### Boro Council Met Last Evening

(From Page One)

purchase of some. With that point in view, samples and bids were invited from a number of manufacturers. Several representatives appeared before Council.

These bids were then opened: Murray Rubber Co., Trenton, N. J., \$1.25, \$1.10 and 90 cents per foot.

B. F. Goodrich Co., \$1.40, \$1.25 and \$1.15 per foot. Mr. Howard Garber, the local representative, volunteered to contribute 10 per cent of the purchase price, inasmuch as the hose was for the local company, Fabric Fire Hose Co., New York—\$1.40 and \$1.30 per foot. The representative of this company agreed to donate a shut-off nozzle to the Fire Company if his company received the order.

Upon motion 1,000 feet of hose was purchased from the Fabric Fire Hose Co. at \$1.30 per foot.

**Water Committee**  
Mr. Miller stated that coal are needed for the pumping station. The committee was instructed to get the bids on same.

**Finance Committee**  
Mr. Ross Eshleman reported the approval of all bills submitted.

**Light Committee**  
Mr. Miller stated that light No. 127 on Columbia Avenue is useless in its present location and recommended placing it nearer the middle of the street. He also recommended the placing of a new light at the intersection of Donegal Springs Road and West Donegal street. Both lights ordered placed as recommended.

**Pumping Engineer**  
Mr. Geo. Schatz reported having pumped 630,000 gallons of water by steam and 3,650,000 gallons by water during August.

**Chief Fire Dept.**  
Mr. Levi G. Dillinger reported one fire during the month, loss \$12,000. Starting a company is in need of more fire hose and shut-off nozzle.

**Board of Health**  
Secretary M. M. Leib reported no quarantines during August and suggested that the garbage on Henry street should be removed. Referred to supervisor Smeltzer.

**On Account of a Dog**  
Mr. George Neiss appeared before Council for information relative to the following: He stated that recently Mr. Noah J. Harmon's dog was run over and killed by an auto driven by Mr. Paul Alexander and that Mr. Harmon went to Mr. Alexander, told him that the dog was worth \$25 but he would accept \$15 in settlement. This amount Mr. Alexander paid to Mr. Harmon. The matter was discussed and while there was no action in the matter, the consensus of opinions was that a dog has no business on the highway and if killed, the owner is responsible.

**Treasurer's Report**  
Mr. Geo. B. Zeller reported a balance of \$3,898.69 in the Borough account; \$1,923.03 in the Water account and \$348 in the Interest account.

**Objects to Opening**  
Through a communication the Grey Iron Casting Company objected to the opening of a new street through their lands.

Upon motion an ordinance will be prepared for the opening of a proposed new street from Market to Walnut street.

**Tax Collector's Report**  
The report of Tax Collector T. M. Breneman was then read. He was exonerated from collecting taxes to the amount of \$39.

Mr. George B. Zeller stated that if the Borough would lay more sewer pipes near the property of Mr. Thos. J. Brown Jr., it would make a much larger dumping ground. Referred to the Street committee.

The bills were then paid and Council adjourned.

**120 MORE MILES HARD ROADS FOR PENNSYLVANIA**

Pennsylvania farmers and tourists now enjoy 120 miles more of Federal-aid highways than they did a year ago, according to the Sears-Roebuck Agricultural Foundation. This mileage, completed in the year ending June 30, cost a total of \$2,229,588, of which the federal government furnished \$2,107,329. Highway construction under this plan now under way in the state totals 529 miles, while the total mileage completed previous to last year was 729 miles.

This additional mileage, while a convenience to the tourist in the state, is a godsend to the farmer, according to the Foundation. It is estimated that each and every farmer in this section of the country averages 32 tons of farm products hauled to market and 14 tons of feed, fuel, fertilizer, machinery, supplies, etc., from town. When good roads make trucks feasible this is not very burdensome, but it represents a good many hours' labor where horses and poor roads must be used. And so while the tourist finds inter-city roads mighty comfortable, to the farmer a good serviceable road from his farm to the nearest market is a downright necessity.

The expansion of hard road systems both in this and other states in recent years has given the farmer an added inducement for going into business for himself, the Foundation states. That he has not been slow to take advantage of the opportunity is testified in the increasing number of roadside markets on the more frequented highways. Figures show that each of these markets take in fifteen to thirty dollars up to several hundred a day, varying with the locality, the preponderance of buyers being tourists driving through the vicinity. Some of these are nothing more than stands of simple board construction while the more pretentious are housed in buildings which may be locked after the day's or the season's business. The most successful of the markets are so placed as to have convenient parking facilities where prospective buyers may examine the articles of goods, which should be of good quality yet moderately priced and attractively displayed.

### Local Doings Around Florin

**ALL THE UP-TO-DATE HAPPENINGS FROM THAT THRIVING AND BUSY VILLAGE THE PAST WEEK**

Mr. John Weidman spent several days at Gettysburg.

Mr. Grant Herz spent several days at Cleveland, Ohio.

Mr. S. Nissly Gingrich has returned from a two weeks' trip to Florida.

Mr. Harry Musselman, of Harrisburg, was a Sunday visitor to his father.

Mr. and Mrs. Ed. Booth and daughter, Mildred, spent the weekend at Reading.

Mr. Earl Sheaffer left Monday for State College where he is enrolled as a student.

Mrs. Sarah Cox, of Harrisburg, is spending the week with Miss Frances Masterson.

Mr. Eli Shickley, of York, spent from Tuesday till Thursday with C. S. Wachstetter.

Messrs. Harry Wittke and Martin Nentwig, of Harrisburg, were Sunday visitors in our village.

Miss Mary Hershey left Monday for Troy, N. Y., where she will teach in the public schools.

Mr. and Mrs. John Groff and son, Wilbur, spent Sunday with Mr. and Mrs. John C. Dyer.

Mr. and Mrs. William Hassinger spent Sunday at Rheems with their daughter, Mrs. Ira Garber.

Mr. and Mrs. H. Roy Nissly arrived home Sunday after a two weeks' vacation in Havana, Cuba.

Miss Florence Hershey left Monday night for Cooperstown, N. Y., where she will teach in a school.

Mr. Roy Z. Hershey, of East Liberty, spent several days with his parents, Mr. and Mrs. Jacob N. Hershey.

Mr. and Mrs. Howard Shickley and son, Elsie Snyder and son, and Stella Wachstetter motored to Gettysburg on Saturday.

Howard Shickley and family and Mrs. Elsie Snyder and son have returned home after spending several days with C. S. Wachstetter.

Messrs. William Eichler, Martin Liggins, Martin Nentwig and Wiser Young witnessed the Athletic-Washington ball game at Philadelphia, Monday.

Henry F. Garber narrowly escaped being hit by an auto while crossing the highway at King's restaurant, when a Ford sedan from New Jersey was going west and to avoid hitting the Garber car, ran into a pole, completely wrecking the Ford car. There were three occupants in the car. They were not badly injured and were given a lift to Penn State.

**Their Golden Wedding**  
A golden wedding anniversary was held in honor of Mr. and Mrs. Monroe Sheaffer, at their home here on Sunday. Those present were: Mr. and Mrs. Monroe Sheaffer, Mr. and Mrs. Harry Sheaffer, Mr. and Mrs. William Sheaffer, Mr. and Mrs. Christian Sheaffer and daughters, Mary, Margaret and Ethel; Mr. and Mrs. Samuel Hershey, Mr. and Mrs. Roy Sheaffer and son, James, Mr. and Mrs. Joseph Hershey, all of Mount Joy; Mr. and Mrs. Oscar Newcomer, Salunga; Mr. and Mrs. Harry Flowers, Mrs. Anna Hershey, and Mrs. Elizabeth Neiman, of Lancaster; Mr. and Mrs. Joseph Booser, Mr. and Mrs. Harold Plank and daughter, Mabeline; Mrs. Mary Reichart, of Pottsville; Mr. and Mrs. Henry O. Gennert, Lebanon; Mr. and Mrs. Jacob Frey, Elizabethtown; Mrs. Thomas Sharp, Mr. and Mrs. Robert Yapple and daughter, Helen; of Marietta; Mr. and Mrs. Samuel Young and son, Wiser, Mr. and Mrs. Roy Forney, Miss Elizabeth Brubaker, Ralph Souders and Austin Anderson, of Florin.

### PENNSYLVANIA WHEAT PRODUCTION SETS RECORD

Pennsylvania farmers are harvesting this year one of the best winter wheat crops in the history of the State. The quality has never been better, and the estimated average yield is 20 bushels per acre, as compared to a 5-year average of 17.8 bushels. While the average yield in many of the wheat-growing counties is even greater, there is no previous record of a 20-bushel estimated State average, according to the Howard State Crop Reporting Service, Pennsylvania Department of Agriculture, Harrisburg.

The estimated total yield is 24,560,000 bushels, which is about 5,000,000 bushels greater than a year ago, slightly more than the 5-year average, and the highest total yield since 1919, when the acreage was 175,000 greater due to war demand.

In spite of the excellent average condition of the crop, there are still some counties where farmers are in need of further wheat improvement, according to George A. Stuart, grain marketing specialist. More attention should be given to the kind of wheat seeded, to the eradication of garlic and cockle, and to the treating of seed wheat for smut. In Lehigh County, for example, reports indicate considerable smut which is decreasing the value of the crop approximately 6 cents a bushel. Farmers are advised to get in touch with their County Agent in regard to treatment of seed wheat for smut. In Adams, Bucks, Chester, Cumberland, Delaware, Franklin and Montgomery Counties, the wheat still contains garlic, but not in such large amounts as in former years, due probably to planting garlic-free seed wheat.

Early threshing has been practiced in the Angoumois Moth infested area and records of receipts at terminal markets on 123 cars, about 123,000 bushels, show that not a single car was infested with the moth. However, farmers in the infested area who threshed late should fumigate all stored wheat to prevent damage by moth.

In New Zealand, after a recent heavy rain storm accompanied by heavy wind, the streets and gutters were filled with small fish that had been blown from the streams and water holes nearby.

Ohio Banks are offering 5 per cent on savings deposits as against a former rate of 4 per cent. Competition from building and loan associations is assigned as the cause.

### CUMBERLAND COUNTY HOLDS BARBERRY BEE

Pennsylvania farmers have started to clean out the common barberry, host to the wheat stem rust. Recently the first barberry eradication bee in the state was staged near Carlisle, in Cumberland county.

Here was found an area of 160 acres, into which barberry had escaped from domestic plantings. Around this area stem rust had been causing exceptionally heavy loss to wheat crops for several years.

The day before the one set for the bee a group of Girl Scouts, under the direction of the county agent and specialists of the Pennsylvania State College, tagged all the bushes to be destroyed. When the big day for the bee arrived, grain dealers donated 5,000 pounds of salt to be used in eradicating the barberries. Fifteen farmers came out for the bee and worked all day long. They applied the salt to 700 big bushes and to several thousand seedlings. These were thereby killed and removed as menaces to the wheat crop in spreading rust.

An entire new Grange county has just been organized in California, with several live subordinates and a Pomona organization, while a variety of Grange activities are being undertaken on an extensive scale.

**\$1.00 HARRISBURG**  
The State Capital AND RETURN  
Sunday, Sept. 27th

The magnificent Capitol Building will be open on this date at Harrisburg and at Elizabethtown an opportunity will be given to visit the commodious and beautiful Masonic Homes.
