Law Regulates All Butchering

FARMERS MUST DRESS ANIMALS FOR SALE UNDER CLEAN, HEALTHY CONDITIONS

The State law regulating the slaughtering of animals for food purposes applies to the farmer who butchers for sale during the winter months the same as to the man who makes a year-round business of it. Misunderstanding of the application of the law to farmers is evident from reports reaching the Bureau of Animal Industry, State Department of Agriculture. In some cases, farmers bringing their butchered products to meat dealers in town have been told that by the provisions of the law, dealers were not allowed to purchase farm slaughtered animals that were not inspected before sale. The law does not require that carcasses resulting from farm butchering be inspected before sale, states Dr. T. E. Munce, State Veterinarian. The law does require, however, that the farm slaughtered animals be in healthy condition and then dressed and handled under clean and sanitary conditions. If the butchering is done under filthy conditions, the meat may be condemned as contaminated and the farmer subject to prosecution. The principle which the state seeks to enforce at all times is that the occasional farm butcher, as other butchers, shall dress the animals in a clean place and protect the dressed meat from contamination until delivered to the retailer or consumer.

A Very Busy Man

The writer called on our local taxidermist, Mr. N. J. Harmon, on Poplar street, last Wednesday and found him a very busy man. Mr. Harmon is a telegraph operator on the Pennsylvania Railroad, working his eight-hour trick regularly at the tower at Landisville. During his spare moments he is engaged as a taxidermist and Wednesday he said he had sixty-three ring-neck pheasants to mount in addition to some quails, quail, pheasants, and other birds and animals. He has so much business just now that he is sending some of it out to other taxidermists, who will assist him.

Workman Injured

Amos Graybill, of Kinderhook, was slightly injured last Wednesday when he was buried waist deep in dirt and stone while helping to dig out an abutment of an old bridge at Ironville. As the slide occurred, other workmen managed to jump clear, but Graybill was caught. He was dug out by his fellow workmen.

This was done immediately and Mrs. Tracey left the Court room a free woman. She left the room unaccompanied. Mrs. Tracey was formally charged with the murder of her child on November 5th. ALL ALCOHOLIC PERMITS ARE TO BE REVOKED

Two powerful blows were struck at prohibition law violators by Federal officials Wednesday. At the Capital, Treasury officials cancelled, effective December 31, every outstanding alcohol permit issued under the Federal prohibition law. At the same time investigations were ordered to determine if present permits should be revoked. The action inaugurates the year-to-year system of granting permits, instead of the continuing one, previously in effect.

LOCAL MAN'S MILK TRUCK DAMAGED BY COLLISION

The milk truck of Ezra Ney, of near town, was upset and damaged Saturday morning at 5 o'clock on the Lincoln Highway, between Mountville and the overgrown road, when an automobile driven by S. James Phillips, of Williamsport, collided with it. No one was reported to be injured but the milk truck had left front wheel torn off. Considerable milk was spilled.

Seeks Divorce

MAKING AN EFFORT TO BEAUTIFY MOUNT JOY

Within the past year a new way of displaying American flags was introduced in many cities throughout the country. Wherever flags are used for decorating along streets for parade or other purposes, they are displayed from every convenient point on buildings. The new method is to place a small iron receptacle in the sidewalk along the curb. Into these receptacles are placed the flags, they being uniformly distributed about the streets. Mr. Jno. Tyson is now canvassing the town in an effort to have this method of flag decoration inaugurated here. He sells the flags and installs the receptacles.

Three Guilty In Garage Case

LOCAL YOUNG MEN ACCUSED OF FELONIOUSLY ENTERING ELIZABETHTOWN PLACE

Ralph Bair, Arthur Wendel and Fred Hammel, all of Lancaster, were placed on trial before Judge Hassler on the charge of feloniously entering the garage of J. H. Garber, at Elizabethtown, on the night of October 9, last. Bair was shot in the breast by the night watchman, John Estebach, and when admitted to St. Joseph's hospital gave the name of Robert Clayton, and said he had been playing cards at the Oaks Club, on South Christian St., Lancaster. His companions gave fictitious names at the hospital, one being John King and the other, John Ness.

They Were Found Guilty

Estebach testified to the men coming to the garage in an automobile on this night. He was on the second floor of the building and when he heard the men he went down and later fired a shot at Bair, whom he identified. The bullet struck Bair in the left breast. Estebach also identified Wendel.

Dr. Howard, of St. Joseph's hospital, testified to taking a 32-caliber bullet from Bair's left breast. The bullet had entered about the third rib and took an upward and downward course and was removed from under the skin near the shoulder blade. He testified to finding a fictitious name for himself as well as for his companions. Miss Posten, a nurse at the hospital, corroborated Dr. Howard in his testimony. The jury found them guilty after deliberating but a short time.

TWO MEN WANTED ON THREE CHARGES

Oreville Schwanger and Robert Scavenger, of near Elizabethtown, are charged before Alderman Burkart by Mrs. S. E. Brosey of 206 East Fulton street, Lancaster, with trespassing, assault and battery, and disorderly conduct. Constable Douthick arrested Oreville Schwanger Thursday at Elizabethtown and he gave \$900 bail for a hearing this afternoon at 3 o'clock. Robert was not arrested as he was in Harrisburg but the warrant will be sent there for him by Alderman Burkart. On Tuesday the Schwangers were taken to the Brosey home and demanded that the grand jury ignore the bill against them. The grand jury made their return shortly before court adjourned at 5:30 o'clock and immediately afterward Assistant District Attorney Hosterman asked the Court that they be discharged. This was done immediately and Mrs. Brosey left the Court room a free woman. She left the room unaccompanied. Mrs. Brosey was formally charged with the murder of her child on November 5th. Young Man Here Commits Suicide

IVAN B. TROUPE, AGED 21, SHOOT HIMSELF AT THE HOME OF HIS SISTER ON WEST DONEGAL STREET

The grim law was cheated of its prey late last Wednesday afternoon when Ivan B. Troupe, 21 years, of this place, chose death by his own hand rather than submit to arrest by a waiting constable. Troupe, who lived with his sister, Mrs. Phares White, of 205 West Donegal street, blew out his brains with a shotgun after telling Constable George Vogel, of Florin, to wait until he procured his coat from the second floor of his home.

Found Unconscious

Constable Vogel was with a warrant issued by Squire C. C. Hicks, of Maytown, charging larceny of a razor, called at the White home about 4:30 o'clock and informed Troupe that he was under arrest. Troupe gave the excuse and went to his room, a loud report being heard (From page 4.)

SOMETHING FOR OUR "HUSKY" FARMERS TO THINK ABOUT

The following report comes from Burgess, Ill., and is a record some of our farmers can aim at. Elmer Williams, 35, Toulon, Stark county, and Walter Olson, of Knox county, won first and second place in a contest against seven huskers, champions of Nebraska, Iowa, Indiana and Minnesota. Williams, using an old fashioned peg and working bare handed, husked 2,504.3 pounds and Olson 2,412.6 pounds in an hour and 20 minutes. J. Sudick, Nebraska, was third.

While cheering delegations waded through the ankle-deep mud in the contest field on the Cole farm near Burgess, Ill., the champion peeled the coverings from 2,600 pounds of corn, but deductions were made for 28 1/2 pounds of gleanings and 4 1/2 ounces of husks.

LEG FRACTURED WHEN HIT BY AUTOMOBILE

A fractured leg was received by Thomas Ziebig, of Steelton, when he was knocked down by the automobile of Henry E. Breneman, on the outskirts of Landisville, at 9:30 o'clock last night. Ziebig was taken to St. Joseph's hospital by Breneman. The driver of the machine said that he was blinded by another machine's lights.

Marietta Men Free of Charge

COURT ORDERS CASE DISMISSED WHERE ACCUSED OF TRANSPORTING ILLEGAL BEER

For lack of evidence, the Court ordered the charges against Louis Clinton, Harry D. Hooper, Joseph Reff and Paul Ray, all of Marietta, indicted for illegal possession and transportation of liquor, were dismissed. Joseph V. Ziegler, also of Marietta, stood trial on a similar charge, and was acquitted. W. C. Davis testified that the men had entered a box car on the night of October 30, owned by Ziegler, were found by the State police at Marietta Junction. Sergeant Kauffman and Officer W. C. Davis testified that the men had entered a box car on the night of October 30, containing 101 barrels of beer. Three barrels were said to be found in one of the trucks. A bottle containing traces of liquor was found in the touring car. The court ruled that the Commonwealth failed to identify the evidence properly and refused to allow tests submitted as to the contents of the beer.

In the case of Ziegler, the defendant denied ownership or even knowledge of the whisky in his car. The case was referred to John E. Malone, a member of the Lancaster Bar, testified as to his good character and reputation. The defendant is engaged in the ice and hardware business and did not know that his truck was being used by the other Marietta men under his license, he asserted. The jury returned a verdict of not guilty and imposed the costs on the defendant.

How You Can Burn Bituminous Coal

IT CAN BE DONE SUCCESSFULLY AND ECONOMICALLY IF YOU FOLLOW THESE INSTRUCTIONS

Certainly you can burn bituminous coal and do it successfully and economically if you follow these instructions. Try it and follow these instructions carefully. They are compiled for your information by Mr. Clarence Schock, one of our extensive local coal dealers:

1. Bituminous coal requires more draft and attention than anthracite or coke.
2. Start fire in usual way with paper, wood and coal. Always be fore opening fire door, make sure that draft of chimney is fully open to offset any possibility of smoke coming out fire door if fire is very hot. Build the fire up to 10 or 12 inches thickness regularly when putting coal on. Once the fire is started, care should be exercised (Turn to Page 4.)

TWO ORDINANCES PASSED ON SECOND READING—ONE TRIAL SIGNAL LIGHT WAS PURCHASED

Mount Joy Boro Council met in special session Monday evening with President E. W. Garber, Messrs. S. F. Eschleman, S. H. Miller, E. M. Barto, and Burgess J. A. Bachman present. Council is considering the installing of three signal lights on Main street for the regulation of traffic on this thoroughfare. Two systems were explained to Council, the one at a cost of \$1225 and the other at \$525. This price did not include installation. After discussing the matter, a trial light was purchased to be placed at the corner of Main and Market streets. This light will be operated automatically and can be placed at any point on Main street with given more time for passing this point than will the traffic moving across Main street on Market.

The manufacturers agreed to ship the light in ten days and it will be installed immediately. The light is of the overhead type and will be suspended in the center of the square at the above point. If it proves satisfactory, additional lights will be placed on Main street at New Haven and Barbara streets.

Passed Second Reading The ordinance widening South alley and also the one providing for an extension of N. street were then read. Both passed second reading.
