The Produce and Live Stock Market

MARKETS FOR THE BULLETIN

MARKET: Moderately active. Beef steers compared with week ago better, grades steady, common and medium kinds weak to 25c lower, quality mostly plain. Top bulk \$7.50 to \$9.00. Fat heifers and bulls slow about steady. Cows weak to 50c lower, cheaper grades showing most decline. Stockers and feeders fairly active, better grades steady, common plain lightweights weak, top \$8.50, average weight 810 lbs., bulk of sales \$5.75 to \$7.00, run includes several leads good quality, Canadian Calves sharply lower, mostly 50c og.

HOGS: show a decline of about 50c for week.

RECEIPTS: for today's market: Cattle forty one cars: 19 Virginia; 5 Canada. 3 St. Paul; 3 Kentucky; 2 Tennessee; 2 Chicago; 2 Kansas City; 2 Penna.; 2 West Virginia; 1 St. Louis. 1 New York; containing 1222 head, 14 calves, 172 hogs. Receipts for week ending October 10, 1925: Cattle 330 cars; 23 Virginia; 7 Tennessee; 30 West Virginia; 18 Tennessee; 16 Canada. 13 Chicago; 12 Iowa; 11 New York; 7 Penna.; 4 Kansas City; 4 Buffalo; 4 St. Louis; 4 Kentucky; 3 Pittsburgh; 3 North Carolina. 2 Maryland; 2 Ohio; containing 9849 head, 265 calves, 1531 hogs, 64 sheep. Compared with week previous, Cattle 241 cars, containing 6638 head, 390 calves, 1072 hogs, 31 sheep.

Fancy Apples Steady

Fancy apples met a moderate demand on Philadelphia market this morning and sold at firm prices, according to the State and Federal Bureau of Markets, Pennsylvania. A 2 1/2 inch Jonathan brought \$5.00 per barrel, and a 3 inch Twenty Ounce \$6.00. Receipts of Pennsylvania apples were moderate in Baltimore and the market was dull. The demand and trading were slow with a 2 1/2 inch Winter Banas selling at \$1.50 per bushel, Grimes Golden at \$1.25 to \$1.40 and Jonathan at \$1.25 to \$1.50.

New Jersey corn, sweet potatoes string beans and lima beans were weaker. Fancy beets, carrots and lettuce were stronger. New York State peaches were more plentiful with some of the stock over ripe and soft, due to these conditions the market was weaker. Onions were also weaker with only fancy stock bringing top quotations. New York State lettuce was higher and in limited supply. The potato market was slow with prices lower. Pennsylvania U. S. No. 1 round whites in 150 pound sacks were quoted at \$3.25, while bulk stock brought \$1.90 to \$2.10 per hundred weight.

Onion Market Dull

Offerings of onions were moderate on the Philadelphia market this morning, according to State and Federal Bureau of Markets. The demand was slow, but fancy stock held at steady prices. The bulk of the offerings were of ordinary quality and sold at lower prices.

Potatoes were more plentiful and prices were generally lower, with U. S. No. 1 Round Whites selling at \$3.75 to \$3.85 per 150 pound sack. Bulk stock ranged from \$2.25 to \$2.50 per hundred weight. Supplies of Iceberg lettuce were heavier and the market weaker. Apples met a light demand and the market was dull with little change in prices.

Nearby produce was in liberal supply. Huckleberries were weaker, while cabbage, carrots, cauliflower and egg plants showed a weaker tendency. Tomatoes showed a wide range in quality and condition and a corresponding range in price. Offerings of lima beans were mostly of ordinary quality and the market was weaker. String beans continue to sell well at steady prices. Spinach was very plentiful, prices held steady with yesterday's decline.

Feed Markets Weak

The feed market continues weak and depressed. Feeds for prompt shipment are in liberal supply. Little interest is shown by buyers in deferred deliveries. Oil meals are easier as the result of lack of export demand and heavy production. Corn feeds steady at the recent reduction in prices. The demand is generally light.

Range of Prices:

STEERS	
Good to choice	\$9.50-11.50
Fair to good	8.25-9.50
Medium to fair	7.00-8.25

"KEYTOWN PLAN" HAS MANY FOLLOWERS

Found to Increase Sales in Many Territories That Were Formerly Covered by Personal Visits.

"One of the interesting and important developments in the use of the telephone," says The Telephone News, "is the extensive use by many business houses of the so-called 'keytown selling plan.'"

The article goes on to point out that through their territories, traveling salesmen lose nothing in personal contacts with their customers, while at the same time they acquire a surplus of spare time that can be used for increasing new business.

A salesman for a rubber company who works out of Pittsburgh, visits Altoona every three weeks, says the article. This man spends on an average of three days in the vicinity, making service calls on his customers. Through the "keytown plan," the first and second visits might be used in calling the Altoona customers by telephone, leaving the third trip for personal visits. In this way while the service element remains the same, there is much additional time gained for the solicitation of new business.

It is reported that the method is being used satisfactorily by many different lines of industry.

Public Supports Firebugs

The following editorial from the Portland, Oregon, Journal comments on a situation which is too common in practically every American city:

"Jurors can free guilty firebugs when they want to. But the public pays.

"Eight separate fires were started in a house in Portland. The fire bureau was quick on the scene and put out the blaze in time to have a full view of the tracks of the firebug.

"The furniture was soaked with coal oil. Furniture that the owner paid \$137 for was insured for \$1200.

"In a Portland lodging house there were two fires within 35 days. Papers and shavings piled on the floor and stuffed in chimneys, and oil-soaked rags near the remains of a burned candle were found in the rooms. Insurance of \$1500 was carried on the contents, which had been offered for sale for \$450 without a buyer.

"A store building was burned March 21. Insurance of \$450 was carried on the contents. The arson squad says there were no contents in the building.

"Arson has become an industry in Portland. Juries don't convict. A cafeteria was burned for the insurance. One of the owners said he 'burned it to get the insurance. He saturated a mop with coal oil, attached a short candle, lighted the candle and left the place. The first jury hung. The confessions of both owners were before it, but it disagreed.

"The jury at the second trial convicted, but recommended parole. And the judge granted it. If juries and courts don't punish firebugs, of course the business of burning and collecting the insurance will go on.

"And a lot of people think it all right in the belief that the insurance companies pay. But where do the companies get the money? They don't pay one cent of their own money for these incendiary or other fires. They pay with the money that the insured pay in premiums.

"The home owner pays. The merchant pays. The industrial plant pays. The owner of every kind of property insured against fire pays. It goes out of their pockets in higher rates, and they may not realize it, but they do all the paying for every fire.

"And that isn't the worst. As if there were not enough crime, the system of incendiary fires is making more and more criminals. Every firebug is a crook. Every new firebug is a new crook. And new crooks are being made all the time by the laxity of insurance agents in over-insuring property and by the gross and glaring failures of juries and judges to sense the viciousness and criminality of burning property to get the insurance."

Happenings at E'town College

A very interesting and high class lecture course is completed. Full particulars of the same will be given next week. The friends of the college will be glad to know that two numbers of last year's course have been secured.

Dr. Ott will be here in February and the Newell Concert Company that was so delightfully received last year, will be here on December 7th. The opening number will be November 6th, the Vernon Quintet. Dr. Ambrose comes in January with a remarkable lecture describing the latest achievements in the electrical field.

Explaining the radio, and its uses together with many other remarkable electrical features. On January 29th, a most unique feature will be the Lincoln Lecture. This will be given by Dr. Caswell, of Brooklyn, who bears a marked resemblance to the martyred president. In March the Welch Quartet will give their delightful musical program. You will notice that the course contains three musical numbers and three lecture numbers. A more complete description is promised next week.

The Friday evening social in the dining room was a successful feature of events and was enjoyed by all who attended.

The illustrated lecture on Palestine, given by Reverend J. F. Knittle, on Saturday evening in the College Chapel was attended by a very appreciative audience. The pictures portrayed the life and times of the people at the present time as well as the history and scenes of the sacred places in the Holy Land.

The Faculty Quartet rendered a program in the Fairview Church of the Brethren, on Saturday evening, October 3rd.

President H. K. Ober filled three church appointments in Shamokin, on Sunday, October 4th. In the morning, he preached a sermon on "A Call to Sainthood." In the afternoon, he delivered his lecture on "Child Rights" to a very large and appreciative audience at a Rally Day program. In the evening he delivered a sermon on the subject of "Walking with God."

The Keystone Literary Society will render a public program in the College Chapel on Friday evening, October 17th.

The Athletic activities are making a gradual transition. Soccer and Volley Ball are taking the place of Baseball and Tennis. Interesting matches in the tennis tournaments are scheduled to be played this week. There will also probably be a tournament between the Faculty and the Students.

Professor A. P. Wenger preached in the Mechanics Grove Church of the Brethren on Sunday forenoon, October 4th.

The Brother Boys who have won favor and renown at singings will render a public program in the College Chapel on Saturday evening, October 17th. The general public is invited. There will be no admission charge.

GET AT THE CAUSE!

Many Mount Joy Folks Are Showing How to Avoid Needless Suffering

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Mount Joy people. Profit by this Mount Joy resident's experience.

C. H. Metzler, mechanic, 49 West Main St., says: "I wasn't feeling any too good and the trouble was all with my kidneys. In the first place they were put out of order by a cold. My kidneys were not only sore, but they were sluggish, too, which resulted in the kidney secretions passing too seldom. At times when I did any stooping, a sharp pain ran through my back. A short use of Doan's Pills brought good results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy, get Doan's Pills—the same that Mr. Metzler had. Foster-Milburn Company, Mfrs., Buffalo, N. Y.

Veterans of the "Line"

Philadelphia.—R. H. White, District Superintendent of Maintenance in Germantown, has recently completed 25 years of service with the Bell Telephone Company of Pennsylvania.

You may as well try to conduct your business without capital as to try and get along without advertising. There's no use, it won't go. All the leading and most successful merchants use the columns of the Mount Joy Bulletin.
