The subscription lists of the Landville Vigil, the Florio News and the Mount Joy Star and News, were merged with that of the Mount Joy Bulletin, which makes this paper's ordinary weekly.

EDITORIAL

TYPHOID FEVER

We have had a few cases of typhoid fever in town. There is a cause for it—drinking impure water. We know that the water in Mt. Joy is pure. But the cases we now have can be traced to some wells. The persons having typhoid fever, in traveling over the country, drink water from many wells, and thus contract the disease. When you leave town, be sure to take a jug or bottle of water with you, and don't drink out of every well you pass.

FOR THE AUTO DRIVER

No man intentionally aims to injure others with his automobile because in doing so his own life or property may be harmed. Auto accidents are largely a matter of carelessness and thoughtlessness and for the most part preventable. To evade and avoid accidents and disaster one has only to exercise precaution and safety first measures.

Auto users need to bear in mind the rules of the road, the traffic laws and traffic signs. Pedestrians should be given the right of way. They are usually women, children and the aged and all of them get panicky. Drive only when you have all of your faculties about you and ready command. Give a wide berth to the dare-devil and the speedster.
Be a wreckless driver—not a reckless one.

THE PEDDLER PEST

Mount Joy seems to have become the mecca for the itinerant peddler. Their number and the variety of the wares offered seems to increase with the passing seasons. Their plea is many times based on falsehood, but they seem to "get by" or they would not be with us. The quality of the goods is generally open to question and purchasers many times are victimized. They have no recourse. Why householders are willing to take a chance with a smooth stranger is indeed a mystery. Money thus sent out of the community goes to build up the larger cities. Few seem to understand the folly of this. The well being and prosperity of the community as a whole are real moment to every resident. He prospers only as his neighbor prospers. The value of his residence or his farm increases with the prosperity of his community.

AUTO RUINS MANY

As conditions are beginning to readjust themselves, one is better able to financially measure many who have been going at high speed for some time. When one gets to the very bottom we find that the automobile has been the real cause of keeping many families with their "backs against the wall."
When times were good and everybody was working and was paid the high dollar, it was an easy matter to buy an automobile and "pay as you ride." But since conditions are not so peppy, there is a different appearance. Many who bought cars and are out of employment, were compelled to return the cars and lose what they had paid. Others are hanging on to their cars, meeting their arguments but some one else is suffering.
It's quite true the auto is a necessity but many people own cars who can't really afford them. This isn't a slap at any one but really it's the truth.

MASTERTONVILLE

Mrs. Fannie Ginder spent the week with her granddaughter, Mrs. Reuben Hummer, of near Ephrata.
Mr. and Mrs. Fred McPeck, of Brooklyn, New York, are spending some time with Professor and Mrs. Amos P. Geib.
