Bell System employees, and \$95,000,000 in stocks of five associated operating companies have been sold on a similar basis. Grand total of Telephone security holders is 650,000.

urday and were compelled to stay all night on account of the storm. Mr. Dillinger had charge of the trains bringing in the guards.

N. N. Greiner, an employee in the signal department of the Pennsylvania R. R., this week had his arm badly lacerated while saving himself from a nasty fall, when his climber failed to take hold while he was descending a telegraph pole. The injury was dressed by a local physician.

Amos Haldeman, Cyrus Steiner, Ross Keller, Robert Keller, of this place, spent Sunday at Mt. Gretna and 895 guests of the Rev. Carl Vogt, of Strassburg, a member of Company A, 109th Infantry and Lieut. John P. Easby, of Philadelphia, of the 103rd Engineers Headquarters Company, in camp at that place. These men are veterans of the World War and greatly enjoyed the reunion with their former comrades.

In spite of the threatening weather, crowds thronged to camp-meeting here Sunday. Police were in charge of the grounds from early morning till late when the last automobile left. The opening service of prayer and praise in charge of the spiritual director, Rev. Eugene Harshberger, of Lancaster Ross Street M. E. church, was well attended and full of the old time enthusiasm that is seldom seen in this day. Rev. Harshberger ably delivered a short message of hope and encouragement and called for testimony which was responded to eagerly. At 10:30 a song service was held in charge of the music leader, Prof. E. A. Caselherr, of Philadelphia. He was assisted by the Columbia orchestra under the leadership of Prof. Harry F. Helmsom. This was followed by a sermon by Rev. Wilmer L. Amos, of Centenary church, Philadelphia. All the other services throughout the day were well rendered and largely attended.

WEAK, RUN-DOWN NERVOUS, DIZZY

Mrs. Lee Suffered From All These Troubles, but Lydia E. Pinkham's Vegetable Compound Made Her Well

Terre Haute, Indiana. "I was weak and run-down and in such a nervous condition that I could hardly do my work. I was tired all the time and dizzy, had no appetite and could not sleep. I tried different medicines for a year but they did not help me. Then my husband saw the ad. for Lydia E. Pinkham's Vegetable Compound in the newspapers and had me take it. I regained my strength and never felt better in my life. It completely restored me to health. I had practically no suffering when my baby boy was born and he is very strong and healthy. I know that the Vegetable Compound is the best medicine a woman can take before and after childbirth for health and strength. I would be willing to answer letters from women asking about the Vegetable Compound." Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all these troubles. For sale by druggists everywhere.
